PRIVATE Messages Sent to Hebrew Sheltering and Immigrant Society
Dear Sirs:

The following message for you from Jacobson was received through the American Mission in Bucharest under date of July 31, 1945, as No. 8:

"Regarding your telegrams Nos. 1 to 14 and future relief remittances, I have proposed to the United States Military Mission in Bucharest that you deposit funds with the War Department in Washington. The War Department would then instruct the Military Mission here to deliver United States dollar currency which we would convert into Romanian currency for payment to clients. Initiative of presenting the matter to the Finance Office of the War Department must be taken by you. You must point out that the American Red Cross and similarly recognized agencies are allowed transfer privilege by army regulations, and, therefore, you must endeavor to secure the same status for our organization. If the above proposal is approved by you, all funds hitherto transferred to the International Red Cross in Geneva obviously will have to be recalled. It is essential that urgent action be taken by you."

MAY 25 1944

Attention: Mr. Isaac L. Asofsky

Gentlemen:

The following message for you from Mr. Schweitzer was received from Istanbul under date of May 19, 1944:

"Reference your telegram dated May 4 requesting a report on rescue work. Have made a study of situation under the auspices of JDC and Jewish agency and have discussed entire subject with the Ambassador who is charged on behalf of War Refugee Board with task of rescue work and without whose understanding and appreciation of humanitarian effort and cooperation work would be impossible of realization.

"Situation is as follows: One. Several small boats carrying 250 each have brought so far 1,000 refugees from Rumania and Hungary. Jewish agency guarantees certificates for Palestine and Turkish transit visas have been granted through intervention of Steinhardt.

"Two. This work continues under auspices and financial responsibility of JDC and Jewish agency.

"Three. It is suggested that we participate in work mentioned above, and I therefore urge Hias appropriate $100,000. Suggest you obtain license through War Refugee Board to export funds to country which I will designate in later cable. Failing obtain license you should guarantee pay above amount after war.

"Four. Other methods being tried rescue as many as possible from Hungary but nothing concrete so far.

"Five. Refugee transportation by rail now reduced to minimum.

"Six. Turkish steamer TARJ ready to sail for two weeks but prospects obtain German safe conduct now remote."
"Seven. There are no refugees in Turkey which serves only as a transit stop. Not more than 100 now here and all in occupations."

Very truly yours,
