Sir:

With reference to the Department's telegran No. 817 and the Embassy's telegran No. 1015 of October 13 and October 20, 1944, respectively, and under previous correspondence on the same subject, I have the honor to transmit herewith a copy and free translation of a note which the Embassy has received from the Ecuadorian Ministry for Foreign Affairs regarding the protection of refugees in German-held territory who bear Ecuadoran passports or other documents irregularly issued.

It will be seen that the Ecuadoran Chargé d'Affaires in Switzerland has reported to his Government the request of the Swiss authorities that, as a prerequisite to their undertaking to represent Ecuadoran interests in connection with the protection of the aforementioned refugees, the Ecuadoran Government recognize as Ecuadoran nationals the bearers of Ecuadoran documents irregularly issued and that the Ecuadoran Government, in view of its inability to meet this request, has decided to suspend negotiations in the matter.

Enclosure No. 1 to Despatch No. 2323, dated November 7, 1944, from the American Embassy, Quito, Ecuador, on the subject: Suspension of Ecuadoran Efforts to Safeguard Refugees in German-Held Territory Bearing Ecuadoran Passports Irregularly Issued.

República del Ecuador
Ministerio de Relaciones Exteriores
Departamento Diplomático

Quito, a 30 de octubre de 1944

Señor Embajador:

Oportunamente transladé a conocimiento de Vuestra Excelencia que el Gobierno del Ecuador, no obstante haber negado la validez de los pasaportes obtenidos ilegalmente por israelitas que se hallan viviendo en territorios ocupados por las fuerzas del Eje y, considerando las dificultades por las que atraviesan esos individuos al no ser privada de dichos documentos, había resuelto no insistir en la nulidad de esos papeles, mientras ellos sirvieran para proteger la vida y los bienes de sus portadores.

De acuerdo con un principio de humanidad, mi Gobierno se dirigió a su representante diplomático en Suiza, a fin de que obtenga que el Gobierno Federal, como Encargado de los intereses del Ecuador en las Naciones del Eje, gestione ante las autoridades alemanas para que respeten la calidad de extranjeros a individuos que estuvieran amparados por papeles ecuatorianos.

El señor Encargado de Negocios del Ecuador en Suiza me ha comunicado que el Departamento Federal ha manifestado la necesidad de que, a fin de llevar a cabo la gestión encomendada, el Gobierno ecuatoriano debe, previamente, reconocer la nacionalidad ecuatoriana a los portadores de esos documentos.

El Gobierno del Ecuador no puede acceder por ningún motivo a la exigencia planteada por el Departamento Federal, pues, a más de que la declaración solicitada significaría la validación de papeles obtenidos mediante procedimientos fraudulentos, las disposiciones constitucionales que regulan la declaración de nacionalidad, establecen un trámite del que no se puede prescindir sin incurrir en grave falta que daría origen a un juicio legislativo y a la censura de quien autorizase el quebrantamiento de las leyes fundamentales de la nación.

En consecuencia,

Al Excelentísimo Señor
Don ROBERT McKENZIE SCOTTEN,
Embajador Extraordinario y Plenipotenciario de los Estados Unidos de América
PRESENT
En consecuencia, mi Gobierno al reiterar al de Vuestra Excelencia su propósito de no insistir, por el momento, en la nulidad de esos documentos, le participa que, en vista de lo que antecede, ha resuelto suspender la gestión en referencia ante el Gobierno suizo.

Valgome de la oportunidad para reiterar a Vuestra Excelencia las seguridades de mi más alta y distinguida consideración,

Enclosure No. 2 to Despatch No. 2323, dated November 7, 1944, from the American Embassy, Quito, Ecuador, on the subject: Suspension of Ecuadorian efforts to safeguard refugees in German-held territory bearing Ecuadorian passports irregularly issued.

Republic of Ecuador
Ministry for Foreign Affairs
Diplomatic Department

Quito, October 30, 1944

Mr. Ambassador:

In due course I informed Your Excellency that the Government of Ecuador, in spite of having denied the validity of passports obtained illegally by Jews living in territories occupied by Axis forces, and considering the difficulties through which these persons would pass if they were deprived of said documents, had decided not to insist on the invalidity of these papers while they might serve to protect the life and property of their bearers.

In accordance with humanitarian principles, my Government addressed its diplomatic representative in Switzerland in order to arrange for the Federal Government as protector of Ecuadorian interests in Axis nations, to negotiate with the German authorities so that they would respect the foreign status of persons who might be protected by Ecuadorian papers.

The Chargé d'Affaires of Ecuador in Switzerland has informed me that the Federal Government has indicated that it is necessary, in order to carry out the negotiations entrusted to it, that the Ecuadorian Government previously recognize the Ecuadorian nationality of the bearers of these documents.

The Government of Ecuador cannot accede on any account to the requirement stipulated by the Federal Government since, in addition to the fact that the declaration

His Excellency
Robert McGregor Scotten,
Ambassador Extraordinary and Plenipotentiary
of the United States of America
declaration requested would mean the validating of papers obtained through fraudulent means, the constitutional provisions that regulate the declaration of nationality establish a procedure which cannot be set aside without committing grave error that would give rise to a legislative investigation and to censure of whoever might authorize the violation of the fundamental laws of the Nation.

Consequently, my Government in reiterating to Your Excellency's Government its intention of not insisting for the moment on the invalidity of those documents, informs it that in view of the foregoing, it has decided to suspend the negotiations under reference with the Swiss Government.

I avail myself of the opportunity to renew to Your Excellency the assurance of my highest and most distinguished consideration.

/s/ J. Enriquez

Likewise, it has been requested to state that the United States is authorized to negotiate the exchange of such persons.

The Ecuadorian Ministry for Foreign Affairs, in responding to the note of the Embassy of the United States dated August 19, reiterated its intention of not declaring invalid passports granted illegally while they may serve to protect the life and property of their holders but (reiterates) that these persons are not thereby authorized to enter Ecuador.

