Dear Mr. Keating:

Pleasant of your visit to the board on February 6, I wish to inform you that the names of your clients, Wladyslaw, Stefanie, and Jawlga, Kozon are included in the lists at our disposal among those who departed from Vittel with the second transport, in May, 1944. Accordingly, their names are known to our representative in Switzerland and inquiries have been instituted with the German authorities in the intermediary of the Swiss Government, regarding the whereabouts of these persons.

As you are informed orally, these inquiries have not yet led to any result, but are being unceasingly pursued.

It may not appear that any further step can be taken at this time with regard to these persons.

Yours very truly,

(Signed) Florence Hodel
