MEMORANDUM FOR

MISS THOMPSON

The President asks that you be good enough to take up the following with Mrs. Roosevelt:

"1. A Service at St. John's on the morning of the Fourth of March.

2. Cabinet Dinner to us, to be held at the White House as we did last year, followed by a movie. I suggest that we have a good mystery or something which is entertaining and has nothing to do with the war."

F. D. R.

Also the President said he had no dates for Mrs. R. after today. Will you please send him a list of Mrs. Roosevelt's future engagements?

Dear Douglas:

As you know, Mrs. Roosevelt is leaving for the Southwest Pacific and I am delighted that she will be able to see you. She is, of course, anxious to see everything, but I leave it wholly to your discretion as to where she should go and where she should not go. She is especially anxious to see Guadalcanal and at this moment it looks like a pretty safe place to visit.

I have told her that I am leaving the decision wholly up to the Area Commanders, not only in regard to Guadalcanal, but other places as well. I doubt, of course, at the present writing, whether she should go to New Georgia or to Funafuti.

Also, I would not have you let her go to any place which would interfere in any way with current military or naval operations -- in other words, the war comes first.

I think that Mrs. Roosevelt's visit to places where we have military or naval personnel will help the general morale -- because Mrs. Roosevelt has been visiting and will continue to visit the various hospitals in this country, especially on the West Coast where she meets returning sick or wounded personnel from the Southwest Pacific.

You have been doing a grand job and we are all proud of you.

- 2 -

Let her have any personal messages you would care to have her bring on her return.

All the good luck in the world.

Sincerely yours,

General Douglas MacArthur.

P.S. I was glad to get your note in regard to a statement on the Philippines. I put the gist of it into the broadcast which is being sent today. I think there is no need for immediate additional legislation, because the present Act grants them their independence and if we clean up in the Philippines before 1946 the Congress will doubtless anticipate the date.

FROM: Habana

DATED: February 17, 1944

RECEIVED: Feb 21-30

BF
ER

Secretary of State,
Washington, D. C.

A-341, February 17, 12 noon.

Reference Department's circular airgrams of February 12, 8 p.m., and February 14, 8 p.m., regarding forthcoming visit of Mrs. Roosevelt to United States military establishments in the Western Hemisphere. I shall of course be delighted to be of whatever assistance I can and would appreciate it if the Department would inform Mrs. Roosevelt, on behalf of my wife and myself, that we earnestly hope she will do us the honor of staying with us at the Embassy while she is in Habana.

It would be helpful to know so long as possible in advance, the date, hour, and place of landing, the length of stay in Habana, and the names of the other places in Cuba to be visited. As Batista Airport at San Antonio de los Baños is only an hour by automobile from Habana, I feel sure that Mrs. Roosevelt will wish to visit that base. (If, as I assume, the trip is to be made by special military plane, the landing for Habana will probably be made at that airport.)

Airplane communication is possible from Habana with the air bases at San Julián and Camagüey and with the Naval Station at Guantánamo. There are in addition small naval or military bases at Nigero, Nuevitas, Cayo Francés and the Isle of Pines but I doubt whether in view of relative inaccessibility of all but Isle of Pines and limited personnel thereat Mrs. Roosevelt would care to visit them.

Since Mrs. Roosevelt does not wish purely courtesy or formal affairs I can arrange, aside from a meeting with President Batista, a series of interviews with others at the Embassy residence. However I assume that the Department would prefer that GRAU and other Opposition leaders (excepting the Vice President) not be included in the list of visitors. Please instruct.

MEMORANDUM FOR GENERAL WATSON:

I refer to your memorandum of 21 February 1944 regarding Mrs. Roosevelt's projected trip to the Caribbean Area and my memorandum of 22 February 1944 stating that written report would be submitted as soon as arrangements have been completed.

Transportation for the trip is being provided by the Air Transport Command with an escort plane for the whole journey. In this connection, limited numbers of military personnel traveling officially and mail will be transported in these two airplanes consistent with Mrs. Roosevelt's personal safety and comfort.

Army and Navy Commanders in the Caribbean Area and in Brazil have been advised of the complete and detailed itinerary, the primary purpose of Mrs. Roosevelt's visit and instructed to coordinate with U. S. diplomatic representatives in the Latin American Republics - Mr. Tugwell in Puerto Rico and British authorities in the British West Indies. The following Commanders have been instructed to make all arrangements within their respective areas in accordance with the above instructions and to report by radio direct to the President through the Chief of Staff or COMINCH the hours of arrival and departure at each place visited:

Commander, Caribbean Sea Frontier, Headquarters
Puerto Rico, Rear Admiral A. G. Robinson.

