13.4.55 P.S. July 25th

My Dear Mr. Franklin,

John Sumner send his check + statement today for chestnut trees sold. I think he done very good. He was up twice over to look them over + second time to mark them + show us how to trim them. He said we would have to wait till this year + the rest of them + probably will have a lot more to sell. I received you letter + check for men on wood road + pay them, they are still on road + making good head way I think you will be pleased with it. I wish to thank you + Mrs. Franklin for invitation for tea on Jan. 26th at five o'clock. Very sorry I will not be there as I have to be very careful of my health. Thank you, I may take a trip in Feb. Yours Respectfully, Mrs. P. W.
President Franklin D. Roosevelt
Washington, D.C.

My Dear Mr. Franklin,

It was so good of you to send us one of your Medals of 1933 Inauguration. Very pleased to get it. I wish to thank you for it. I am sending you an account of men on wood road for the month as there was very little frost in ground they could keep on road & are doing grand on it. Hoping you all are enjoying good health.

Very Respectfully Yours,

[Signature]

P.S. Aug

2 tires & tubes for truck $9.00

Total $120.25

Wm. C. Prog
February 3, 1937.

Dear Mr. Plog:

I am enclosing a check for $120.00 which covers cost of men's time on road in woods.

Very truly yours,

M. A. Le Hand

William A. Plog, Esq.,
Hyde Park,
New York.
President Franklin D. Roosevelt

My Dear Mr. Franklin,

I am enclosing account of Westwood Road for February; they have been dressing gravel. A hard road to cottage finish. They will have to draw a few loads of gravel to finish road to Pete Rohan lane. I will then dress gravel on road along Jones' lot. There is quite a piece of this road to do. I will also have to draw a few loads to patch up roads done last year hoping you are enjoying good health.

Respectfully yours, A. Ploy

Dear Plog:

I am enclosing check for $127.75 and I am glad we have been able to do so much work through the winter.

I saw Mr. Brown here Wednesday and he is very much pleased with the way the trees are coming on.

I fear I cannot get home much before the end of May.

Very sincerely yours,

Mr. William A. Plog,
O/O Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
April 1st, 1937

President Franklin D. Roosevelt

My Dear Mr. Franklin,

I am enclosing your account for work done — they have been drying gravel on roads & cutting of brush & weeds in lots where we are going to plant this year. Mr. Brown & Herbert & two other men were down last Saturday & took over all plantations. They winter very good except some spruce we planted last year there were quite a few were heaved by frost & had been. Go over them some had to be replanted & others had to have a little soil & tramp around them. Drought last summer killed a few. Mr. Brown thought best to leave it go this summer & replant next year where trees have died.

Apple trees have not arrived yet — receive letter that they were going to send will let you know as soon as they arrive. I will plant them as you wish hoping you all are enjoying good health & hope to see you when here. Best wishes for a good year.

June 5, 1937.
June 30th 1937

Mr. Franklin D. Roosevelt

My dear Mr. Franklin,

I went down to look for small truck took Frank along dump trucks are scarce & very hard to get a good second hand dump truck. We saw one but was not very good & they wanted 250 dollars for it which we thought was too much we then went over to see Mr. Hayes of Ford Sales room & he showed us a few rep small truck which would answer our work it was in good shape & Mr. Hayes said it was alright ask 165 dollars.
but said if we wanted he would let us have it for 150 dollars. I told him I would write you and he is going to hold it a few days for me. you can let me know if this is more than you wish to give will look around and try to get a cheaper one. we went to three other places by the trucks was very poor. I would have to spend a lot to put them in order. Thanking you again for the first time that you Mrs. Roosevelt gave us in Washington. Respectfully yours. P/S.

President Franklin D. Roosevelt

Account of men on work for July

Frank Davis 23 days $30.00 75.00
Chas Curnan 24 1/2 " 73.50
The pump 1.75
The gauge 1.70
Carbonminster file 1.90
1 snake of Sig. blade 3.00
2 files 0.60
25 lbs. alumina for swimming pool 3.00
6 - HTH 2.00
2 oz. copper sulphate .35

Total $159.80
July 20, 1937.

Dear Flog:—

I think you can tell Mr. Wray, Secretary to Mr. McCann, that we shall be glad to let him have fifty Christmas Trees at $1.35 each if he will send for them. This would mean that all we would have to pay for would be the cording of the trees and the cost of cutting them down.

