

KENNEDY

THE WHITE HOUSE  
WASHINGTON

April 10, 1961

Dear Mrs. Roosevelt:

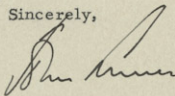

I am delighted to know that you will serve on the National Advisory Council of the Peace Corps.

This new experiment in international cooperation deserves the very best advice and counsel that can be given it, and I am confident that your contribution to its success will be significant.

I have said before that the problems we face in the world today are towering and unprecedented -- and the response must be towering and unprecedented as well.

Thank you for helping us to make that kind of response.

Sincerely,

Mrs. Franklin D. Roosevelt  
55 East 74th Street  
New York, New York

Thank you  
appreciated
