Dear Miss MacLennan:

Upon my return from a trip to the Midwest yesterday I saw the very nice story you wrote as a result of our conversation last week. I appreciate the way you handled a difficult subject and your willingness to permit members of the staff of the War Refugee Board see your article in advance. I believe Mrs. Mannon has told you that the Office of War Information made good use of your material in its broadcasts to the Middle East.

Sincerely yours,

(Signed) John W. Pehle