Commander, 4th Fleet, Headquarters Recife, Brazil,
Vice Admiral Jonas Ingram.

Commanding General, Panama Canal Department,
Headquarters Quarry Heights, Panama, Lieutenant
General George H. Brett.

Arrangements have also been made with the respective Commanders concerned to offer air transportation through our diplomatic representatives for members of the Presidential households of Brazil, Ecuador and Colombia to be given an opportunity to greet Mrs. Roosevelt at her stops in those countries.

"His Excellency

Franklin D. Roosevelt,
President of the United States of America,
Washington, D. C.

I received with great satisfaction your letter communicating the imminent visit of Mrs. Roosevelt to the north of Brazil. Please rest assured, my dear friend, that during her stay in the north Mrs. Roosevelt will always be surrounded by an atmosphere of friendship and of devoted attention of Brazilians who so much admire her generous devotion to the many noble causes of our people. Unfortunately, the state of health of my wife will not permit her to travel. She regrets exceedingly that she will be unable to take advantage of this opportunity to again see her friend and to reciprocate the attentions she received in Washington. However, we feel sure that Your Excellency and your wife will well understand the impossibility which thus deprives her of this pleasure. Her friends, the wives of my ministers, will go in her stead to receive and accompany Mrs. Roosevelt with a view to making as agreeable as possible her visit to our bases and soldiers.

Cordial best wishes.

February 19, 1944.

My dear President Vargas:-

Mrs. Roosevelt is starting early next month to visit our soldiers and sailors who are on duty in many places south of the continental limits of the United States. She is going down by way of Puerto Rico, the Virgin Islands, Antigua, Saint Lucia, Trinidad and the Guineas to Belem, Natal and Recife. She has wanted most anxiously to go on as far as Rio but because it is most desirable that she be back in Washington in three weeks, I have felt that she ought not to spend two or three extra days in going to Rio at this time.

On the return she plans to visit Curacao, Barranquilla, Salinas (Ecuador), the Galapagos Islands, Panama, Guatemala, Jamaica and Cuba.

I know you will understand how difficult it would be for her to visit the Capital of Brazil and I am wondering whether, if Madame Vargas is free around the fourteenth or fifteenth of March, she could find it possible to join my wife at Belem or Natal or Recife to spend a day or two with her in Brazil. I think my wife is writing to Madame Vargas.

I think it would be a wonderful thing if our wives could spend a few days together.

(Copy of this letter filed - Brazil folder, 1-44)

I much wish that I could go with her but, as you know, I am in the midst of arranging operations to be conducted in Europe and in the Pacific, and I do not dare to be away for more than a day or two at a time.

Incidentally, I feel that things are on the whole going well -- only I wish that Argentina would behave herself!

Also, do not forget that I count on your coming to the United States to visit me at Washington and Hyde Park. It would be delightful to see you again.

With my warm regards,

Your old friend,

His Excellency
Getulio Vargas,
President of the United States of Brazil,
Rio de Janeiro,
Brazil.

Dear Madame Vargas:

I know that my husband has written to yours, but I want to add a little line.

I am going to the Caribbean area, I hope, to visit various groups of our armed forces. This will take me as far as Recife, and, much as I should like to continue on to Rio, that seems to mean adding several days to my trip, which is difficult for me to do at the present time.

I have always wanted to really visit the various countries of South America, but I, like everyone else, do not feel justified in taking what might be termed a pleasure trip at this time.

I have been wondering, therefore, if there was any chance that you might be able to come up to Recife or Belém and spend twenty-four hours, so that I might have an opportunity to talk with you. There are so many things that concern the women of South America and our women here that I would be grateful for this opportunity. I will, of course, let you know the exact dates when I know them.

Very cordially yours,

Mrs. Roosevelt's visit to Cuba has been given full prominence in the Cuban press and has been the occasion for most gratifying and widespread editorial comment showing the esteem and admiration with which Mrs. Roosevelt is held in this country. Particular appreciation was expressed of her remarks at the Embassy to representatives of practically the entire Cuban press.

