**TEXT**

Recent enemy submarine activities in this sector resulting in loss or damage eight merchant ships indicates use of at least two large submarines painted black with high bow and streamlined forward flared conning tower. Two short 4 or 5 inch deck guns one forward and one aft close conning tower, also several heavy machine guns about 1 inch with tracer. Surface speed seventeen knots. Attacks made at night after following and overtaking victim. No warnings. Lifeboats machine gunned. Smaller submarine painted gray with high bow and one deck gun forward sometimes operates with one larger one definitely seen together. Appear possess accurate knowledge. Vessel movements staying well off if armed but closing at once if unarmed. Torpedoes when used fired close range. Survivors one vessel report sub crew spoke excellent English. Orders given in English, mostly German, but Italian accent noted. Shelling methodically planned first gun crew, then radio rudder crews quarter. Torpedoes engine room. Info COM 10, CINCLANT, ANTI-SUB UNIT AT COM 1
