Dear Mrs. Reid:

For the War Refugee Board I want to thank you for the editorial on "The Rescue of Europe's Jews," which appeared in the Herald-Tribune of April 20.

Mr. Hirschmann's report is a heartening one. Barring military setbacks, we have reason to believe that the way is finally open for a steady stream of refugees to find their way via Turkey from the Balkans.

We appreciate the Herald-Tribune's commendation of the work the Board is doing.

Sincerely yours,

(Signed) John W. Pehle