Mr. McCann is in every way responsible.

You also might ask Mr. Wray what size he wants. As I remember it, the average in the lot is about six feet in height above the point we saw them off.

Very sincerely yours,

Mr. William A. Flog,
O/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
Hyde Park July 8th 1937
President Franklin D. Roosevelt
White House
Washington D.C.

My dear Mr. Franklin,
I am enclosing a letter I received from Mr. McCain. He wants 50 Christmas trees. I thought I better write to you and see what trees you want for them. Mr. Steenwyck gives us 3. Each tree last year we had to pay $1.00 for labor and we paid $16.30. You received them 134.83. For 132 trees the bill was 165.00.

I wrote Mr. Mac to see if Mr. Steenwyck will be meeting you. When I hear from you I will let him know the trees you can let.
I know if you wish to let them have the trees & what price you wish to get. I do not know the practice if there is any risk in letting them have the trees.

Respectfully,

Lena. 1847
July 7th, 1937.

Superintendent,  
President Roosevelt's Estate,  
Hyde Park, New York.

Dear Sir:

Will you kindly advise if you have 50 Christmas Trees for sale, and how much a piece they would be.

Will you also advise if delivery could be made to my truck if I sent it up to your place.

Thank you for your kind attention.

Very truly yours,

MEMORANDUM FOR

Dear Florey:

(1) Clean out all odd corners and open spaces in all the plantations for winter woods work and spacing planting, and I think it has sent you a copy. If not, I will send you one.

1. I have written him to arrange to buy five-hundred beeches from the P. W. Kelsey Nursery Company for $22.50 — trees two to three feet in height. You can put them in irregularly in the two places we selected — about two hundred and fifty in each place and planted about ten feet apart. That will give a planting of about half an acre in each place.

2. I think from his letter that we can proceed this winter on the following plan:

(a) Thin and prune all the white pine plantations. Professor Haiber will go to Hyde Park soon to mark the trees.

(b) Thin the Japanese larch in plot #3 and some good posts can be secured for sale.

(c) Clear Plot 31 (Scotch pine) and Plot 26 (Red pine) from competing hardwoods, removing the grey birch.

(d) Brush out the old pasture south of Moses Smith's barn and plant areas not too wet.

(e) Clean out all odd corners and open spaces in all the plantations and fill them with new plantings.
(f) Clean up all windfalls both east and west of the Post Road for fuel wood, saving any saw logs.

(g) Clean out the field on the Khoan place just before you get to the top of the hill on the new road and east of the main woods so that that field can be planted in 1939.

(h) Go over all the wood roads, cutting back the underbrush and overhanging limbs and scraping the roads up to the middle, and clean out adjoining ditches. This should include the road from the Rogers' ice house down to the stone cottage point, for while the road itself does not need much work, it is beginning to grow up and the Rogers will, of course, do nothing about it.

It occurs to me that the corn is probably in by this time and that by taking the farm men and team and my two men you could in three or four days do all the work on the wood roads before frost sets in.

I have been having a bad time with my tooth but it is better and I hope to get off for a few days the end of the week.

Always sincerely,
HYDE PARK, N. Y.

(Mary, send him a check today.)
Jun. 11st 1935

President Franklin D. Roosevelt

Dear Mr. Franklin,

I am enclosing an account for your work for December—the new driveway, gravel, and road. Cutting timber in the lot near Valhalla cottage also—south of house. Felled where firs are planted as well as cut over a small piece in Briggs lot by friend’s garden, left there about 7 ft, short but look very good. Think you will like it when you see it.

You also helped with Christmas trees. I hope you have heard from Mr. Ziegler and got yours check for Christmas trees. Hope you got good price as they were nice trees. I have no word from them.

The plowing was done—mark some trees for show me how to do it. It will probably get to work at them next week. Wishing you all a very happy New Year.

Regretfully,

July Dear Mr Franklin

I am enclosing my account for March also had to have some repairs to trucks the bearings this year gave out in rear end and had to be replaced.

We have the fields ready for planting. When trees arrive the last few days they have been going over the roads. There is a lot of gravel to haul on roads. I will keep them busy. Trees have all winter good very few are dead and they all look very good. Hoping you can enjoy your trip at Warm Springs.

Respectfully with a thought.
April 6, 1938.

which covers expenses for the month of
March.