STOP The Haitian Government urgently asks for information concerning their address and health and expects their immediate transfer to a civilian internment camp where they could be easily available for exchange and where, in awaiting this exchange, they will be placed under the supervision of the Red Cross and of the International Red Cross. The Haitian Government also declares that it will not permit that Germany place in doubt the validity of any documents delivered in its name and that it expects that the German Government will record the holders of those documents in the name of Haiti under which the German Government expects to obtain for its nationals in the Eastern Hemisphere. TO MINISTER HARRISON AND MCCLELLAND, BERLIN, GERMANY.

With reference to your 6222 of September 22, you may request Swiss Foreign Office to inform Hungarian authorities that, if they so desire, this government will be glad to treat as a Hungarian national any person in the United States who claims Hungarian nationality even if the claim of such person to Hungarian nationality is not well established, and thus permit him to benefit from protection of State representing Hungarian interests.

This government assumes that other American republics will also accede to such a request, in case Hungarian authorities are really desirous of making it.

Please convey to Hungarian officials through such informal channels as may be available to you that this government views the Hungarian inquiry as auspicious in view of the circumstances and considers it to have been made in an endeavor to gain time. Such officials should be advised that this government will hold them personally accountable for any harm that may befall any person claiming the nationality of an American republic as the result of the Hungarian government's failure to accord him the rights and privileges due to a national of an American republic. In this connection, you should also convey to appropriate Hungarian quarters the sense of Department's 2290 of July 21 paragraph three.

With reference to Legation's message dated September 7, No. 5694, paragraph five, (Ecuadoran Interests Germany and Hungary), a note with regard to protection of individuals in Germany claiming Ecuadoran Nationality of Federal Political Department was forwarded on May 12 by the Ecuadoran Consulate, we were told by Swiss. Contradictions of such a nature were contained therein that its meaning was difficult for the Swiss to interpret. It is said the Consulate was not able to supply explanatory interpretation of the note and the Consulate concurred with Swiss that in order to avoid misintendedness, they should ignore note of May 12. In the meantime, contents of the note were sent by Federal Political Department to Swiss Legation Berlin for informational purposes while waiting for clarification. Ecuadoran Consulate decided to ask Government of Ecuador for such clarification.

A communication dated August 30 conveying the request of the Government of Ecuador that bearers of Ecuadoran papers in Hungary be protected by Swiss has been received by the Swiss from Ecuadoran Consulate. The reply was made by the Swiss that since Ecuadoran interests are not represented by the Swiss in Hungary, they could not consider this request.

It is stated in a note dated September 16 from the Foreign Office that the Government of Hungary is informed of the pertinent portions of Department's 2407 and previous instructions concerning extension of Swiss protection to all persons in Hungary bearing a passport or other document which an American Republic issued whether or not the validity of those documents be contested or even claiming without documentary proof nationality of one of the American Republics until the interested Government is able to verify claims. It is reported by the Swiss Legation in Budapest that the Hungarian Foreign Office before taking a decision, wants to be advised whether if it further considers this matter, the states further requesting this treatment for persons claiming such nationality guarantee to accord reciprocity to Hungary. The Hungarian Government, in other words, wants to be advised whether persons in the United States or other American Republics claiming Hungarian nationality might benefit protection of states representing Hungary in those countries even if their claim to this protection is not well established.

Instructions as to the reply to be made to the Government of Hungary are requested by the Swiss Foreign Office.

Reference is made herewith to Department's cable No. 2899 and to Legation's of August 18, 1944, No. 5233.

Reliable Hungarian reports received recently by Salmeyer, explicitly confirmed by Enstner are that under present circumstances false El Salvador "nationality" documents give the bearer no protection whatsoever. It is felt by us to be inadvisable to make use of information contained in your cable No. 2899, for this reason as well as for reasons set forth in the penultimate paragraph of cable No. 5233.

As regards official United States presentation to Swiss Federal Political Department of Salvadoran documents for delivery to persons in Germany and German occupied territory other than Hungary who claim Salvadoran nationality, repeated attempts have been made by the Legation to secure confirmation that validity of documents fraudulently issued by the Salvadoran Consulate General at Geneva will be recognized by the Government of El Salvador. To date the Legation has not felt it advisable to present these documents officially to Swiss FDP for forwarding owing to complete absence of any such confirmation. We should be glad to receive your instructions in this matter.

Attach Memo

The Ministry for Foreign Affairs, having been informed of the perse-
ecution which at present is taking place in Hungary against persons of
a certain race, among whom are many who possess passports issued in the
names of American Republics, has addressed its diplomatic representative
in Switzerland to arrange for the Federal Government as representative of
the interests of Ecuador in Axis nations or satellites thereof to notify
the Government of Hungary that the Government of Ecuador recognizes
the validity of documents or passports issued in its name and that accordingly
it is expected that the bearers of such papers will be accorded the rights,
privileges and immunities which Ecuadorian nationals enjoy. Likewise it has
been requested to state that the United States is authorized to negotiate
the exchange of such persons.

The Ecuadorian Ministry for Foreign Affairs, in replying to the afo-
mentioned Embassy of the United States dated August 19, reiterates
its intention of not declaring invalid passports granted illegally while
they may serve to protect the life and property of their holders but (re-
iterates) that these persons are not thereby authorized to enter Ecuador.

Subject: Venezuela agrees to admit Jewish refugees from Hungary.

The Honorable
The Secretary of State,
Washington, D.C.

Sir:

I have the honor to report that I was today
informed by Dr. Albert J. Poquinos, of the Venezuelan
Jewish Association, that following the receipt on
August 18, 1944 of a cable from the HIAO-ICA Emigration
Association, 386 Fourth Avenue, New York City, stating
that the Hungarian Government is prepared to permit the
departure of all Jews able to obtain visas for any other
country, he and four associates took up with President
Medina the possibility of entrance into Venezuela.
President Medina was asked to allow entrance visas into
Venezuela for (a) children under ten years of age and
(b) adults under temporary visas for the war's duration
to be quartered in free camps similar to those in the
United States, England and Canada.

