MR-OUT-170
14 February 1945

FROM: COLONEL BOETTIGER
TO: THE PRESIDENT

Never have I seen such overwhelming praise for anything as for your achievements at Yalta. It has even swept the enemies off their feet, and I mean American enemies as well as the Nazis and Japs.

Our hats are off to you. Tell Secretary Early the papers did a magnificent job and congratulate him for me. And a world of orchids to you. Love to you and Mrs. Boettiger and the best of everything to your talented colleagues.

FROM: HARRY A. BUTCHER
TO: MR. HARRY HOPKINS

Would appreciate any information you can give relative reciprocity for correspondents in Berlin.

Tell Early we are awaiting him with open arms and if he will advise when and where he will arrive we will meet him appropriately.
FROM: AMBASSADOR GAFFERY
TO: THE PRESIDENT

De Gaulle, as I reported in my S78665 of 12 February, received my British and Russian colleagues and me frigidly last night. The communiqué appeared in the press this morning. He sent for me this afternoon and said that for a list of reasons he enumerated (none of them important enough) he could not leave Paris unfortunately at this juncture. Algiers is far away, etc, etc.

I have reminded Bidault that De Gaulle had said only recently he would be glad to meet the President. Bidault said in effect, "Yes, I know he did. I have been doing everything to make him go but you don't know how stubborn he is and he has changed his mind and won't go."

I believe De Gaulle expected a bigger role for himself out of the communiqué.

Should I proceed to meet you anyhow?

From President

Press comment almost unanimously favourable.

NEW YORK TIMES says agreements reached "justify and surpass most of the hopes placed on this fateful meeting." Calls reaffirmation of Atlantic Charter perhaps most important point.

HERALD TRIBUNE: "Conference has produced another great proof of Allied unity, strength and power of decision." Also praises reaffirmation of Charter.

WASHINGTON POST: "President is to be congratulated on his part in this all-encompassing achievement."

BALTIMORE SUN: "Decisions justify high hopes for the future."

PM: "Communique is all that the people of the U.S. could have hoped for. It is also all that the rulers of the Axis feared."

Vandenberg terms announcement by far the best issued from any major conference. Says it reaffirms basic principles of justice and undertakes for first time to complement them by direct action.

Herbert Hoover: "It will offer a great hope to the world."

On radio, William Shirer calls communique landmark in human history.

Kaltenborn says, "A complete success."

Raymond Gram Swing: "For America, no more appropriate news could be conceived to celebrate the birthday of Abraham Lincoln."

Only mildly dissenting voices so far: David Lawrence, William Phillips Simms, and WASHINGTON NEWS.

Have just received wire from Grew that Department has already obtained consent of Chinese Government to our proposals. Consultation with French was begun immediately but there has as yet been on final reply from them.

Hope to send a statement to you extremely soon but it should have been released on President's birthday.

Burley
Barkley asked me to transmit following:

Dear Mr. President:

Accept my sincere felicitations upon the historic joint statement released today. I had it read to the Senate immediately upon release and it made a profound impression. White, minority leader, joined me in the expressions of commendation and satisfaction on the floor of the Senate. I regard it as one of the most important steps ever taken to promote peace and happiness in the world.

While no doubt a coincidence, it was extremely appropriate that it should have been released on Lincoln's Birthday.

It has been suggested that if the President and his staff and the Prime Minister and his staff could visit Delhi and invite Chiang Kai-shek and his staff to meet them there it would be a great morale builder in this theater. It would also afford an opportunity to clarify policies and strategy. Delhi is suggested rather than any place in China for two reasons: security and accommodations. A meeting at Delhi would probably make unnecessary Wedemeyer's proposed conference at Washington. If there is possibility of such arrangement please advise me earliest convenience. If the Delhi meeting could be arranged please advise me at your earliest convenience if there is possibility of such an arrangement.

Re your message (MR-IN-43) February 6 regarding gifts for the two personalities. The Minister at Cairo after consultation with General Giles recommends that fitting gift for Farouk would be C-47 aircraft and that a gift of two jeeps (one quarter-ton truck) would be appreciated by Emperor of Ethiopia. If these suggestions are agreeable to you will you please inform Cairo direct. On the assumption that the suggestions will be agreeable, the War Dept has sent full instructions to General Giles so that he may make necessary arrangements in Cairo.

OSS representative in Berne reports following 8 February: Neurath just returned from meeting with Kesselring. He did not then get impression of plans for immediate withdrawal and apparently even high German officials in Italy are somewhat surprised that bulk of reinforcements for Eastern Front coming from west rather than south.

He felt possible explanation of German Army in Italy being kept largely intact as eventual protection for southern flank of German inner fortress based on Bavarian Austrian Alps. One of my agents does report certain withdrawals.

Kesselring saw Rundstedt recently and the two are on friendly terms, but according to Neurath neither is yet ready to come over to us. Neurath discussed with Kesselring the Free Germany Committee. Kesselring indicated Seydlitz had little prestige with Army but on contrary if Paulus agreed to form government this might have substantial effect on Wehrmacht. Neurath has contact with General Westfal but was advised by Kesselring not to try to see him immediately in view of suspicion such a trip might occasion.

Reference Admiral Brown's 071812 to U.S.S. QUINCY. Acting on State Department's #330 of February 6, which clearly stated that King Farouk would be expected aboard at 1100 on one of the days of the President's visit and should remain for lunch, an invitation in this sense was issued and has been accepted.

Inasmuch as the invitation to luncheon has been issued to King Farouk and has been accepted, I feel that a change of plans would not be understood by him and might create an unfortunate reaction.

The King understands that he is to leave the ship immediately after an early luncheon in view of the afternoon visit of the Emperor of Ethiopia. I strongly recommend that the luncheon invitation stand.

Please confirm it.

NOTE: At request of originator, the Map Room has furnished copy of above message to the State Department.

With respect to Admiral Brown's dispatch of 7 February to the QUINCY, the State Department's #330 of 6 February clearly stated that King Farouk would be expected aboard at 1100 and remain for lunch on one of the days of the President's visit, and acting on this an invitation was issued and accepted.

In view of these facts, I feel that a change of plans would not be understood and might create an unfortunate reaction.

I strongly recommend that the luncheon invitation stand, and should appreciate a confirmation of it. The King understands that, in view of the afternoon visit by Haile Selassie, he is to leave the ship immediately after an early luncheon.