Very truly yours,

Mr. A. Le Hand
Private Secretary

William A. Plog, Esq.,
Hyde Park,
New York.
President Franklin D. Roosevelt

My Dear Mr. Franklin,

Since Tuesday, 600 American Sashes and 500 European Sashes came last Tuesday, have finished planting East lot 1 and 1 lot 4. They are now planting gravel hand lot 200 chestnuts arrived Thursday. Expect a man from Washington next Wednesday to help them with the gravel hand lot. The men are to be in the south east corner. 300 American Sashes have been planted. They have also drawn some gravel on road on top of hill where cottage is to be built.

The men planted a hard finish for a little money. I wonder if it would be too much trouble to send check to help out. There are eight men planting; this includes Frank & Charles. It will have over 200 sodas but can wind it up if you wish. It is just to help them out.

Hoping you are enjoying good health and hope to see you up in a few days.

Very respectfully,

[Signature]
April 21, 1936.

Dear Flog:—

I hope to get home for the weekend of May twenty-second, or, at the latest, May twenty-ninth. Mrs. Becker will probably have plans for her house ready at that time and I told her that I would find out about a well-digger for her. I think there is one in Rhinebeck by the name of Feller or Fellor. I forgot who drilled the well at the Val-Kill cottage. I will let you know definitely what date I get there and perhaps you would be good enough to call up whichever well-digger you think is the most reliable. He might also have a chance to try for water for me back in the woods.

    I hope the tree planting has been going well and that you have been having enough rain.

    Very sincerely yours,

Mr. William A. Flog,
a/c Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
April 29, 1938.

Dear Mr. Plog:-

The President is just off on his trip and he asks me to thank you for your letter about the trees and to enclose check for $125.37.

The President expects to be at Hyde Park in May and looks forward to seeing you then.

With best wishes,

Very sincerely yours,

M. A. Le Hand

Wm. Plog
May 17, 1938.

Dear Flag-:

Thank you for letting me know about the well-drillers. I will ask Jim Townsend which he thinks is the best and let you know so that we can get him to Hyde Park on Decoration Day.

In regard to the crushed stone, we can decide that when I get back, and, meanwhile, I hope you will get Speer and Lasher's price for delivered stone.

I am delighted that the trees are still all right, as I feared the drought had seriously injured this year's planting. However, I take it you had a good rain on Sunday, as Mr. Morgenthaler said that they had a lot of rain at Fishkill.

I get home Saturday morning, the twenty-eighth, and will be there over Decoration Day.

Always sincerely,

Mr. Wiliam A. Flag,
o/c Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
Hyde Park May 14/25/38

President Franklin D. Roosevelt

My Dear Mr. Franklin,

I saw Mr. Fillers last week the well driller he is the one who drilled the well at the cottage his price is two dollars per foot including pipes he will use Nyusextra pipe and guaranteed all his work I also saw Mr. Keller who does a lot of well drilling he gave me a letter which I am forwarding to you both are good men I was down to offer Mr. Abine who has contract for East Park & Rhinebeck road they have a quarry at Pleasant Valley they go under the name of Dutchess Quarry & Shipsley Co I am enclosing their prices on Crush Stone & their price on crush stone that we can use is 2.25 per ton delivered also got price on crush stone from New York Truf Rock Corp at stones o their price is 170 not delivered I also saw Shun Satcher to tell they have not send me their price Mr. Brooder was down yesterday & look over all the planting we done he was well pleased with everything the only thing we need to make them grow is rain it is quite dry here hope you enjoy your short stay south perfectly yours A.F.R.

These prices are delivered
Mr. William Blog:

Dear Sir:

In reference to our talk yesterday about drilling two wells on the President's property. The turner/reservoir estate, would say I can do these two jobs for two dollars per foot including all casing which is new and of standard weight. Both wells to be double cased in Rock if it's found to be necessary, and guarantee a perfect well in every respect.

As reference would refer the President to the Hon. J. E. Mack and Vassar Bank of Poughkeepsie. Thanking you for inquiry and hoping to hear from you frequently. I am yours very truly,

Robert L. Kellar.

President Franklin D. Roosevelt

My Dear Mr. Franklin

I am enclosing account for July month for Frank & Charles. We had to get a new tire & tube for truck. Also rear end generator on truck I had to get parts for. The men have put most of time in drawing stone for lodge. They have the foundation almost completed and will have some carpenters start work Monday. Hope you enjoyed your trip South.

