Mr. Abel Green,
VARIETY,
154 West 46 Street,
New York, New York.

Dear Mr. Green:

In accordance with your suggestion, we are forwarding a copy of the radio script "THE ROLL OF DISHONOR" by Forrest Barnes and Paul Dudley. An original musical score has been written for the show by David Broekman.

The War Refugee Board believes that a network presentation of this script would most effectively help our work of finding havens for the Jews we are rescuing from Hitler-dominated regions of Europe. The Board hopes that you can find a place for it in your popular program "THE HALL OF FAME".

The Board is prepared to assume responsibility for the payment of all the costs of production -- salaries of the cast, fees of the orchestra, expense of directing and staging, etc.

The Board is confident that you will give this script the serious consideration it deserves, first, on its own merits as a dramatic presentation, and, second, in the light of the purpose for which we are asking you to give it to the American people.

Very truly yours,

J. W. Pehle
Executive Director

P.S. My Special Assistant, Mr. I. M. Weinstein, will telephone you next week to arrange an appointment for further discussion at your convenience.
