USFOR LONDON ENGLAND

Number R-5834

For transmission to General Eisenhower (repeat to Dakar).

- the British Embassy has shown us a telegram which was despatched by Mister Eden to Mister Mac Millan at Algiers, on February 6, the same day as your BOC 54 (9370). To Eisenhower, Freedom Algiers, COB 49, from the Combined Chiefs of Staff, for NAEB, Attention Murphy. The substance of this British telegram was to instruct Mister Mac Millan to accept the proposal of Admiral Glassford contained in his 252000 of January 25 (as modified by the departments unnumbered of February 2) for an informal joint Angle American group to be set up at Dakar under the jurisdiction of the respective consuls, which joint group would act within the framework of the principles and policies established by NAEB.
- By RHP, NLR, Date APR 8
- 2. We have discussed the Dakar organization with Rosenthal who has explained the reasons underlying the joint recommendations of the British and American missions which were made by Admiral Glassford. As a result of his explanation The Department agrees that for the time being at least AOF economic matters should be handled by a more or less informal Anglo American group at Dakar and that previous suggestions made by The Department for a formal economic board established there as a subsidiary to NAEB seem premature. On the other hand, the joint recommendations transmitted by Admiral Glassford recognize that the operations of the informal joint group at Dakar shall be within the framework of the principles and policies established by NAEB, and this appears to meet your point, which was emphasized by Rosenthal, as to the policy of integration referred to in your BOC 54. Accordingly it is suggested that the organization be as follows: (1) An informal joint group established as Dakar in accordance with Admiral Glassfords 252000 of January 25. This informal group would act locally in AOF matters, necessarily with a large measure of autonomy,

but within the framework of the principles and policies established by NAEB. (2) The relation of the informal group to NAEB and the extent of the supervision of NAEB over the informal group would be as contained in Admiral Glassfords 252000. (3) The local joint group would send all telegrams to Algiers, London and Washington. Instructions on matters of policy from London and Washington would be transmitted through the NAEB (repeated to Dakar for their information subject to confirmation from NAEB), but it is felt that, for reasons of administrative convenience, Washington and London should communicate directly with Dakar on matters involving information and local operations, repeating of course to Algiers.

From: To: Algiers WAR-USFOR

No. 9370, February 6, 1943

At a meeting of NAEB Thursday the status of economic matters in AOF was discussed in the light of State Departments 139 of January 25 and unnumbered of February 2 and Admiral Glassfords NCR 4072 of January 25 rpt WAR action Combined Boards and relay information Dakar. Information USFOR British Chiefs of Staff signed Eisenhower cite FHAEB Mruphy, BOC 54. Developments Sincemy 3575 of December 30 have confirmed by view that economic matters in AOF should be integrated with North Africa under general supervision of NAEB. The fundamental fact is that the French administration there and in Dakar has established policy of integration and our failure to parallel their method of dealing with AOF to such extent as is practicable would not only make for administrative confusion but would carry political implications which I am anxious to avoid. My recommendation is as follows:

- 1. A combined economic board will be set up by NAEB at Dakar composed of British and American economic and other technical personnel. This local board will act locally in AOF necessarily with a large measure of autonomy as indicated in 2 and 3 below but within the framework of principles and policies established by NAEB.
- 2. The relationship of the local board to MAEB and the extent of supervision of NAEB

over the local board would be as set forth in the recommendations contained in Admiral Glassfords NCR 4072 except that a chairman would be appointed in the manner specified in section 2nd of Departments 139.

