British Gold and Dollar Assets:

United Kingdom's available dollar exchange assets in US are $1.775 billion as of January 1, 1941 - 1/16/41. 17: 68-95

a) Figure furnished by British Treasury represents assets in gold or American dollars - only two media most countries are willing to accept - 1/16/41. 17: 74
British Gold and Dollar Assets:

b) Britain estimates they have $1.3 billion in "direct investments and miscellaneous" and $1.2 billion in American securities of which latter they have sold $335 million; leaving approximately $613 million assets in US - 1/16/41... 17: 75-80

1. Figures given HMJr by British Treasury have always been accurate.
British Gold and Dollar Assets:

c) Dominions of British Empire such as Canada, Australia, India, etc. all have their own war purchasing and dollar problems, so Great Britain cannot compel them to help the United Kingdom - 1/16/41. "Off the record", HMJr explains that Britain's political situation is comparable to any ordinary "family relationship" - there are good risks and there are bad ones.
British Gold and Dollar Assets:

d) Gold included in British statement is all gold available from every source, including their $2 billion stabilization fund, but cannot include gold earmarked for other countries - 1/16/41.............. 17: 90-95

1. $1 billion in goods sold in US and $1 billion gold shipped to US which composed their Equalization Fund; this practically used up to pay for
British Gold and Dollar Assets:

d) 1. materials, armaments, plant expansions, advance payments, etc., purchased by British Purchasing Mission; also to meet payments for other expenses and commitments.

2. Very little, if any, of fund left, as result.
British Investments in U. S:

Investment trusts called on HMJr and offered to make their facilities available to purchase direct investments held by United Kingdom in US to aid Lend-Lease program - 1/13/41...................... 17: 44-60

a) HMJr asked SEC to investigate matter; groups passed on by SEC before seeing HMJr; many willing - 1/13/41...................... " 45

b) Sir Frederick Phillips (Under Secretary, British Treasury) so informed by HMJr - 1/13/41....... " 46-47
British Investments in US:

c) Securities to be so purchased are American properties such as real estate, factories, etc., not those listed on exchanges, which sell fast enough - 1/13/41...

d) Funds from sales will be used for payment of present US contracts - 1/13/41...

e) Possibility of British putting up collateral against loans is being explored - 1/13/41...
British Investments in US:

HMJr feels Great Britain is making sincere effort to meet contracts and payments falling due on purchases made prior to March 15; to assist them, RFC made loan to Brown & Williamson Tobacco Company of $25 million, to provide funds for British-American Tobacco Company, who in turn convert US dollars into sterling obligations - 4/17/41.

a) Transaction similar to Viscose Company but each company will be acted on individually as requests are made - 4/17/41.
British Investments in US:
b) Another instance of helping Britain meet obligations was purchase of $130 million gold in South Africa, for which Navy cruiser was sent - 4/17/41.

c) British showing absolutely good faith and going limit to raise money - 4/17/41.
British Investments in US:
HMJr denies current report that US will take over all British war material orders, now unfilled, pay for them, and turn them over to British under Lend-Lease program - 3/13/41.  

a) Only two exceptions are:
   1. Where British have made down payment of 20%-25% on war plant contracts, RFC will take these over.
Lend-Lease - (#11)

British Investments in US:

2. Army will take over contracts for war materials in which they are interested, such as powder factory in Tennessee - 3/13/41. 17: 272-74

b) Such contracts so taken over will run about 20%-25% of total present contracts or approximately $300-350 million in value if all are taken up - 3/13/41. .................. 274-78

c) RFC or Army would pay manufacturer amount of British cash deposit and manufacturer would refund payment to British - 3/13/41. ................. 277-78

Lend-Lease - (#1)

British Investments in US:
Due to slump in stock market in last few months, British, though willing to sell their investments, have been unable to get fair prices; to assist them to obtain dollars with which to meet obligations promptly, Congress has authorized RFC to make loan - 6/26/41.

a) Sir Edward Peacock informed HMJr he and his government were entirely satisfied with sale of Viscose Company - 6/26/41.
Lend-Lease - (#2)

British Investments in US:

1. Viscose deal not basis for making loan to Britain.

b) As of December 31, 1940, British contracts in US were about $1.3 billion, running into 1942 - 6/26/41.

18: 193-202

18: 200-02

c) When market is right and investments can be liquidated without sacrifice, these funds will be used to repay RFC - 6/26/41.
