Dear Mr. Ebon:

This is to acknowledge receipt of your recent letter requesting suitable material for use in connection with the preparation of an article on the future status of unrepatriable Europeans.

I regret that the War Refugee Board does not have available any material which would be of help to you for the purpose indicated.

Very truly yours,

War Refugee Board

Gentlemen:

I am at present working on an article dealing with the future status of unrepatriable Europeans. It is to be something like a continuation of my piece "The Homeless Return", which appeared in the July issue of Free World magazine: dealing with the international legal position of stateless and unrepatriable people, as well as with current immigration policies and laws of the countries of immigration.

It would be most helpful if you could make material available to me, which would be useful in preparation of this article.

Yours very truly,

Martin Ebon