- 3. This local board would advise Washington and London directly as well as NAEB of action taken. I feel that for administrative reasons and in order to avoid dual responsibility of the local board action of CCNA and combined boards affecting AOF should be communicated to NAEB for transmission to local board.
- Personnel of the local board would consist in the first instance of the British Economic Mission now at Dakar and temporary American personnel which will be sent to Dakar from Algiers shortly. Permanent American personnel will be the subject of a later wire. Please advise whether this summary of the procedure suggested by the various cables referred to is satisfactory. Slater of War Shipping Administration stated at NAEB meeting that instructions to British and American shipping representatives in Algiers place in NASBO responsibility for coordination of shipping in AOF as well as North Africa. He recommends that the shipping situation likewise be clarified and that definite instructions be given to all concerned. Referring to Departments 139 section 3rd no communications have been sent to Admiral Glassford on economic matters; section 5th no agreement was reached on January 4 as stated in Dakars 17 of January 15th. Cables apparently referred to discussions in regard to the general terms of the export arrangements which are now being embodied in a memorandum text of which will be cabled

One. Early last month we renewed our invitation of last Spring to the Soviet Government that a military Mission should visit Libyan Front. As yet we have NOT received Russian acceptance although they have promised an early reply. Invitation did NOT include TUNISIA. We agreed that use of wireless would be permitted but that only high grade ciphers should be used.

Two. Since invitation was made situation has changed in North Africa in that Eight Army will shortly be lighting in Tunisia under your command.

Three. If Soviet Government signify their asceptance which is by NO means certain would you be represented to permit the Soviet Mission to visit Tunisia. If the might be possible to restrict visit to Eighth Army but anticipate difficulties as Mission once in Tunisia will assuredly demand to visit other fronts.

Four. We attach great importance to this mission and should therefore be most grateful if you can accept them in Tunisia. We would of course make all the necessary arrangements in conjunction with your Headquarters.

February 2, 1943

PREEDOM, ALGIERS

Number 1728

January 25th to Dakar and to Admiral Glassfords NCR 4072, January 25. Please telegraph to the department any proposed instructions by NAEB as to the structure of the Combined Anglo-American Economic Board to be established at Dakar. (To Eisenhower for Murphy through WDGBI signed Ulio from Hull) hame sent to Bakar as state number 36, 8PM. The department believes that any such instruction should provide that the Combined Economic Board at Dakar should send all cables of Economic matters simultaneously both to NAEB and to Washington and London since the department believes that economic matters under the jurisdiction of the Combined Economic Board at Dakar should be subject to instructions from the department acting through CCNA (That is the Combined Committee under State Department Chairmanship of interested US and British Agencies which meets daily in Washington to consider North and West African economic matters) and where necessary the Committee of the Combined Boards.

the Civil Department of the board as follows. 1. Procurement and Development, responsible for purchases of commodities and their exportation or other disposition the development of local resources and economic intelligence work with Rosenthal and Chief. 2. Import, responsible for information and distribution of goods for civilian use with Short as Chief, 3. Financial and Control, responsible for monetary fiscal exchange control and trading with the enemy matters and matters re-lating to control of undesirable local commercial and financial transactions with Bernstein as Chief.
4. Public Health and Relief including Importation and Distribution of goods for medical and relief purposes with Richard Allen as Acting Chief. 5. Coal Division, responsible for importation and distribution of coal and development of local coal production in civil Briquette manufacture with Norman Smith as Chief. Enfive. Chiefs of Divisions are members of the Executive Committe. Shipping matters do not come within the purview of NAEB but are the responsibilities of NASBO. Similarly petroleum matters are the responsibility of the military oil subcommittee, but the board will naturally coordinate its functions with those of NASBO (North African Shipping Board) and MOSC. Thus it is seen that responsibility has been placed in the civilian side but pending arrival of adequate civilian personnel military men will be detailed temporarily to civil department. COMMANDING GENERAL FREEDOM ALGIERS

Number 981

USFOR LONDON ENGLAND FOR BRITISH CHIEFS OF STAFF

Number R-5051

This is not a directive from the Combined Chiefs of Staff, but constitutes a statement from the committee of Combined Boards. Reference is made to your number 2725 of December 22nd. For Eisenhower, Freedom Algiers, Fan 61, from Combined Chiefs of Staff. Neither the War Department nor the State Department has any record of having received by mail from you the order constituting a North African Economic Board and the terms of reference. This information will be most helpful for the Committee of Combined Boards since it apparently constitutes the parallel organization in Washington to Naeb in Africa.