Respectfully, W.H. 90}

President Franklin D. Roosevelt

My Dear Mr. Franklin

I am enclosing an account

for September for work done by men; they have finished drawing stone for lodge #4 and are on road drawing gravel. The heavy rain we had last week washed some of the hills but not bad; will take a few loads of gravel. We had quite a few trees blown down in lower woods and few on farm in woods. One tuffly fell near Mr. Rose and 2 others lean over; may have to come down also about 6 or 7 tuffly. Peppers are down near second gate on the new road and we sorry to lose these as they were doing fine. Mr. Brown was down last week and looked over the plantation and said they for doing fine. Also show him the places you want to plant next year. He said he would write and let you know how he found the trees also show him some of trees that were blown down. Hoping to see you soon.

Very Respectfully

Wm. Plog

I AM RETURNING BILL OF LADING

FRANKLIN D. ROOSEVELT

FROM
The White House
Washington

November 17, 1938
Monday eve. Nov. 14th 1938

President Franklin D. Roosevelt

My dear Mr. Franklin,

I am enclosing list of shrubs of trees that came Saturday as the place is not ready to plant them. I shall keep them in the garden till they may have to stay there till next Spring if they get the place graded before it gets too cold. We may put some in the fall there 10-12 inch trees of a kind we could plant them if you can let me know where you would like them planted. They are all fine plants and will not hurt them to be planted till Spring.

Mr. Carson the station agent at Hyde Park would like the bill of lading if you could. I said he would have to return it. Hoping you enjoyed your short stay at Hyde Park.

Respectfully, [Signature]
Miss M. Schrand

Dear Miss Schrand:

I send two checks, 145-50 and you gave me before the President left. I sent one on Nov. 12th for October and I kept this check or paid the Nov. Account for more wood. I sold some wood to make up the account. Enclose will find both accounts on Oct. 4th. Please do it as soon as you can. I am glad the President has left Oct. 4th.

Respectfully,

Wm. A. Ploeg

Warren Plog
THE WHITE HOUSE
WASHINGTON

In re-truck taken in trade by Plog-HK.

See-Personal Financial-Drawer 3-1939
January 6, 1939

Dear Mr. Flag:

Thanks for years of December thirtieth. I am glad that the work is going so well and that you have sold some of the seed and also been able to sell a few additional Christmas trees. The Grand Union people sent me their check for four hundred dollars, so I feel they are a good concern to do business with and I hope that by next year we can find another lot of trees.

What would you think of putting a three or four line ad in the Poughkeepsie Courier to offer:

"Larch posts for sale. Will cut desired length. Write Box ______ care Courier."

The larch trees near the Humphreys house ought to be cut as they are getting pretty big and I think we could probably cut and sell a hundred or even two hundred to advantage.

I am very sorry we couldn't get home for Christmas but I hope to get up later in the winter.

I am returning the Commercial Vehicle registration.

Happy New Year to you and Mrs. Flag.

Very sincerely yours,

William A. Flag, Esq.
Hyde Park,
Dutchess County,
New York.

Enclosure
Friday Dec. 30, 1881

President Franklin D. Roosevelt

My dear Mr. Franklin: I am sending December account of men's work. They have been busy grading around the house. On one end cutting wood, they drew & a lot of coal from corn lot till the snow stop them, then cut wood & will finish tomorrow cutting out trunk of few trees where the electric lights holes of wire are going to cream it. I think you will be satisfied when you see it. They expect to go in such lot. Next week I will try to get in fusee on the new fold place as soon as the snow. I think they ought to try get this done as possible as there is very heavy work these times. The fellers finish drilling well.
Mr. Johnson. He had to go down 134 feet & have lots of water. He drilled 137 before he got water & went two ft more to be sure. He had enough water. Finish the plumbing conducted well to pump & little plumbing work that had to be done. They were a few people called up & wanted to buy a Christmas tree. So I sold a few lots of Mr. Smith's. The woods, after the ground among the trees they took 800 hundred of the land said you wouldn't get check in a day or two after they left here they had 2 large trucks full you will find credit for bill for they sold also sold some wood that was cut last year & will find credit on bill. We wish to thank you Ben S. Roosevelt for beautiful presents. Wish you all a very happy new year with kind regards to all. Very respectfully your Ploy.ora.
Will you kindly sign your name in these places. I just wrote where to sign for licenses for truck that Frank & Charlie use on place.
January 9, 1939.