Dr. Poquinos informed me that as a result of the
discussions which the group of five including himself had
with President Medina, the Venezuelan Government yesterday sent cabled instructions to its legation at Lisbon
authorizing it to grant visas to Jewish refugees who
apply, regardless of age and without restrictions.

Subject: Request of Guatemalan Government for Protection of Interests in Hungary by Swiss Government.

The Honorable
The Secretary of State,
Washington, D.C.

Sir:

I have the honor to refer to the Department's Secret Circular Airgram of August 3, 11 a.m., 1944, concerning the desired assumption of the protection of Latin American interests in Hungary by a neutral Government.

In a conversation with the Foreign Minister on August 11, I placed before him the substance of the Department's Airgram in reference, and as a result I have now received the enclosed Note from the Foreign Office (No. 10380, of August 14, 1944), from which the Department will observe that the Swiss Government is requested to assure the protection of Guatemalan interests in Hungary under the conditions outlined in the cited Airgram, albeit the Government of Guatemala is not currently in a technical state of war with Hungary. This may present an obstacle to the accomplishment of the desired ends, but, as the Guatemalan Government itself points out, it withdrew its only representation, a Consul in Budapest, because of Hungary's position as a satellite of Germany. It will be observed that in the enclosed Note the Guatemalan Government reserves the right to investigate cases of persons bearing Guatemalan documents and, in appropriate cases, to refuse admission to Guatemala.

Respectfully yours,

Miss Chanoucy (for the Soc'y), Abrahamsen, Akin, Dohn, Daniels, Drury, Friedman, Gester, Holod, Laughlin, Loes, Mann, McCracken, Marks, Pohl, Sargent, Standidge, Weinstein, Cable Control Files.
The Secretary of State in the Ministry of Foreign Affairs of Guatemala respectfully greets your Excellency, the Ambassador Extraordinary and Plenipotentiary of the United States and has the honor to request your collaboration and that of the Government of the United States in requesting the Government of Switzerland to assume the representation of Guatemalan interests in Hungary.

Although the Government of Guatemala is not in a declared state of war with Hungary, in view of the control which that country was subjected to by Germany, and her collaboration against the cause of the United Nations, this Government closed its Consulate in Budapest and consequently national interests do not have protection in that Kingdom.

Although Guatemalan interests in Hungary are merely nominal, the Government of Guatemala would appreciate the protection of the Government of Switzerland especially as regards the following:

2) The Government of Hungary must be notified that it is expected that it will extradite persons who possess such passports and documents the same treatment, the same rights, privileges and immunities as those corresponding to nationals of the Republican of Hungary.

3) The Government of Guatemala recognizes and confers these passports and other documents issued in her name in favor of persons who are subject to persecution in Hungary.

3) The Government of the United States is authorised to negotiate the exchange of these persons.

The Government of Guatemala retains its right to object and submit to a careful investigation the legality of the documents in possession of the persons under reference; and, in no case shall authorize their entry into Guatemalan territory before the results of the investigation have been satisfactory. However, this Government shall exercise that right until the interested parties have been taken to a safe place.

Carlos Schafer appreciates your Excellency Mr. Bland Long the courtesy in transmitting this request to the Department of State, so that it may be made known to the Government of Switzerland, and avails himself of the opportunity to renew to him the testimony of his highest and most distinguished consideration.

In the absence of the Minister for Foreign Affairs, I asked the Under Secretary whether his Government would be willing to ask Switzerland to represent Haitian interests in Hungary in order to protect the lives of persons holding documents issued in the name of the Haitian Government (Department's Airgram of August 5, 11:00 a.m., 1944).

The Under Secretary stated that he perceived no objection in principle and that he would consult the Minister on his return to Porto-Prince at the beginning of next week.

Please refer to previous communications regarding persons affiliated with persecuted European groups in enemy controlled areas holding documents issued in the names of American republics and efforts to safeguard their lives. Intense persecution of such groups, including forced deportation and mass extermination has been introduced into Hungary, where persons holding documents issued in the names of American republics are reported to be in danger because of absence of representation in that country. Ambassadors have cabled:

"NOTE: With regard to general question of Latin American documentation in German controlled countries, the suggestion that such Latin American Governments as have not previously made arrangements for their interests in Hungary to be taken care of urgently ask Switzerland or other neutral country to assume such representation is made by the Legation for the consideration of the Department. All Latin American countries without direct representation in Hungary except Uruguay, Chile, Brazil and possibly El Salvador, would seem to be concerned in this."

Please consult appropriate officials of the Foreign Office in an endeavor urgently to secure representation in Hungary by Switzerland for the Government to which you are accredited. Although such government's interest in Hungary may be nominal, its representation in Hungary preferably by Switzerland is an essential first step to the humanization effort to save the lives of persons whose documents issued in such government's name, and the approach to the Foreign Office should be on that basis. If the government to which you are accredited agrees to this measure, please request it to instruct the protecting power substantially as follows: (1) Passports and other documents issued in its name to persons in Hungary subject to persecution, are recognized and confirmed; (2) Hungarian Government to be advised and that it is expected that persons holding such passports and other documents will be accorded the rights, privileges, and immunities of nationals of the government to which you are accredited, and (3) the United States is authorized to negotiate for the exchange of such persons. You
may assure the Foreign Office that in the event of such negotiation every preference will be given by the United States to unquestioned nationals of the government to which you are accredited, and that such government will not be expected physically to receive other persons, who, if exchanged, will be routed to other havens.

If desired this Government would be willing to act as a channel of communication in representation matters between it and the Swiss or other neutral Government to which it wishes to entrust its interests in Hungary.

Please advise the Department promptly of the results of your approaches.

DECLASSIFIED
State Dept. Letter, 1-11-72
By H. H. Fiske Date, SEP 15 1972
Albany, Sept. 22

Please refer to your Dept. Note of September 14.

The following cable dated September 22 (Germ, No. 6376) has been received from McClelland:

"NOTE: McClelland sends the following for the War Refugee Board:

Reference is made herein to the Department's September 14 cable No. 386.

