Jan. 17, 44. Grace dear:

Our days at "Peter" face at Woodbridge have been

the start of a different mode for us. It was a bit of our home life

that we've always loved. We'll try to have that again.

Love always to

Your friend, with affection and love,

My dear Grace,

I have no word or piece of news to tell you of what you are to do. But you have comfort in the knowledge of the great place you occupy filled in the life of the book. Your courage and your share of the little bit of your tradition, now what is different here for us to see and what your affairs were to have been.

Sincerely,

Yours truly,
Laura Delano

Dear Miss Delano:

That was indeed a very sweet note which you sent to me and I can't tell you how much it helped in the hectic days which followed our return from Warm Springs and Hyde Park.

I am so glad that you, too, were at Warm Springs as you were so wonderful about the whole thing that it helped the rest of us tremendously. We all miss the President very much and we shall all miss those grand trips that we had together — but no one can take our memories from us.

If I get up to Dutchess County at any time, which I may, I shall give you a ring in the hope that I can run up and have a visit with you. I think it would do us both good.

With much love,

Affectionately,

Dear Miss Delano:

You were sweet to take time out to send me that very nice note. I understand perfectly your difficulties in opening your house and I shall be delighted to come up for a visit some time later on when things are a little more leisurely for you.

I had a very nice letter from Mrs. Roosevelt on Tuesday telling me that she could take care of my niece and me for the weekend but I wrote her, because her own guest list is so very large that weekend, that I thought my niece and I would return to New York on Saturday afternoon.

My niece now thinks that her beau, who is at Harvard, might possibly get down to New York for the weekend. We both appreciate your very cordial invitation to “relax” and dine with you on Saturday evening, but when there is a chance for a beau to be in town, plans do change.

I am glad it is only a postponement of a visit with you which I have been looking forward to for a very long time. Soo and I are looking forward to seeing you at the ceremony at Hyde Park.

With much love,

Affectionately,

I'm writing to simply check up on our wedding plans. With summer coming up, I trust you've arranged nice transportation, please remember to notify me as soon as possible. We'll need to find a venue that will serve you and your guests. Please do not forget the "celebration time" for Joe. Joe will need to make arrangements for dinner at a