My dear Mr. Flog,

I have made arrangements with the Central Hudson Gas and Electric Company for them to put up their new type of pole from Creas Street to the new cottage and I think they will begin work very soon.

But even after the electricity is on, I do not think the furnace should be lighted in a house with nobody in it.

Therefore, if you could get someone to go there once a week, start the furnace in the morning and stay there until the afternoon, turning it off when they leave, I think that would keep the floors from getting worse.

In the meantime, if you could put a couple of oil stoves into the rooms for a day or two that would help until the electricity is turned on. But here again, the house ought not to be left while the stoves are burning.

The Central Hudson people will take our hemlock poles a little later on and try them out experimentally and give us credit for them.

I am glad the line for the new poles is cut and that the men are working on the birch lot.

Very sincerely,

William A. Flog, Esq.,
.o/o Mrs. James Roosevelt,
Ryde Park, New York.
Hyde Park, Jan. 3rd, 1939

President Franklin Delano Roosevelt,

My dear Mr. Franklin I was over to your new house yesterday and found the floors beginnig to warp and have a wavy appearance when you look on it. The butcher's son of the Holland Furnaces came up to day and look at the floors and said the floors would be ruined if you did not put heat on it, and would you to some extent he suggested to run a cable to the room and see if it connect for with electric pole this would be some them for cable & do not know if electric company will stand for it cable would be useful later when the poles are up.

I ask him about oil stoves and did not think they would answer as they will have oil fans with oil furnaces.
Said he would write you today to let you know about the floors he was having the tinner for. The furnace is probably finished. I could suggest something better. You can let me know what to do. I think the best way is to put some clothes or some wires on it. I do not think the poles is dry enough to creosote. But if you want it done we can go at it. When we here from your men have the stuff out of where the hot poles go. The tall trees that were blown down in front of house on side hill hope you have not forgotten to send check for some work for December. Hoping you are enjoying good health. With kindest regards to all.

Respectfully,

[Signature]
President Franklin D. Roosevelt

My Dear Mr. Franklin,

The electric light is just finished putting in poles of cable & current is turned on to house they had a large gang on it & finished their work yesterday afternoon. I call up Holland furnace Co & they are coming up Monday & I have to have two oil furnaces put in two weeks & I will return them as soon as heat is turned on. Mrs. Roi & myself yesterday said that the furnace are not so bad. I think when the heat is turned on they may come out alright. I was glad that the heat will be on soon. Stoves & drawers are all working good & I did not swell any more & I have been taking care of fees & our pets out before they leave at night & we will do when the heat is all day & turn it on when they come at night. The flood is better since we have the heat & I am enclosing account for January. We all wish you a very happy Birthday. Kind regards to all.

Yours truly,

[Signature]

June 29th, 1939
January 31, 1939.

Dear Mr. Plog:

Many thanks for your note. I am glad the firestare being kept up in the cottage and also that the rest of the work is going well.

I had hoped to get up to Hyde Park the middle of February but I am afraid I have to go South with the Fleet — but I will be home early in April.

Always sincerely,

Mr. William A. Plog,  
o/o Mrs. James Roosevelt,  
Hyde Park,  
Dutchess County,  
New York.
Hyde Park Jan 23rd 39

President Franklin D. Roosevelt

My dear Mr. Franklin, I have not heard from the Central Service Electors or about the poles for your house so I call them up and they said they were waiting to hear from you before they could go ahead. We have two oil stoves going & the fire place still during this day & they are put out every night but helps a lot & do not think the floors are any worse. I was over to day & found a few cracks in the plaster not bad hope they will not go any further. The floor look about the same turned over a cord of wood so far in the place. I had Frank & Charlie down in canoe hot & cut of branches up to about the feet & I think they are very few trees not enough to sell.
I do not think you would get the front fit to sell so I did not put your add in paper & would be better to wait a year or two when you come if you can see for yourself they are not large enough than N’Chare are the farming care of Jones & Ellman brick in front of house & also in brick lot Mr Moore was up to day & drew plans of lot north of one & we start cutting ice to day as seven inches thick still be some tomorrow as it very cold to night with kind regards to all