A note dated September 8 from Swiss Federal Political Department received by the British Legation at Berlin and reporting substance of a conversation between an unnamed German foreign office official and Swiss Minister Feldsher at Berlin is the basis for the British Minister's telegram under reference.

An approach had been made to the Germans by Feldsher concerning evacuation of some initial group of 3,000 Hungarian Jews from Hungary holding Palestine certificates for whom the Swiss Legation at Budapest issued a collective passport in late July. (Legation's August 6 cable No. 4973 and August 8 cable No. 5065 mentioned this). The Germans replied to British Minister's telegram stating that since the departure of these people for Palestine would disturb German plans, ''they could not...''

not permit these people to go. However the German Foreign Office
intimated to Feldsher "that if these Jews were going to
American or British territory their departure would be viewed
more favorably". Consequently there is no question that a concreter offer on the part of the German Government to
permit such a group to depart if Allies agreed to accept them
in either American or British territory but a vague statement
only that "more favorable consideration" would or might be
given to such a proposal. In addition the Swiss note reports
very definite request by Germans that for security reasons an
exact list of Jews whose departure is contemplated should be
furnished the Germans. Note also that this was only a verbal
(not written) statement from German Foreign Office which as
is well known exerts only very slight influence on decisions
and plans of Gestapo and SS who are obviously, so far as the
German Government is concerned, in control of the Jewish
situation in Hungary.

The British Legation at Bern with whom I discussed this
question is of the opinion that the Swiss Legation at Budapest
should not under any circumstances be requested to deliver to
the Germans lists of Hungarian Jews or that transit of any
group or groups of Jews through German-controlled territory
at this particular time would be, to say the least, an
extremely
extremely hazardous undertaking. Unless real control by some such organ as IRO could be assured, permission for such transit if it were granted could scarcely be relied upon. It is the feeling of the British legation here that the responsibility of recommending such a move could not be assumed by it.

In agreement with the point of view of the British I feel that it would be exceedingly dangerous to try to evacuate Hungarian Jews through territory controlled by the Germans which now that exit by way of Bulgaria and Romania is barred, is the only existing route. With respect to the eventualities of the Germans attempting to hold the Allies responsible for not accepting an offer which it could hardly be said, after all, has been concretely made would on their part constitute pure chicanery.

As an alternative an offer might be made to the Germans via the Order to grant temporary haven in Allied territory to the group of E. 60 or more Hungarian Jews who did not have Palestine certificates and who did not plan to go to Palestine eventually on the Legation's August 25 cable No. 5870 suggested. Of course from the Jewish point of view this would raise very knotty problem of mix selection in Hungary of a non-Palestine group. The possibility exists for the British to declare formally that this group would not go to Palestine and the
October 2, 1944, from to London

German alleged objection to Palestine immigration would thus be offset. It could be stated, if the Germans insisted on knowing the ultimate destination, that division of this group among various overseas countries of immigration was being actively arranged. It might be possible, in order to ease the problem of settlement of such a group in the postwar, if [This could be done without German suspicion being aroused, to affect Hungarian Jews who desired to return to their country when the war is over. The idea of getting Jews out of Europe permanently is an obsession in certain Nazi circles and they will not tolerate the departure of those they feel may come back again.

An additional alternative of a more positive nature would be to make a concrete offer to admit a group of 1,000 or more Hungarian Jewish children into the United States, for instance, those whose parents have been deported in line with August 21 cable No. 2877 from the Department. Pending possibility to evacuate such children to the United States they could possibly be conveyed under ICRC control from Hungary for a temporary sojourn in Switzerland.

The following reply has been sent to Maclelland as No. 2876 of September 22:

We concur in your conclusion that it probably would not be
be useful to pursue further the vague suggestion by the German Foreign Office that a request for the emigration from Hungary of Jews holding Palestine certificates might be more favorably considered if such Jews were going to American or British territory.

With regard to your suggestion that perhaps efforts could be made to facilitate the emigration of children and others who do not have Palestine certificates, your attention is called to the fact that the Legation in Bern already has broad authority to grant visas for entry into the United States.

Particular reference is made to Department's No. 2877 of August 21, which made available approximately 4,000 American visas for children in Hungary; Department's No. 2806 of July 29, which made special provisions in favor of persons to whom American immigration visas were issued or authorized after July 1, 1941; and Department's No. 1918 of August 24, making special provisions in favor of close relatives of American citizens and alien residents in the United States. Please refer also to Department's No. 5120 of September 9 which summarizes the arrangements made by this government for the emigration of refugees from Hungary to the United States and other countries.

You were requested to bring the foregoing arrangements to
-8-, 97666, October 2, 1944, 2:00 a.m., London

the attention of the United Government and the International Red Cross, and through them, to the attention of the German and Hungarian authorities in an effort to effect the evacuation from Hungary of as many as possible of the refugees for whom arrangements have thus been made. We assume that you have done everything possible to execute these instructions, and if anything further can be done in this regard, we are sure that you will proceed to do so under the already existing authorizations. You will note that the authorizations above referred to are applicable to substantially more than the 2,000 refugees referred to in your No. 6876 of September 22.

In view of McMillan's cable, we do not (repeat not) intend to take any further action in connection with the vague intimation of the German Foreign Office that the emigration of some 2,000 Hungarian Jews holding Palestine certificates might be more favorably considered if their destination were to be American or British territory.

As you will note, however, we have indicated to McMillan that he should continue to do everything possible to effect the emigration of those Jews from Hungary into "non-Arab" territory for whom arrangements have already been made. Since these arrangements presumably have been communicated to the government authorities,
-7-, 77566, October 2, 1944, noon to London

German some time ago, it is not known whether any success can be achieved. However, we will continue to make effort to that end.

For your convenience and for the information of appropriate officials of the British Government and of the Intergovernmental Committee, following is a summary of arrangements already made by this government for the emigration of Jews from Hungary to the United States and other territory:

(1) On August 31 the Legation in Bern was authorized to issue visas under liberal conditions to approximately 4,000 children arriving in Switzerland from Hungary. This authorization was issued in such manner as to assure the validity of the visas until transportation to the United States is available. The Legation was instructed at the same time to advise the Swiss authorities of the authorization to issue visas, and to make all appropriate efforts to arrange for the release from Hungary of children eligible for such visas.

