Thank you for your letter of August 21, 1944,
in which you express your desire to help needy refugees
by collecting supplies of good used clothing for them.

The Board is not in a position to undertake
such a project and while I am not informed as to the
needs of these agencies, you may wish to refer your sug-
gestion to the United Nations Relief and Rehabilitation

Sirs,

As I know all the people in the oppressed countries are in need of all wearing apparel and I have thought and wish that the people who are so fortunate could help them by giving our good used clothing shoes & etc. to get them up in large supplies, then the government could ship them over to these needy people.

I would like to be a chairman of my district with some expense money and some wage, however I'll be glad to donate some time and a lot of clothing that I possess will be a great help to these unfortunate people and will be a pleasure of ours - mothers who have boys and daughters when they doing their duty & get this thing over in a hurry - I have a son - a boy also a daughter in this cruel war.

I would be glad to serve any where - where I may be a help.

My address is -