### INCOMING MESSAGE

5 LLW-3 filed 7/0943Z CCWD January 7, 1943 1301Z

From: Algiers

To: WAR - USFOR London

No 4492 January 7, 1943

General Giraud proposes to send to Washington a Naval mission headed by Vice Admiral Raymond Fenard, (To AGWAR for Combined Chiefs of Staff to USFOR for British Chiefs of Staff for Secretary Hull from Murphy signed Eisenhower MAF ninety one from Freedom) and three or four officers to cooperate with us on the matter of the eventual completion of the warship Richelieu and the repair and refitting of other Naval units now in Dakar and similar matters. Fenard would of course not depart before Admiral Glassford completes his visit to Algiers. I recommend approval of this proposal as I believe the mission will serve a useful purpose. Cunningham concurs.

Developments relating to French West Africa raise question (to AGWAR from Freedom Algiers) with regard to our position and jurisdiction in respect of that area. From Eisenhower to Marshall for Secretary Hull from Murphy. We understand that Glass+Ford Commission is military and question of civil affairs officer may not yet have arisen. French West Africa by its voluntary act has associated itself with and forms part of the North African groupmen the essential factors are: One. Politically French West Africa is tied into the administrative structure here in Algiers. Two. West African Government depends on Algiers for guidance' and directions. Three, French administration here has indicated touchiness with regard to direct dealing with subordinate west African officials. Four. West Africa is incorporated in the seventy five Franc to the dollar area by virtue of negotiations conducted in Algiers. Natural fiscal tie up of West Africa is with Algiers. Five, Economic and commercial life of French West and North Africa is integrated and we visualize the use of meny West African products in filling deficiencies here. Unless there are strong considerations to contrary I urgently recommend that West Africa be included under this civil affairs jurisdiction. Commander in Chief concurs .

TEXT FROM GLASSFORD. PASS TO CCS, BUSHIPS, BUORD AND BRITISH CHIEFS OF STAFF LONDON.

THE FOLLOWING UNDERSTANDING HAS BEEN REACHED WITH FRENCH WEST AFRICAN
NAVAL AUTHORITIES WITH RESPECT TO CRUISERS GLOIRE, MONTCALM AND GEORGES LEYGUES
NOW AT DAKAR. ALL SHIPS HAVE OPERATED IN THIS AREA FOR APPROXIMATELY TWO YEARS
AND EXTENSIVE REWIRING OF ELECTRICAL CIRCUITS IS BELIEVED NECESSARY. CONSIDERABLE
PIPING REPAIRS AND REPLACEMENTS FOR LOW PRESSURE LIQUID SYSTEMS ARE REQUIRED.
SHIPS ARE FILLED WITH INFLAMMABLES, MAJORITY OF WHICH CAN BE REMOVED BY SHIP'S
FORCE, BUT OTHER ITEMS WILL REQUIRE METAL SUBSTITUTES. FIRE-FIGHTING EQUIPMENT
CONSIDERED INADEQUATE; SHIPS WILL REQUIRE ADDITIONAL DIESEL-DRIVEN FIRE PUMPS
AND COMPLETE OUTFIT OF FOG AND FOAM FIRE-FIGHTING EQUIPMENT WITH SPECIAL
ADAPTERS AS NECESSARY. CLOSE-IN ANTI-AIRCRAFT BATTERY CONSIDERED QUITE DEFICIENT
IN NUMBERS AND TYPES OF GUNS, AND ALTERATION PROJECT PREVIOUSLY INCLUDES
REMOVAL OF MAINMAST, RELOCATION OF FIRE-CONTROL SEARCHLIGHTS AND INSTALLATIONS
OF ADDITIONAL 25 MM GUNS ON TOP OF HANGAR. SCOUTING AIRCRAFT ASSIGNED IS OLD
AND UNRELIABLE. OTHER REPAIRS CONSIDERED MINOR. SHIPS WILL REQUIRE DEGAUSSING

From: Algiers To: AGWAR

No. # Dec 20, 1942

French North African Missinn headed by General Bethouart is leaving shortly for Washington as (to AGWAR from Freedom Algiers) authorized by your telegram of December fifteenth. For Secretary General Staff signed Eisenhower. At the request of Admiral Darlan I have given Bethouart a brief letter of introduction to General Marshall which is to be presented to you.