(2) On August 1 the Legation in Bern was authorized to issue, under certain conditions, new American immigration visas to any person in enemy-controlled areas who held an American visa or for whom a visa was authorized after July 1, 1941. The Legation was instructed to

(a) advise the Swiss authorities of this authorization;

(b) request
-3- 87.08, October 2, 1944, from London

(b) request the Swiss Government to advise enemy governments of Switzerland's willingness to permit the entry, with or without transit visas, of all persons to whom immigration visas were issued on or subsequent to July 1, 1941; and

(c) advise the Swiss authorities that such persons entering Switzerland would be adequately maintained until eligibility for new visas was determined, and that all persons found ineligible would promptly be evacuated from Switzerland.

The same authorization and instructions were sent to Sweden, Turkey, Spain and Portugal.

(a) On August 24 the Legation in Bern was directed to request Swiss authorities to advise enemy governments, particularly Germany and Hungary, that American Consular Officers in neutral countries had been authorized to issue immigration visas to

(a) the alien husband, wife, parent and unmarried minor children of an American citizen; and
(b) wife and unmarried minor children of an alien resident in the United States who has been in an area controlled by Germany or any of her allies, provided any such person(s) presents himself to an American
American Consular Officer and is found not to be disqualified for a visa. At the same time, the Legation in Bern was requested to secure the agreement of Switzerland to advise enemy govern-
ments of its willingness to permit the entry into Switzerland of persons falling within the categories indicated above, and to assure the Swiss officials that persons so admitted will be ade-
quately maintained pending determination of eligibility for such visas, and those found unqualified will be evacuated promptly. Similar instructions were sent on the same date to
Sweden, Turkey, Spain and Portugal.

(4) Assurances have been obtained from the governments of Ireland and various Latin American Republics that they will receive at least 2,000 children. In addition, Mexico has
assured this government of its willingness to give emergency shelter to an unspecified number of refugees from enemy terri-
tory for the duration of the war. Among the neutrals, the
governments of Spain and Sweden have agreed to admit children, numerous adults, and persons to whom American visas were issued or authorized after July 1, 1941. Spain alone has authorized
2,000 visas.

In view of the foregoing, it is apparent that adequate assurances have already been afforded the Germans to test the
sincerity of the intimation that refugees might be permitted
to leave Hungary if they go to the United States and not to
Palestine. Accordingly, it seems more practicable to continue
cour efforts to effect evacuation under these existing authorizations
rather than to pursue further the somewhat nebulous statement
of the German Foreign Office referred to in your
It will be appreciated if you will express our views on
this matter to the appropriate officials of the British Govern-
ment and the Intergovernmental Committee.

Here note full text of cable from Bern.

The following reply has been sent to McClelland as No. of:

Here note full text of cable to McClelland.

In view of McClelland's cable, we do not (repeat not) intend to take any further action in connection with the vague intimation of the German Foreign Office that the emigration of some 2,000 Hungarian Jews holding residence certificates might be more favorably considered if their destination were to be American or British territory.

As you will appreciate, we have indicated to McClelland that we shall continue to do everything possible to effect the emigration of these Jews from Hungary into 'neutral' territory for whom arrangements have already been made. Since these arrangements presumably have now been consummated, we understand from you that a few months ago, it is not known whether any success can be achieved. However, we will continue to make every effort to that end.

For your convenience and for the information of appropriate officials of the British Government and of the Intergovernmental Committee, following is a summary of arrangements already made by this government for the emigration of Jews from Hungary to the United States and other territory:

(1) On August 23 the Legation in Bern was authorized to issue visas under liberal conditions to approximately 4,000 children arriving in Switzerland from Hungary. This authorization was issued in such manner as to ensure the validity of the visas until transportation to the United States is available. The Legation was instructed at the same time to advise the Swiss authorities of the authorization to issue visas, and to make all appropriate efforts to arrange for the release from Hungary of children eligible for such visas.
(c) On August 1, the Legation in Bern was authorized to issue, under certain conditions, new American immigration visas to any person in enemy-occupied areas who had an American visa in her name, a visa was authorized after July 1, 1941. The Legation was instructed to

(a) advise the Swiss authorities of this authorization;

(b) request the Swiss Government to advise enemy governments of Switzerland's willingness to permit the entry, with or without transit visas, of all persons whose immigration visas were issued on or subsequent to July 1, 1941; and

(c) advise the Swiss authorities that such persons entering Switzerland would be adequately maintained until eligibility for new visas was determined, and that all persons found ineligible would promptly be evacuated from Switzerland.

The same authorization and instructions were sent to Sweden, Turkey, Spain and Portugal:

(3) On August 24, the Legation in Bern was directed to request Swiss authorities to advise enemy governments, particularly Germany and Hungary, that American Consular officers in neutral countries had been authorized to issue immigration visas to

(a) the husband, wife, parent and unmarried minor children of an American citizen; and

(b) wife and unmarried minor children of an Alien, resident in the United States,

who had been in an area controlled by Germany or any of her allies, provided any such person presents himself to an American Consular officer and is found not to be disqualified for a visa. At the same time, the Legation in Bern was requested to secure the agreement of Switzerland to advising enemy governments of its willingness to permit the entry into Switzerland of persons falling within the categories indicated above, and to advise the Swiss authorities that persons as admitted will be adequately maintained pending determination of eligibility for such visas, and those found ineligible will be evacuated promptly. Similar instructions were sent on the same date to Sweden, Turkey, Spain and Portugal.