In voicing the greetings of the Cuban people the press unanimously praises the motives of such a trip and its importance to the hemisphere and the countries visited. DIARIO DE LA MANANA describes Mrs. Roosevelt as "a service woman in the highest meaning of that word and as one who interprets feminism as a constructive movement capable of guiding the world toward dignity and justice". Declaring that Mrs. Roosevelt is an example of what a statesman's wife should be, DIARIO states that in the present struggle "she enjoys a real leadership among the women of the United States" and that therefore "the visit to Cuba of this distinguished ambassador of a better American spirit will surely have practical results in the cause we defend".

The Communist organ HOY and other papers refer to Mrs. Roosevelt as "the woman champion in the United States of the Good Neighbor Policy" and "to her appeal to Latin-American women for a fighting unity".

INFORMACION refers to Mrs. Roosevelt as exemplifying "the ceaseless effort necessary for victory".

AIRGRAM

Panama

Dated March 15, 1944

Rec'd 3 p.m., 17th

Secretary of State,
Washington.

A-337, March 15, 1944, 10:00 a.m.

STRICTLY CONFIDENTIAL

The following information concerning Mrs. Roosevelt's visit to the Isthmus as far as it will affect Panama is transmitted as being of possible interest.

President De La Guardia and his wife have expressed their intention in being present at Albrook Field when Mrs. Roosevelt arrives. They will be accompanied by Foreign Minister FABREGA and his wife and the Panamanian Ambassador in Washington and Senora de Jimenez.

In the afternoon of March 22, General Brett is offering a reception in honor of Mrs. Roosevelt at his quarters. To this reception will be invited a selected group of prominent official and civilian Panamanians.

On March 23 it is planned that Mrs. Roosevelt will hold

-2- #A-337, March 15, 1944, 10:00 a.m. from Panama, R.P.

will hold a press conference at the Commanding General's quarters. To this conference will be invited representatives of the Panamanian newspapers and periodicals. Immediately following the press conference an hour has been set aside for Mrs. Roosevelt to receive such personal acquaintances and prominent people in Panama as she may desire to see. At the final general meeting in Quarry Heights to discuss the program drawn up by the Commanding General, I suggested the advisability of holding both the press conference and the hour for meeting prominent Panamanians in Panamanian territory, and proffered the use of the Embassy Residence for this purpose. I made this suggestion in view of the fact that some Panamanians are very sensitive about going to Quarry Heights, and are somewhat awed and ill-at-ease while there. However, General Brett felt that inasmuch as Mrs. Roosevelt was primarily visiting the Canal Zone, she should receive the press and other Panamanians there.

From 6:00 to 7:30 in the afternoon of March 23 the President of the Republic and Madame de la Guardia are offering an informal "tea" in honor of Mrs. Roosevelt at the Presidencia. On this occasion she will have

-3- #A-337, March 15, 1944, 10:00 a.m. from Panama, R.P.

will have the opportunity to meet a selection of representative Panamanians.

Upon meeting Mrs. Roosevelt, I propose to suggest the possibility of inviting Senora de la Guardia to accompany her on some one of her visits to military hospitals in the Canal Zone. I believe that the President's wife would be flattered by such an invitation and that it would make an excellent impression.

We returned yesterday from northeastern Brazil. My 931, March 10, 9 p.m. The Brazilian ladies were delighted with the trip in general and with Mrs. Roosevelt in particular who was very gracious to them.

Mrs. Roosevelt made an excellent impression on all the Brazilians she met, telling them of her interest in the Brazilian military, naval and air picture also and in general saying the right thing at the right time. My telegram number 1026, March 18.

In my opinion her talks to the members of our own armed forces were very successful as well as very helpful.

QUITO, NO. 300, MARCH 27, 1944, 3 P.M.

The Ambassador reports the success of Mrs. Roosevelt's visit on March 24 to Army and Navy bases at Salinas. The wife of President Arroyo, accompanied by the wife of the Minister for Foreign Affairs, and two other Ecuadoran ladies from Quito, as well as the Ambassador and Mrs. Scotten, greeted Mrs. Roosevelt on arrival at Salinas. Mrs. Roosevelt had luncheon with the enlisted men and later attended a small reception at an attractive villa in Salinas, given by Señora de Arroyo. During the reception Mrs. Roosevelt had an opportunity for a cordial conversation with the abovementioned Ecuadoran ladies, and later gave a press interview to representatives of the United Press and Associated Press; and nine Ecuadoran newspaper men representing the principal Ecuadoran newspapers. Widespread publicity was given to Mrs. Roosevelt's visit and the editorial comments were universally favorable. The Ambassador is sending a complete report of the visit together with newspaper clippings to the Department by airmail.