Inform General Marshall and request him to see General Bethouart for a few minutes only. Also that it would be most helpful to our situation here if Bethouart could be given at an early date after his arrival the promise of a small initial quantity of the equipment so urgently needed by the French Army in Africa.

No 2170 December 17, 1942

For the purpose of drawing up monthly a forecast of total military and civilian oil requirements on a four months basis, on Mister Seilers recommendation it is proposed to set up a local petroleum supply committee for North Africa composed of one member of each of the three services plus one civilian. AGWAR Troopers from G dash four Freedom signed Eisenhower. In absence of any instructions to the contrary we will assume the above is in order. A local aviation products coordinating committee, parallel to above committees will be set up which will communicate direct with APPAC Washington and APPLAC London on all matters affecting importation storage distribution and dispensing equipment for all aviation products. We understand that the above organization and its functions will be exactly parallel with that obtaining in all other allied territories and theaters of operation. Above is slightly paraphrased Such forecast to reach Washington and London before the tenth of each calendar month starting January one nine four three.

Composition of United States mission to Dakar was furnished you in my number 103 December 9 which stated that party will be transported in a 4 engine Naval patrol plane with crew of 4 officers and 7 enlisted men with 1 foreign service officer and 1 yeoman as additional passengers. It requested that clearance be arranged with Governor General at Dakar, that approach procedure and water area for landing be designated and that call letters and frequency of radio station that will work with plane be obtained and all information telegraphed to the War Department. It also requested that accommodations be arranged From Marshall for Eisenhower reference your 1730 for party. December 11. Rear Admiral William A Glassford USN, Brigadier General A Franklin Kibler AUS, Brigadier General Cyrus R Smith AUS, Captain Hugh E Haven USN, Commander John W Harris USN, Lt Commander Ralph K James USN, Lt L Allen Morris USNR, First Lt James C Blythe USA, and a member designated by you will comprise the mission. In order to insure continuity of discussions held in Algiers it is considered necessary that your headquarters be represented by a member familiar with those discussions. The mission has departed for Natal where it will remain until we receive from you information concerning approach procedure, water area for landing and call letters and frequency of radio station. Upon receipt of this information we will instruct mission to proceed from Natal and notify you their estimated time of arrival

Joints Chiefs of Staff

W

December 8, 1942

TO: M A MOSCOW

FOR GENERAL ADLER, MOSCOW

#### NUMBER 279

The Combined Chiefs of Staff have issued the following instructions pertaining to the funtions of your mission. From the Joint Chiefs of Staff to General Adler. Please inform other American Members of the mission. Identical instructions will be issued to Air Marshal Drummond through British channels.

- (a) Alternative proposals of Soviet Officials that either the equivalent number of aircraft or of aircraft with US or British Air Crews be sent to South Caucasia in place of Anglo-US Air Units are not acceptable to Combined Chiefs of Staff.
- (b) Proposal to send only aircraft or aircraft and crews which can only be found by disarming existing formations is bound to lead to a loss of effective air strength and serious complications in matters of maintenance, and is therefore most undesirable in Russian as well as in Anglo-American interests. Many practical difficulties would arise from the proposal to mix air crews.
- (c) Combined Chiefs of Staff are convinced that experience will show that the most effective force will be brought to bear against Germany by establishing in the Caucasus, the Combined British-American Air Force to be employed under Strategic Direction of Russian High Command. Upon approval of the original proposal by the Russian Government, every effort will be made to expedite operation of the Combined Force and to meet the logistical problems involved without interference with flow of allied supplies obviously committed to Russia.