(a) Assurances have been obtained from the governments of Brazil and various Latin American republics that they will receive at least 3,000 children. In addition, Brazil has assured this government of its willingness to give emergency shelter to an unspecified number of refugees from enemy territory for the duration of the war. Among the neutrals, the governments of Spain and Sweden have agreed to admit children, numerous adults, and persons to whom American visas were issued or authorized after July 1, 1941. Spain alone has authorized 2,000 visas.
In view of the foregoing, it is apparent that adequate assurances have already been afforded by Germany to test the sincerity of the intimation that refugees might be permitted to leave Hungary if they go to the United States and not to Palestine. Accordingly, it seems more practicable to continue our efforts to effect evacuation under these existing authorizations than to pursue further the somewhat nebulous statement of the German Foreign Office referred to in your No. 7473.

It will be appreciated if you will express our views on this matter to the appropriate officials of the British Government and the Inter-governmental Committee.

McClelland sends the following for the Joint Refugee Board.

Reference is made herein to the Department's September 14 cable No. 3105.

A note dated September 8 from Swiss Federal Political Department received by the British Legation at Bern and reporting substance of a conversation between an unnamed German Foreign Office official and Swiss Minister Feldscher at Berlin is the basis for the British Minister's telegram under reference. An approach had been made to the Germans by Feldscher concerning emigration of some initial group of 2,000 Hungarian Jews from Hungary holding Palestine certificates for whom the Swiss Legation at Budapest issued a collective passport in late July. (Legation's August 3 cable No. 4072 and August 5 cable No. 5046 mentioned this). The Germans replied, as British Minister's telegram stated, that since the departure of these people for Palestine would disturb "German relations with Arabs" they could not permit these people to go. However the German Foreign Office intimated to Feldscher ("au besoin entendre") that if these Jews were going to American or British territory their departure would be viewed more favorably. ("envisagerait plus"

plus favorably to deport, et cetera). Consequently there is no question whatsoever of a concrete offer on the part of the German Government to permit such a group to deport if allies agreed to accept them in either American or British territory but a vague statement only that "more favorable consideration" would or might be given to such a proposal.

In addition the Swiss note reports very accurately: "Munich will no longer be mentioned in the list of Towns whose departure "is contemplated," for reasons of security. The Swiss Government is also informed that the Italian plans for the deportation of Jews (to Tunisia) are being abandoned. The situation as far as the German Government is concerned, in control of the German Government in-contrôle, is obviously in control of the Jewish situation in Hungary. English Zionists have been informed that plans for deportations of certain groups of Jews will be postponed. The British situation in Hungary, although not precisely defined, is obviously in control of the Jewish situation in Hungary.

The British Legation at Bern with whom I discussed this question is of the opinion that the Swiss Legation at Budapest should not under any circumstances be requested to deliver to the German list of Hungarian Jews and that transit of any group of groups of Jews through German-controlled territory at this particular time could, to say the least, be extremely hazardous. Unless real control by some such organ as ICGC could be assured pursuant for such transit if it were granted could scarcely be relied upon. It is the feeling of the British Legation here that the responsibility of recommending such a move could not be assumed by it.

In agreement with the point of view of the British I feel that it would be exceedingly dangerous to try to evacuate Hungarian Jews through territory controlled by the Germans which now is the only existing route. With respect to the deportations of the Germans
Germans attempting to hold the Allies responsible for not accepting an offer which it could hardly be said, after all, has been concretely made would on their part constitute pure casuistry.

As an alternative an offer might be made to the Germans via the Swiss to grant temporary haven in allied territory to the group of 2,000 or more Hungarian Jews who did not have Palestine certificates and who did not plan to go to Palestine eventually as the Janitor's August 20 cable No. 5879 suggested. Of course from the Jewish point of view this would raise very knotty problem of selection in Hungary of a non-Palestine group. The possibility exists for the British to declare formally that this group would not go to Palestine and the Germans' alleged objection to Palestine immigration would thus be offset. It could be stated, if the Germans insisted on knowing the ultimate destination, that division of this group among various overseas countries of immigration was being actively arranged. It might be possible, in order to ease the problem of settlement of such a group in the postwar, if this could be done without German suspicion being aroused, to select Hungarian Jews who desired to return to their country when the war is over. The idea of getting Jews out of Europe permanently is an obsession in certain Nazi circles and they will not tolerate the departure of those they feel may come back again.
An additional alternative of a more positive nature would be to make a concrete offer to admit a group of 1,500 or more Hungarian Jewish children into the United States, for instance, those whose parents have been deported in line with August 21 cable No. 2877 from the Department. Pending possibility to evacuate such children to the United States they could possibly be conveyed under ICRC control from Hungary for a temporary sojourn in Switzerland.

A paraphrase of the above telegram was sent to you on September 25, 1944. On page two, beginning with line seven, please delete the remainder of the paragraph and insert the following: "In addition the Swiss note reports very definite German request that an exact list of Jews whose departure is contemplated could "for reasons of security" be furnished to them (the Germans). Attention is also called to the fact that this was merely a verbal (not written) statement from the German Foreign Office which notoriously exercises only a very slight influence on plans and decisions of Gestapo and SS who, so far as the German Government is concerned, are obviously in control of Jewish situation in Hungary."

Referring to present situation of Jews in Hungary Burckhardt of ICRC communicated to me message received July 31 from Dr. Schirmer (formerly in Berlin) and Bern ICRC representative in Budapest substance of which follows.

One. Sufficient quantities of food and clothing are available in Hungary. Funds will be needed, however, to purchase foodstuffs for relief to recently dispossessed Jews in Budapest and more particularly to those remaining in provinces in camps.

Two. Jews in Budapest are now allowed to leave their houses to make purchases between ten and seventeen hours (formerly only between fourteen and seventeen). Those possessing adequate means can purchase sufficient food for their needs. The legitimating cards of Jews in Budapest expire on August 2. They will, however, be granted new ones and according to recent decrees a certain number of special work permits will be issued to Jews "whose intellectual or physical labor is considered to be of public utility".

