Dear Dr. Braun:

I have your letter of March 25, 1944, requesting the aid of the War Refugee Board to enable certain of your relatives to escape from Hungary.

I am sure you will understand that the task of the Board is so great that, of necessity, it cannot deal with problems limited to seeking out and rescuing any specific individuals. The Board is directing unstinted efforts to the solution of the problems precipitated by recent developments, and I assure you that everything in its power will be done to rescue and save the victims of enemy oppression who are in imminent danger of death.

I suggest that you may wish to refer your problem to a private organization. There is enclosed a list of some of the organizations which I am advised may be in a position to be of help to you.

Very truly yours,

{Signed} J. W. Pehle
