also for my brother in law named Albert B. Gluck - to save them from terror and horror, Even was in Washington and did talk to the vice counsel Mr Winson who promised to help me in this matter, when the new immigration law came in at 1941 I filled new visas which was satisfactory and are still in Washington under No 811111. - Even with all my efforts, nothing turned out in this matter. My plea is now that when the rescue will start to keep my folks on file

with those who will be saved and brought over to this or any other country to live in peace for their remaining years.

Many thanks for your assistance

Respectfully yours