Respectfully

Mrs. Pog
March 1st, 1939

President Franklin D. Roosevelt
My dear Mr. Franklin

I am enclosing an account for work done in February. They have the truck lot cut out, but have some trash to burn. This will be ready to plant when trees arrive in first part of April. I receive a letter from Mr. Brown. He said he wrote to Dr. J. V. Sibley to send 100 chestnut trees to finish block it is desired for there. We will probably send some time in April. He also said the trees ordered from conservation department will be sent as soon as weather conditions will let them at Saratoga Nursery. We look over the trees yesterday and found they were good with very little lost. Some of the other chestnuts that were planted are doing very good. Lost a few of them. Have finished trimming apple trees south of farm house. They are in bad shape but still live. A few of them they have some touch to cut in but most of gravel lot it will take a few days. But everything will be ready when trees arrive. Some have had hot turn on in daytime and turned it off. When they leave at night floor has improved a little since the heat was turned on. They are a little wetter. But when you look over them they are a little greener. I am enclosing a letter for work done at Tompkins. I hope you enjoyed your trip. Kind regards.

[Signature]
March 10th, 1939

President Franklin D. Roosevelt
My Dear Mr. Franklin,

I send you a letter I account of meir's time for February as more are a little question for a little money. I am writing again in case you did not get the letter the amount for meir's time for February in 1/6. The men have finished lot fifth of second lot instead of planting when they arrive a have a little house that to turn in first lot of this will be ready for planting. The weather did not permit to do any grading around house we had 3 inches of snow yesterday. Hope you enjoyed your trip south. I hope to see you soon.

Respectfully,
Willie Ploy
Warm Springs, Ga.,
April 6, 1939.

Dear Mr. Plog:

I am glad to know that the birch lot is ready for planting and that the Newbold pine lot is nearly cleaned up; also that Mr. Adams and Mr. Noyes think that the floors in the new house will get back into place.

I had hoped to get home early this month but I fear I cannot make it until the twenty-sixth.

Very sincerely yours,

Mr. William A. Plog,
O/O Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
April 22nd 1939

President Franklin D. Roosevelt
My dear Mr. Franklin,

I am enclosing the account for March. They have been in touch with the chimney, building brick. This lot is ready for planting. They have also been in the field. Some of them have over half of the fences done. The brick is coming along. The white fences have not done so good. They are very small but look good. The men also have been on the road taking in the earth. There will have to be grade just oil in places. On the hills could not do any grading by horse as ground is too wet. I hope to have the road done as soon as ground is fit to do it. Mr. Adams and Mr. Haynes were up. Look over house they said something. Good except the floors. They think they will go back. They are coming up again next week. We had to turn stone heat on and leave it still. They come up again four times of Mrs. Cane, 1938. Give them my love. You had a nice trip. Think regards to all.

Respectfully yours,

[Signature]
May 15, 1939.

Dear Mr. Flog:

Thanks for the enclosed estimates.

1: In regard to the work at the Hugheson house, I think Adriance had better do it as his estimate is $85.00 for the pumping unit and $15.00 for the water-heater -- or a total of $100.00. This is cheaper than Finbel's bid of $123.00 for the two items and will, I think, be just as good. Will you let Adriance know?

2: In regard to the Dutchess Hill cottage, I think Adriance's bid is again the better one -- $290.00 for the water system and $192.00 for the pump house -- or $482.00 complete. I think the concrete blocks are just about as good as poured concrete so there is no need for spending the additional $55.00. Furthermore, Adriance's estimate gives 200 gallons per hour, or 3 1/3 gallons per minute, whereas Finbel's bid gives 3 gallons per minute. Also Adriance uses a 1/2 H.P. motor and Finbel a 1 1/2 H.P. motor, and the sewer motor ought to use less electricity.

Go ahead, therefore, and tell Adriance to do both jobs as fast as he can so that they will be completed before the visitors arrive and we can get the place cleaned up.

I am returning the papers herewith.

I am glad the Electric Company is putting up the poles and will take up the electricity for Mr. and
Mrs. Die. Also I am glad the shrubs from Dr. Baruch are coming up. You can scatter them all around the Dutchess Hill cottage on the northwest and south sides, even planting some of them two or three hundred feet down the hill.

I was a good deal worried reading about the fire in the woods, but it is good to know that it was down near the Sound end of the Cove and that it did not burn much more than leaves and underbrush.

I will be back the 25th or 27th.

