# THE LIBERATION OF PARIS

The joy that entered the hearts of all civilized men and women at the news of the liberation of Paris can only be measured by the gloom which settled there one June day four years ago when German troops occupied the French capital. Through the rising tide of Allied successes that patch of gloom remained and has only today been dispelled. For Paris is a precious symbol of that civilization which it was the aim of Hitler and his armed hordes to destroy. We rejoice with the gallant French people at the liberation of their capital and join in the chorus of congratulation to the Commanders and fighting men, French and Allied, who have made possible this brilliant presage of total victory.
