Dear Grace:

This note will introduce Lt. Col. Harry V. Edison. He has been flying with me over here, and is second in command of my outfit. He has been sent back to Washington to try and improve the situation there as regards their miscomprehension regarding the needs of Photo Reconnaissance units.

I think Pa would like to see him and he can tell him all about our adventures together. He also has a lot of pictures we've taken over here which should be interesting. When Father is through with the pictures would you be sure and have them forwarded on to Ruth in Fort Worth.

Many thanks and happy New Year.

Dear Grace:

As you may or may not know, I am settled here in Father's cottage, engaged in writing a book. It is largely the story of the conferences that I attended with Father, written to illustrate a restatement of his Peace-time aims. I greatly fear that the United States has to a large extent lost sight of those aims in the

of those engaged in trying to smear
his memory.

I am very anxious that
if you can get a weekend off this
fall, before Christmas, that you
come up and pay us a visit. I am
very anxious to get your advice
and aid.

I have the Cairo-Tehran one. With
those I can check on my notes for
accuracy as to dates, etc.

If you can’t come
up here, I would be glad to come
down to Washington some weekend
to go over with you what I am
doing.

Faye joins me in sending
all love and affection.