MEMORANDUM TO GENERAL WATSON

I attach herewith a copy of a telegram dated March 21 from our Ambassador at Caracas, Venezuela, in which he speaks of the fine effect of Mrs. Roosevelt's visit to that country.

Enclosure:

Copy of telegram dated
March 21 from Caracas.

Major General Edwin M. Watson, U.S.A.,
Secretary to the President,
The White House.

COPY OF TELEGRAM TO THE SECRETARY OF STATE FROM THE AMERICAN
AMBASSADOR IN CARACAS, MR. CORRIGAN, DATED MARCH 21, 1944

Caracas press reaction to Mrs. Roosevelt's visit has been extensive and wholly favorable. Practically all dailies printed highly complimentary editorials on Sunday, March 19th, extolling her personal and public virtues and abilities and pointing to the strength of the bonds of friendship between Venezuela and the United States which her presence here signified.

Much was made of Mrs. Roosevelt's continuous leadership in democratic and humanitarian activities and of her political ability while, at the same time, she preserved the essential qualities of wife, mother and companion beside the President who is an outstanding champion of the cause of civilization and humanity in the world. In the words of AHORA: "Today, along the roads of a world in flames, Mrs. Roosevelt continues to be the interpreter and the animator, synthesis and paradigm of a beautiful democracy in action".

Much was likewise made of her defense of the negro in the United States, a subject of keen interest to Venezuelans for, as stated in AHORA's column "Venezuela in Two Lines" on March 19th:

And we Venezuelans, citizens of democratic origin, in whom the differences of class, race, color, have never been able to exert any influence, we are going to meet with someone who in the United States has shown by action that for her there is but one class of citizens. For it is not possible to silence the equalizing work of Mrs. Roosevelt nor her decided gestures against race discrimination.

Copies of the editorials under reference, together with a resume of Mrs. Roosevelt's activities, are being forwarded by pouch at the earliest convenience.

THE LADY ELEANOR

(With Apologies to Edgar Allan Poe)

From the White House of the Nation
Speaking without hesitation
Comes the voice of unchecked knowledge
From the Lady Eleanor.
In the limelight, basking gaily,
Speaks the Lady, nightly, daily,
Like the brook that gushes onward,
Ever onward - ever more.

Speaks the expert on Great Problems:
Home and Children - Love and War -
Race and Liquor - Sex - and more;
Speaks the Lady Eleanor !

And this expert ever flitting,
Never sitting, never quitting,
Never tending her own knitting,
Doles her pills of fancied knowledge,
Wisdom from her bursting store.

And there comes a painful sighing
From a people slowly dying
Of a secret lust for gore;
From a hopeless Nation crying
For a surcease and a stilling
Of the Sound of Eleanor,
Of the Wordy Eleanor,
Of the Boreome Eleanor,
Of the Quenchless Eleanor !

For despite her global milling,
Of the voice there is no stilling;
With its platitudes galore,
As it gushes on, Advising,
Criticising and Chastising,
Moralizing, Patronizing,
Paralysing - ever more
Advertising Eleanor !

2

E L E A N O R

Call off the bombing for today
Wheel out the Army ship
Hold up the war so Eleanor
Can make another trip.

Immobilize a fighting plane
Fetch oil and gas galore
For this old gal is off again
To some enchanted shore.

For 20,000 miles she goes
To have her weekly fling
And rub her nose against the nose
Of some damn Zulu king.

'Twas by design and not by luck
She chose this distant shore
The only place she hadn't stuck
Her damned old nose before.

Now having rubbed the royal nose
She crossed another sea
To scare the natives, I suppose
And watch them plant a tree.

This happy thought occurred to me
As homeward bound she sped -
Why couldn't they have shipped the tree
And planted her instead?

The above is one fighting man's opinion of Eleanor and her trips.

PSF Mrs. Roosevelt folder 4-45

Hudson View Inn, Cold Spring, Putnam Co. N.Y. Jan. 11th '45.

My dear Mrs. Roosevelt,

For some time I have wanted to write to you on a matter of great importance which must not be discussed publicly, for fear of embarrassing the President.

I would not presume to do this had I not spent half the time between the two wars in England and France, and six months in Geneva at the time Germany was admitted. My chief interest then and ever since has been the study of international politics.