Three. All internment and concentration camps and consigned Jewish houses in Budapest will be accessible to ICRC delegates. Schirmer and Bern have visited twenty-five such houses as well as hospitals and baths. In latter satisfactory conditions prevailed. They also visited camps of Kisterca and Sarvar on July 2.5. According to additional information there are other Jewish camps at Mikele, Jasmeny and Pocs. ICRC Geneva will be notified by telegram if and what relief supplies are necessary for these camps. Transportation facilities in Hungary will be granted and goods consigned to Hungarian Red Cross for distribution to ICRC. ICRC may choose Jewish men of confidence in camps.

Four. Any relief undertaken by ICRC will receive collaboration of Hungarian Red Cross and of official "Judenrat" in Budapest. Final control of all distributions will be in hands of ICRC. Auxiliary relief personnel can be supplied by Jews themselves. Such personnel will be exempted from
exempted from wearing yellow Jewish star. Adequate space for officers and storesrooms will be made available to any ICRC Jewish relief program.

Five. About 8,700 Jewish families amounting to some 40,000 souls plus 1,000 orphaned children will be allowed to emigrate from Hungary to Palestine via Rumania and Turkey. An initial transport of about 2,000 persons will leave Budapest within next 8 to 10 days. ICRC will take charge of departure transportation and care this convoy en route. Born will accompany first convoy to Rumanian port of Constanza. Boats are reported to be available.

In addition to your No. 7473 of September 11 we have transmitted the following cable No. 3185 of September 14, to Minister Harrison and McClelland in Bern:

We desire your considered judgment as to whether the German or Hungarian authorities have actually offered to permit 2100 or any other number of Jews to leave Hungary provided that they are taken to British or American territory. It is not possible for us to judge whether such a concrete offer has been made or whether the above quoted message from the British Minister in Bern merely represents the opinion of various agencies and individuals that the Germans might possibly be more willing to permit Jews to go to some territory other than Palestine. (See for example your No. 5679 of August 26).

A specific answer to this question is necessary before this Government can take any decision in the matter, and a prompt reply from you will be appreciated.

You will undoubtedly wish to inquire of the British Minister in Bern, the officials of the International Red Cross, and all other appropriate groups and individuals, whether they have any further information in the matter.
We are unable to take any decision in the matter until we have received a reply from Bern. In the meantime, we assume that you will transmit to us any additional information that you may obtain.

McClelland sends the following for the Refugee Board.

It was recommended by ICRC, in the course of recent conversations, that our Government in concert with the British Government indicate to the Government of Hungary its willingness to transport a certain number of Hungarian Jews whose removal is not based on possession of Palestine certificates and who do not plan to go to Palestine to some specified haven of refuge in Allied territory. It is felt by ICRC that such an offer might have a greater chance of success than the present proposals of emigration for Hungarian Jews to Palestine as it would offset German disapproval of Palestine emigration based on the alleged German wish not to endanger their good relations with Arabian leaders. It is ICRC's opinion that such evacuation could best be accomplished via Romania as a more practical and safer route than transit German-controlled territory to cono to Switzerland.

I feel that the proposal is worth a trial since it has definite points in its favor and it would involve Hungarian Jews who would ultimately wish to return to their country. In this regard, the Board's attention is called to Tangier's offer of five hundred entry visas.

In line with Lefrak's cable of August 18, number 5357, we strongly recommend that propaganda pressure on the Government of Hungary be maintained. The Government of Hungary is showing
a tendency to "relax on its laurels" following its "generous" offer to permit Jews to emigrate, meanwhile passively allowing the Germans to carry out a further deportation of people who after all are Hungarian nationals. Such acquiescence constitutes common guilt with Germans for which the Hungarians also will be held responsible after the war. This sort would also strengthen the hands of those Hungarians of good will in the country who from the start have opposed such Jewish persecution. Use of Hungarian language pamphlets as well as radio warnings are commended by competent Hungarian circles here.

TO: Secretary of State, Washington  

THE FOLLOWING PAPER WAS FROM FARN.

At the request of Halog, Chief of Foreign Office's Refugee Department, Brown and I attended a meeting at his office this evening, at which meeting Sir Herbert Emerson was present also. Following is the substance of a cable received Saturday from British Minister in Bern which was read by Mason:

From the German Government it is understood by the Swiss Government that the Germans are not ready to permit a party of 2100 Jews to leave Hungary if they are to go to Palestine, as they do not wish to have the Arabs disturbed. However, they would view their departure more favorably if the group were to have a destination in American or British territory.

Furthermore, it has been requested by the German Ministry of Foreign Affairs that the Swiss Legation at Budapest should hand to the German Legation there a nominal list stating that on security grounds they cannot permit the departure of the group until an examination has been made for each individual case.

The
The Government of Switzerland desires to know whether they should send to the Legation at Budapest instructions to this effect.

No indication was given that information regarding this message had been given McColland.

Inasmuch as this German move rejects an offer to place Jews coming from Hungary in neutral United Nations territory and substitutes in its place American or British territory excluding Palestine, this move cuts at the very heart of the joint declaration of the British and American Governments. Although the composition of the 2100 people is unknown, the assumption is that they are principally holders of Palestine certificates and if the offer were accepted as made, it would place the British and American Governments in a position of invalidating, at least temporarily, Palestine certificates even if the conditions were accepted only while the war lasts. If we fail to accept the German conditions with concrete offer, it will put the Germans in a position to state that they would permit the Jews to leave but they would not be accepted by us. It is also possible that if we accept conditions in this case, they will be made applicable to all others who are trying to escape. The purpose of the German maneuver presumably is to embarrass the Governments of Great Britain and the United States.

It is proposed by the British to give their Minister in Bern
Bern instructions to reply to the Swiss Government somewhat as follows:

We assume that the security check is for the purpose of expediting the departure of Jews and not delaying it. With that understanding, which should be emphasized by the Swiss, we have no objection to giving the Germans a list if the Swiss first make sure that such list will not be used by the Germans for the purpose of victimizing the prospective evacuees. To assure that the list will show that Palestine certificates are held by the persons named therein. There is no intention on the part of the British Government to take action which would make such certificates invalid. You are requested to ascertain from the Swiss whether they are prepared to give the group temporary haven with the maintenance guarantees given previously until such time as evacuation can be carried out. Should they be willing to do so, they should inform the Germans that they have agreed to give the 2100 refugees a temporary haven.

