BERLIN (VIA FCC) IN GERMAN AT 6:57 AM, MAY 31, TO EUROPE.

"German U/Boats have sunk seven ships totalling 29,500
GRT in various oceans. Two of these ships were sunk in the BLACK
SEA.

"The total of ships sunk in May, namely 12 ships totalling
59,500 GRT, is thus approximately 10,000 GRT below April sinkings.
Although the tonnage sunk is somewhat smaller, the difference in
numbers of ships sunk is only one steamer.

"Five other ships received torpedo hits the effect of which
could not be ascertained in detail. Besides eight convoy destroyers
already reported sunk. Latest U/Boat reports show that another eight
were sunk, three of them belonging to smaller classes, which were
torpedoed in the BLACK SEA. Altogether, 14 (SIC) escort vessels have
thus been sunk in May.

"Moreover, our U/Boats brought down six enemy bombers."