Throughout much of that time I watched with growing dismay Great Britain take steps to strengthen Germany and weaken France. I asked several brilliant and enlightened men why their Government did not realize that England's interests and those of France were identical; they both urgently desired peace, whereas Germany was plainly bent on war. The answer was always that France was growing too powerful on the Continent where balance of power must be maintained. Of course there were other reasons, the desire to re-build their trade with a prosperous Germany, and the Leftist tendencies of France, but the first was the chief one, and it has be-deviled the European continent for centuries, winning for England the name "perfidious Albion."

Inevitably a feeling of admiration and friendliness for Germany and of critical contempt for France became general in Great Britain. The Observer, Lord Astor's paper, even after the rise of Hitler and the persecution of the Jews had begun, constantly advocated "an alliance between the two great Nordic nations, Germany and Ourselves!"

Then came the Spanish Revolution and the setting up by England of the infamous "Non-intervention Committee", which, of course, gave Mussolini and Hitler their dress rehearsal and deprived France of a free, democratic neighbor and ally, thus doing more than any other single event to bring on this war. Of course, our arms embargo and Neutrality Act was a fatal mistake and gave the two international gangsters the green light.

You will wonder why I am going over all this, which is water over the dam and as familiar to you as it is to me. It is because of what is happening right now in Spain, and the part which Churchill may play there. If Spain is betrayed again, and when Franco falls, a Fascist Princeling or General is set up by Great Britain, the whole Atlantic Charter will have been betrayed, and a wave of cynicism and despair will spread all over the world.

It is difficult for anyone who loves and admires the British, as I do, and as I am sure you and the President do, the contrast between their private characters and many of their international actions, but I have at last discovered the explanation. It is a case of "Divided Loyalties". And to them, as between the good of Europe, or even of the world, and what they consider to be the safety of the Empire, there is no question. And this is why Churchill, magnificent human being that he is, will not hesitate to meddle in the internal affairs of any country which happens to be on the life line of the British Empire.

In the case of Spain, another element, even more powerful, more dangerous, enters in--the Vatican. The Pope, in his own character everything admirable, is also divided in his loyalties, and is unswervingly determined to prevent the establishment of a successful liberal republic in Spain and to save that country for Mother Church, no matter what the cost in human lives and agony!

Here the stage is set for a Titanic struggle, in which the President is literally the hope of the world. In his case alone there is no question of divided loyalties. What he is seeking is nothing less than the liberation of Mankind, for in this miniature theatre the battle will be symbolic of the greater ones to come. He will need all his knowledge, his tact and faith and courage to win it. But if he succeeds he will have the gratitude of all the "little people" of Europe, who have been held down long enough by worthless rulers, powerful and corrupt churches, the "leisure classes" and the aristocracies, and who feel that at long last they have a champion who will not betray them. He takes with him the prayers and hopes of every disinterested and enlightened American.

Very sincerely yours

P.S. I have re-read my letter, and, fearing you may think it comes from some wild-eyed Communist or professional agitator, I've decided to tell you who I am--Margaret Patterson's mother. I had the pleasure of meeting you last Spring in Washington, at her hectic and crowded reception for the Wacs, where you stood in line for hours smilingly and unwaveringly shaking hands! However, lest Margaret or Bob should disapprove of my writing to you, perhaps you'd better not speak of this letter to them. They both know of my life-long interest in international affairs, and my profound admiration for and belief in the President. I could not keep silent, believing as I do that if this second struggle for the deliverance of the Spanish people is lost, the stage will inevitably be set for a third world war.

Dear Mrs. Roosevelt:

Dan Tobin came in great excitement to some of our union friends last week to say that a new and dangerous plan has been worked out between the A.F.L. and John L. Lewis.

Lewis plans within a few days to have a meeting on the Little Steel formula to announce that he will break the Little Steel rates. The A.F.L. will follow with a congratulatory message and invite him back into the A.F.L.

Then they will strike together and depending on their success raid the C.I.O. If one inch is yielded to this scheme, it will destroy the Progressive Labor movement, pulling a premium on strikes, punishing loyalty, destroying good faith, rewarding the saboteurs.

In fact Tobin will not fight it he says if the combination goes through tho he depbres it. The agencies in Washington have done so little for labor lately unless they strike that the valiant union leaders in the C.I.O. who have stood by the no-strike pledge are suffering in their unions.

