Requests for Specific Aid: Blechner, Robert
Dear Mr. Blechner:

Reference is made to your letter of February 18, 1944, requesting the assistance of the War Refugee Board in bringing about the emigration of Mr. Heinrich Stern and his family from Holland.

I am sure you will understand that the task of the Board is so great that, of necessity, it cannot deal with problems limited to seeking out and rescuing any specific individuals. We shall, of course, do everything in our power to rescue and save the victims of enemy oppression who are in imminent danger of death.

I suggest that you may wish to refer your problem to a private organization. There is enclosed a list of some of the organizations which I am advised may be in a position to be of help to you.

Very truly yours,

(Signed) J. W. Pehle

Mr. N. Blechner,

War Refugee Board
Washington, D.C.

Attention: Mr. J. W. Pehle

Gentlemen:

I take the liberty to write you with reference to good friends of mine now in Holland: Heinrich Stern, his wife, three children, and Mr. Stern's father.

Mr. Stern's last known address was 52 Michelango Street, Amsterdam, Holland. His brother living in New York was informed recently via Palestine, that at the beginning of November, 1943 Mr. Stern and his family were still at the above given address, but were taken some time during November to a camp near Amsterdam.

I would appreciate it if you would kindly let me know whether you could take any steps in bringing about the emigration of Mr. Stern and his family from Holland.

I want to thank you full-heartedly in anticipation for any steps you could take in favor of this case. I know, of course, that it will be difficult for you to single out one family while millions are trying to escape from Europe, but I thought it advisable to submit this case to you because, fortunately enough, we still know where this family is supposed to be at the present time.

Very truly yours,

N. Blechner

Dear Mr. Friedman:

I wish to repeat my thanks for the opportunity you gave me some time ago to discuss with you the question of saving some people now in Holland. I have delayed my letter to Mr. Pehle because I wanted to give you as much data as possible as to the persons I had in mind.

Unfortunately, I cannot get any reliable information of any recent date for most of the persons I had in mind. However, with reference to one family, recent information arrived as to their whereabouts and, therefore, I wrote to Mr. Pehle as per copy enclosed.

Thank you again and in anticipation for whatever you could do in this case, I am

Sincerely yours,

[N. Blechman]

Mr. Norbert Blechner, 40 Rector Street, New York City, was sent to me by your office this morning. Mr. Blechner stated that he was in Washington on other business but having seen notice of establishment of the War Refugee Board came in to inquire whether the Board could do anything to assist in the rescue of certain Jews from Holland. Blechner stated that he was a former German citizen who had gone to the Netherlands in 1938 from Germany, working there until shortly before the war in 1939 when he went to Brazil, subsequently coming to the United States. According to Blechner, he has taken out his first citizenship papers here.

Mr. Blechner stated he simply came in as a private citizen to talk about the possibility of rescuing from Holland certain friends of his and of other persons now in the United States. He apparently knew nothing definite about their exact whereabouts but through information received is of the opinion that as late as November 1943 they were still in a concentration camp near Amsterdam. Blechner stated that he had not made any inquiries through private organizations working in the field to meet this problem although he did not explain.

I told Mr. Blechner that we would be glad to receive any specific information with respect to Jews in Holland and also any suggestions he might have for getting them out. He said that he would send us soon such information as he could get.
