JUL 26 1945

Dear Mr. Lang:

When you were in Washington, I promised to advise you of the date of Mr. McClelland's return to the United States. We have just been informed that Mr. McClelland will not be able to come back to the United States for consultation before taking up his new assignment with the State Department. However, we have received additional material from Mr. McClelland which may possibly be of interest to you in case you want to look into this matter further.

Sincerely yours,

(Signed) Florence Hodel