Recently the progressives have lost control of several union locals that they dominated for three years. It would be a serious blow to all that has been building for a long time and a triumph for Dewey-John L. Lewis forces.

There is a way to circumvent it and so far as I can see only one way. To come to terms with the steel workers first on the Little Steel and to save the C.I.O.

I happen to know in detail how sharp has been the struggle lately in preserving the no-strike pledge with the auto workers. Four weeks ago the situation looked hopeless. Then one of our tireless friends held a meeting with all the left wing union leaders and had fires put under all the unions to pass resolutions. Thomas behaved better than either Frankenstein or Addis according to the Communists although the latter are C.P.A. EB. says he takes off his hat to Thomas but had trouble even with Jo Curran because the unions are so restless that Jo was afraid to take it on until Murray did. The whole thing was put over by the untiring fight of some people I know who never quit for the last two weeks until the situation or that is quite promising. It shows however that the Little Steel line should be broken but not by strikes which would cause a collapse all over.

-2-

Also between Murray and Hilman there is a little tension because trivial as it may seem you, the President, congratulated Hillman but not Murray on election work.

A Saturday meeting of the C.I.O. was to leave a resolution on the President message in it. If this was passed according to the plans of my friends in the C.I.O. a delegation was to present it to the President. If on this occasion he patted Murray on the back a little it would do wonders. Moreover Murray is a good man.

It may seem a little odd for me to make such a suggestion but sometimes very small things mean a great deal.

I think it so important that I am writing it while I chaperon a Square Dance Festival for the School. The music is very gay and does not suggest serious thought of any kind, in fact I'd rather be dancing.

Dan Tobin I should think would see that the President heard this story about Lewis in some form or other but just in case he didn't hear it all along with Tobin's own fears on the subject I thought he should.

The great success of the President's magnificent message shows that it is generally best to put the question straight and meet things with that much determination. It showed I thought perhaps more than other great brilliance of strategy, form and content, the economic side of it was really a result of profound study I should think.

On the question of universal service I think he is entirely right but something should be thrown to the workers first by way of compromise. For instance I observed that the first typed column even the Daily Worker was changed to tone it down for the unions note - inclosure -- next letter.

Sincerely yours,

(signed) J. Adams

MEMO FOR THE PRESIDENT:

I have just heard that no meeting was ever held between colored leaders like Walter White, Mr. Hill and Mr. Randolph, with the secretary of War and Navy on the subject of how the colored people can participate in the services.

There is a growing feeling amongst the colored people, and they are creating a feeling among many white people. They feel they should be allowed to participate in any training that is going on, in the aviation, army, navy, and have opportunities for service.

I would suggest that a conference be held with the attitude of the gentlemen: these are our difficulties, how do you suggest that we make a beginning to change the situation?

There is no use of going into a conference unless they have the intention of doing something. This is going to be very bad politically, besides being intrinsically wrong, and I think you should ask that a meeting be held and if you can not be present yourself, you should ask them to give you a report and it might be well to have General Watson present.

MEMO FOR THE PRESIDENT:

I have written to Nelson Rockefeller saying that so many things of interest have come up, I feel it impossible for me to go to South America. Being away for such a long period seems to me out of the question.

Besides, I have thought it over quite carefully and I do not really want to go and I think it would be far better for Secretary Wallace, who has already done the Mexican thing so well, to go. He has a better back-ground to go on.

MEMO FOR THE PRESIDENT:

I have been told that Senator Norris is concerned because Bonneville has three agencies on same river. Sen. Norris should talk to you about it. He would like to see same kind of authority at Bonneville and Grand Coulee as there is at the T.V.A.

- - - - -

The Oregon primaries come early and Garner's name will most likely be put up. They will put your name up, but this does not require your consent, or even approval. it is just going to happen. They do not want the reactionaries to get the delegates as that would be a serious situation and they can not put up some one who may be a liberal but whom they do not know, so it resolved itself into putting up either you or Sen. Wheeler and they have decided on you.

MEMO FOR THE PRESIDENT:

In thinking over what you told me on the unfavorable report on the canal for Youngstown, Ohio, namely, that it would put two railroads out of business, it occurred to me that if the steel companies move out of Youngstown, the railroads will be put out of business any way.

Wouldn't it be wiser to try to find some way of increasing the revenue while the canal was being built, so the railroads can still profit and at the same time allow the steel companies to compete at a reduced cost. I should think the mere increase in business would keep the railroads going.
