"Correspondence: Roosevelt, Eleanor, undated"
To be glad of life, because it gives you the chance to love, to work, to play, to look up at the stars. To take heed with your expectations, but not ordained with your preconceptions.

To cherish all the world except falsehood and sickness. To face death being a coward.

To be governed by your abilities, rather than by your shortcomings. To trust nothing that is your and throw aside his kindness of heart and gentleness of manner; to take seldom of its rewards, often of your friends, every day of Christ; to feel as much time.
as you can write today with great minds out of town, I'll be in with quick packs on the football & go away.
Dear Paula,

Looking forward to see you!

Yours truly,

Dear Miss Tully:

Will you please file and answer the enclosed things?

I had a telegram from the Governor saying that they had all arrived safely and his mother had a wire also and is going down on Sunday night to be with him for a week. None of us have had any letters as yet.

I would like you to forward my mail just the same next week as I shall be back on Sunday night from Washington and can do it on Monday with Miss Thompson, whereas if I wait until I get to Albany Thursday night, the accumulation will be something terrible.

I understood from the Governor that Mr. Bell was not going to do any movies for us after the first of May but that Mr. Mahoney said he could get a special operator anytime we wished. Perhaps Mr. Bell is doing it on this basis. If so that is quite alright but be sure to speak to Mr. Mahoney about it as I do not want to ask any favors of Mr. Bell or in any way disturb the Governor's plans.

Mr. Howe will be up next week, probably on Wednesday though I will let you know definitely later. I think his daughter, Mrs. Baker and her baby may come to the Mansion on Thursday the second of May, and stay a week or two. I will let you know this definitely later also but if they come I want them to be put in the nursery. She will not have a nurse with her so I will write to Mary to ask her to help in any way she can.
EXECUTIVE MANSION  
ALBANY, NEW YORK

Mrs. Leach and Miss Ely and eight girls will arrive Friday the 3rd and I will wire you on what train they are coming and William is going up on the second and I want him to meet them at the station. I have asked Mrs. Herbert Lehman to be hostess at tea on the afternoon of the 4th and I have asked Mrs. Leach to get in touch with Mrs. Lehman when she arrives. Please be there that afternoon and see if you can help Mrs. Leach or Miss Ely in any way in getting numbers for them or making any arrangements.

Could you send me the names of some capable business and professional women in the Women's City Club in Albany? I have an idea that there is no business and professional women's club there in Albany and the Altrus Club is anxious to find some one who would like to start a branch. If you can get these names I shall be very grateful.

Will you ask the executive office to send two or three of the Governor's photos to Mr. W. A. Wolff, 119 East 57th Street, New York, N.Y. He wishes to do a miniature and as he seems very anxious will you ask them to send the pictures as soon as possible?

Very sincerely yours,
Dear Tallly,

I checked one bag to Albany to eliminate the key & keep. Tell many my work comes with me. Tell purchase Red Walker. Bloom will clone it as best. At 7:30 please tell if you all not afraid of it. She had been quarantined with her small rats who have killed fleas.
I trust you came in late. Home will be up for the night really don't you. May the night if you will calm away - I'm going off about 10.30 Thursday. Make telephone inquiry 12th if he could get to the cottage or Wednesday to drive the quick up so I could see it Thursday. If so, he might get up in time to meet me at the train on Tuesday. I will be nice here you. lovely have this time off. T.H.

Dear Miss Tully:

Will you please find out from the people in Albany how many people are coming to tea on the 4th of May when Mrs. Leach and Miss Ely are there and let Whitehead know? Mrs. Lehman will be the hostess.

Will you give the enclosed note to Whitehead and will you also get a duplicate bill from the caterer and send it to me as soon as possible? Please ask the cook’s last name and fill it in on the check which I enclose in the note which I am sending with this.

I cannot remember what Mrs. Ackerly of Troy is referring to, will you look up her former letter or letters and tell her that I am only going to be in Albany from the evening of the 23th to the evening of the 12th and possibly for one day in the week of the 20th and therefore I do not think it will be possible for me to make any engagements during May.

Dear Tully:

I hope you will understand all the notes which I am sending you. I am enclosing my mileage ticket. If you want to come down on Friday the 5th, do so but be at the house on the 7th. You can call up and find out what time my train arrives so that if there is anything of the Governor's or my own, you can take it before you go back to Albany. If you prefer you can come down with Snyder that morning and use my mileage ticket to go back, and this would save the fare one way which probably would be wise. However, do whichever you think best.

I want the frames for the pictures to be close around them - no mats. $2.50 is enough to pay or even less - I want a very simple wood frame - merely an edge.

Has a little box come with two marionette figures? If so, please send it to Warm Springs. I want to show them to Mrs. Carpenter.

Write straight to Betsy in Cambridge for the clippings.

Also please send the Governor the Poughkeepsie papers and anything which you think I would like to read while I am away.

Please get from Whitehead a list of all the people belonging to the Mansion who will come to the Christmas Party - that is, wives and children so I shall have a general idea of how many presents to have for the children and grown ups. Also how many of the staff do I give Christmas presents to - that is how many are there?

Will you call the mill and find out how much I shall send you a check for? Will you send to Miss Thompson the full name and address of Mr. Reisley?

Also will you go to one of the furniture shops or hardware shops and price the baby sleeping things - they are made of fine screening and have a top and are on wheels - I think they are called Kiddie Koons. Do not order it until I hear from you about the price.

Please ask Mary to send Franklin, Junior's skates and boots to school.

This seems like a tremendous lot of work but it is all necessary.

Affectionately,

Dear Lucy, Put this letter in a box that you keep in the 2nd upstairs drawer or your desk. You should enjoy the envelope with your letter. I am now ready for a new project. This is a day trip everyone is trying to plan. Today I am in bed typing this letter. I hope you will enjoy the article for Women's News. I am sending it to Miss Thompson. I want to go back to school on Tuesday and go off on Wednesday. I think your lab technician is decent for everyone. I hope you went along with the team. Mrs. Smith drives there. We will be late for the ride. I told him he could take her ride. She will carry all in front with him.
