APR 4 - 1945

Dear Mrs. Horvath:

I have your letter of March 30, 1945, requesting material for use in the preparation of a paper on the subject of refugees for presentation to a discussion group.

I am enclosing a copy of the Executive Order which established the War Refugee Board and defined its functions and authority, together with a copy of the White House press release which was issued at that time. There are also enclosed copies of some of the Board's press releases which may be of some help to you. I am sorry that we have no documents on the history of German refugees in this country, nor am I informed as to the source from which such material might be obtained.

Very truly yours,

(Signed) Florence Hodel
