Secretary to the President

We who sign this are wholeheartedly with you in your effort to save

the victims of Hitler's terror in Europe. You have not only our support
but the support of most Americans if you could open additional camps
which Hitler's victims could find temporary asylum in this country.

Dear Mr President:

It is hoped that thousands of other people have signed their names to create other "free ports" and camps.

Although it has probably been suggested to you by this time, may we say that it is possible some of these refugees could work on farms, as we are so short of farm labor.
