Your Royal Highness:

I am indeed sorry that I did not have an opportunity to see you and His Royal Highness and the children before you left for Norway. I think it is wonderful that you are all back home and I know how thrilled you must be.

In going through some of the President’s things in his desk after his death, I found a Log which he had signed to you and which I thought you might like to have.

With kindest regards to your Royal Highnesses and Colonel and Madame Ostgaard.

Always sincerely,

GRACE G. TULLY

Dear Mrs. Tully:

When the President passed away, the tragedy was so great for each person of good will that all one could do was to bow one's head to destiny.

The few times when I had the privilege to be present when you worked with the President--I saw how much you did to make the President's hard task easier.

I hope this satisfaction will always accompany you.

I have suffered with you. The sorrow which you have suffered and hope that your...

Dear Mr. Mayor:

I regret the long delay in writing to thank you for your very nice letter of July fourteenth, enclosing the courtesy card for the Convention, as well as all the other doings in Chicago at that time. You were grand to think of me and I only wish I could have been there for all the excitement.

I take it those were very busy days for you and we listened to all the sessions with much interest.

With all good wishes, and I hope to see you one of these days very soon,

Very sincerely yours,

Dear Miss Tully:

I am looking forward with pleasure to the privilege of welcoming you to Chicago on the occasion of the Democratic National Convention. We want to make your stay here as pleasant as possible, with the minimum of inconveniences or delays. To that end, Headquarters have been opened in rooms 114, 116 and 118 of the Blackstone Hotel (Harrison 8012) where my assistants will be on hand to give you any help you may need in expediting your plans while here.

Chicago is presenting the delegates with a Courtesy Card which will afford them ready access to many places of amusement - boat rides, baseball games, etc. I hope you will find time between the sessions or after the Convention to get better acquainted with Chicago and its people and enjoy the many hospitable programs they have arranged for the enjoyment of their guests.

If there is any way in which I, personally, can be of assistance, do not hesitate to call on me.

With kindest regards,

Sincerely yours,

My dear Miss Emily,

Her Majesty the Empress Zita of Austria wishes to express to you her heartfelt sympathy at the grief which has so suddenly come upon you. The Empress knows the confidence which your eminent President had in you and your admirable devotion to him and she feels that it must be a source of consolation in your sadness to recall that you have been such a help and support for many years to this great and noble man. Her Majesty prays for him whom she so deeply mourns, but she also prays for you that God may comfort you.

I shall not keep you long at this time of great sorrow and sorrow in adding my own very sincere condolences, but I must tell you, my dear Miss Emily, how my heart goes out to you in understanding commiseration. While realizing the
loss of the great American Nation and of the entire
civilised world, I particularly think of your own
immense personal loss. You may be assured that
in my prayers for your wonderful President I always
remember you in the presence of our good Lord.

Very sincerely yours,

Countess Marie Schurich-Kessenbach

Dear Miss Tully:

Mr. Hopkins asked me to tell you that he has had your letter and he wants very much to see you when he gets out of the hospital but at this point it isn't possible to know just when that will be. I think he is feeling a little better but he isn't quite up to correspondence yet or he would have written to you himself.

I hope things are going well with you and that perhaps I shall see you someday when you are in New York.

Dearest Paul:-

So far the trip has been delightful and the weather man has been most generous. We had two wonderful days in Yellowstone Park. We motored 120 miles the first day and the scenery was gorgeous. Yesterday we motored about sixty or seventy miles and saw two geysers erupt and shoot about 150 feet in the air. It was quite a sight. We saw lots of bears, antelopes, elk, buffalo, etc., roaming around the hills.

We arrived Boise, Idaho, this morning and the President is motoring through the city and making a speech from the Capital steps. Roberta and I remained on the train to do a little work.

All goes well and everyone is enjoying the trip. We arrive Bonneville tomorrow where the President speaks, then on to Seattle.

I hope you are not too lonesome -- I have been thinking of you and miss you much.

Lots of love to you and all,

Affectionately,

Tuesday, Eve

Dear Rally,

I have just finished my large dinner consisting of one main sandwich and a bottle of beer. I have only had this large meal since you left— one at Mahanoma and one here. It is so
good not to cook that I have had yet a sandwich for lunch and dinner. I
feel nice. The ice box, at last, is empty, but I feel full.
If well before your anticipated return, I shall be in Washington.

I remember that, before it was reported that Dr. R. asked what was to come of the country, we discussed what to do with the old house. Dr. R. asked me of it, I told him what I thought and he asked me to come there. He also asked if we were planning to come up. I told him so. We have been speaking of it."

Of course, I agreed! What

Mrs. Richelle told me
that Mr. Johnston told her

he would slit her throat.

Cute? He has handled her
roughly on 2 or 3 occasions
and bringing her home
and she is afraid of
him. He has to put
her on the head pan at
night and is so mean
about it that he
pulls and folds her
good leg almost out

More about your

Mrs. Jowey is home—bony and healthy looking. Mrs. Renee is much more of a nursemaid to the little girls and is still helping with her fat. I must get going for the last round-up. Much love to you—