Always sincerely,

William A. Plog, Esq.,
o/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.
Hyde Park May 9th, 1939

President Franklin D. Roosevelt
White House
Washington D.C.

My Dear Mr. Franklin,

Enclosed will find estimates for tank and water pump for your new house and for tenant house where Mr. RivesTrimble will do all the plumbing work in your house. The other bid is from Advantage Plumbing Co. who does all the work on this side for Mr. Roosevelt. Both firms are good plumbers, and the work will be done altogether the Electric Company way. They will leave the holes in this week it will take four holes all work will be done in current times on by end of week. There are they on Edoma by new house. Mr. Rives is going to send a lot Schuhler up to be planted around house. He said you knew about it. He said he would see that they send a man from nursery to help put them in. We had a fire in woods one Mrs. Robinson place started down near railroad east side of cove think some robbers came and start as they found burnt matches what fire started over.
burned mostly leaves and brush, very little damage to trees. Had the fire department fire company down to help. Just about hopeful to see you on the 25th of May.

Respectfully,

Wm. H. Hoy

 Memorandum for Summerlin
 From Watson

 Re: Bronze Cannon presented to President Roosevelt by the President of Haiti. The President requests Summerlin to have it sent to Hyde Park where it is to be placed in front of the Hyde Park Library when finished. Weighs 775 lbs and is an antique. Mr. Flag has been informed about its arrival at Hyde Pk.

 See: Hyde Pk Library folder-Drawer 8-1939
For Bills from Wp. Plog etc which were used for 1939 Income purposes

See: Personal Financial-Drawer 3-1940
THE WHITE HOUSE
WASHINGTON

April 15, 1940.

Dear Plog:

I enclose copy of note to Moses Smith about the field north of Arnold Berge's house. Under the arrangement with the Government, the field north of our avenue is to be cultivated by us and you can, therefore, plan either to use it for hay this Summer or to plow it up and plant a late crop as soon as the sewer system is finished.

F. D. R.

(Enclosure)
THE WHITE HOUSE
WASHINGTON

April 15, 1940.

Dear Moses:

I had forgotten that Mr. Plog wanted the field north of Arnold Berge's house for corn. I will turn it over to you as soon as the corn is in.

Always sincerely,

Mr. Moses Smith,
Hyde Park N.Y.
April 11th 1940

My dear President,

In regards to the field East-and north of Arnold Berge's house, which you so kindly said Tuesday I could take over and work it—which I appreciate very much, I had a talk with Plogg; he said if you said so OK, but it would make them short on crops this year as he planned planting corn on this field; I told him to go a head and perhaps you may turn it over to me this fall if so, I will be very thankful.

Ever your true friend,

[Signature]

Rosen W. Smith
August 12, 1940.

MEMORANDUM FOR

MR. PLOG

I forgot to give this back to you. I think it is all right to go ahead with the $480.00 tank and, of course, we can do a large part of the labor ourselves.

F. D. R.

Letter to Mrs. James Roosevelt from the Adriance Plumbing & Heating Co. in re water tank for Hyde Park house.
Hyde Park Oct 11 1941

Dear Miss Tully

As the bills you sent are small & I will pay them & put them on monthly account will you kindly give the President enclose letter & bills thanking you for this favor.

Sincerely,

[Signature]
Hyde Park Oct. 11th 1941

President Franklin D. Roosevelt

Dear Mr. Franklin,

I am enclosing my notes on a wood road Oct 12th to 10th 13 day. Each the road is about finish except graveling at they reach the top of hill and got a good grade up the hill. I think you will like it when you see it. James McKenna has finish chimney on Arnold Berge house and large piece of the ceiling in bed room was ready to fall so I told Mr. Kenna to fix it as he was there. He charge 10 dollars for it. I am enclosing his bill his estimate was 212 dollars for chimney and 10 dollars for plastering the ceiling making his bill 222 dollars.

Arnold Berge handed me this bill for stove pipes for furnace and little water heater they were wore out and had to be renewed if you wish me to pay bill you can let me know. Mrs. Barrett picked out the combination sink with cabinet and likes them one must remember gave me estimate on several to mark the one she likes best it is a very good sink. You can let us know if your wish to order this sink or if you come up next week it will be time enough hoping to see you next week with warm regards to all.

Perficiently with affection

Wm A. Plof
October 6, 1941

Mr. William A. Plog
Roosevelt's Estate