The proposed reply obviously does not meet the conditions laid down by the Germans. The reply might stand some small chance of being successful. It is altogether possible, however, that the Germans would inquire as to the final destination of the Jews or that in the absence of a statement to the contrary, that British position with regard to Palestine certificates would be
would be taken for granted. In view of public and Jewish opinion, the British understandably feel that the validity of Palestine certificates must be preserved by them.

Attempts have been made by Brown and me to determine what the possibilities were of removing the 2100 to British or American soil from Switzerland. No suggestions could be obtained by us from Hanson, who stated that he would have to consult with the Colonial Office to determine whether there was any available British soil. Therefore, it is safe to say that if the conditions laid down by the Germans were accepted even temporarily, British or American soil, apart from the other complications, means only American soil. We were continually asked by Sir Herbert if we were prepared to open more camps such as the one at Oswego.

It is difficult to make recommendations until I know how far our Government is prepared to go in this matter. It is felt by me that the best solution to the problem would be to make an offer of the nature of that resulting in the Fort Ontario camp, making it clear that such refuge was for the duration of the war only and that following the war these refugees might return to their own land or to a land of their own choosing which is willing to receive them. It appears doubtful that the 2100 could be evacuated before the termination of the war, but it is possible that such could be done. Furthermore, problems with the military right be raised by their evacuation through France.
France.

It is requested that you reply urgently, giving the views of the Department and the Board on the suggested reply or any alternative proposals which our Government might desire to present to the British. No reply will be made by them until receipt of your views. If the suggested reply is acceptable, the reply should not be transmitted until agreement has been reached by the two Governments regarding answer to be given if the Germans should insist on knowing the group's destination. The proposed reply by the British and their stand on Palestine certificates is agreed to by Emerson. It is felt by him to be most important that agreement be reached by the two Governments on all action to be taken before making any reply.

It is requested that McClelland be instructed to repeat to me any important messages to the Board, and if the Board would repeat to me their replies, it would be greatly appreciated.

1. **BRITISH PRESS APPROVES OF PROVISIONAL GOVERNMENT**

The response of British newspapers to the news of the new provisional government of Hungary, was generally favorable. The London Times and the Manchester Guardian, published in detail all the facts concerning the new government.

The weekly publication, New Statesman and Nation, which has one of the largest circulations in England, made comparisons between developments in Hungary, Bulgaria, and Romania. The magazine also hailed the determination of the provisional government to liquidate all vestiges of feudalism which may still remain within Hungary.

The only dissenting opinions came from the Tribune and the Economist, which objected to the acceptance of former Horthy generals in the new government.

However, the Tribune pointed out in an editorial, that the new government is necessarily composed of a broad coalition of Hungarians, "that being the only way to organize strong Hungarian forces to fight against the Germans." It was also brought out that the coalition is composed of a majority of Socialists, Small-Holders, Communists, and all other progressive elements.

2. **HUNGARIAN CLUB PAMPHLET TRACES DEVELOPMENT OF NEW GOVERNMENT**

In a pamphlet published by the Hungarian Club in London, the steps leading to the formation of the Debrecen government, are traced. The pamphlet is entitled, "On the Way To Victory".

"This new development is an historical step in the life of Hungary. The ideas which we have consistently supported are now materializing," states the pamphlet.

3. **FORMER HORThy DIPLOMAT TO HEAD ZSILLINSKY GROUP**

After the death of Zsillinsky, the Association of Free Hungarians in London, offered the presidency of the organization to Anton Balassy. Prof. Bela Ivanlyi-Grosenwald, acting chairman, has announced officially that Balassy accepted the presidency. Balassy left the Hungarian Embassy in Washington before the war, because of Horthy's politics. He is at present residing in Washington, and is generally regarded as not only the president but also as the United States representative of the Association of Free Hungarians.

4. **HUNGARIAN IN ENGLAND HAILS FORMATION OF NEW GOVERNMENT**

At a meeting sponsored by the Association of Free Hungarians in London, the establishment of the new Debrecen government was endorsed with much enthusiasm. The Association pledged full support to the new provisional government, and added that it must be remembered that it was the Red Army's victories which made the democratic evolution possible.

5. **MOSCOW RADIO ANNOUNCED LONDON COUNCIL'S SUPPORT OF NEW GOV'T.**

The statement of the Hungarian Council in London, in support of the new provisional government of Hungary, was broadcast by the Moscow radio and given much publicity in the neutral press.

The Hungarian Council, under the leadership of Count Michael Karolyi, is wholeheartedly supporting the new government at home.

1. Arrow Cross Men Fled to Austria

After a secret meeting of the Arrow Cross Party, fifty Arrow Cross members of Parliament in Hungary, together with others who passed themselves off as members of Parliament, fled from Hungary to Austria.

Over three hundred remaining members of Parliament have either been arrested or are in hiding from the Germans and from the Szollasi people, who feel that they aren't trustworthy.

It is definitely known that the members of Parliament have been ordered by Szollasi, to appear at a meeting, with the threat that refusal to appear would mean forfeiting their positions.

All the ministers and other authorities of the Szollasi government who are now in Germany, correspond through field post numbers so that no one will know where they are.

2. Germans Continue to Plunder

In the parts of Budapest which are still German occupied, the Germans and Arrow Cross people continue to loot shops.

3. Deserter Demands "Struggle or Death"

In a broadcast to the Hungarian people, from Brunn, a city in Czecho-slovakia, Kalmar Hubay, member of the Hungarian Parliament, demanded "struggle or death". In spite of his own pronouncements, Hubay and his colleagues, few of whom still remain in Budapest, are themselves preparing to flee.

4. Over One Million Belonged Lost in Germany

The approximate total of workers, white bodied men, women, children, and old folks who were driven out of Hungary towards Germany, is estimated as being over one million.

There is no longer any hope that these one million people, who were subject to starvation and other difficulties, are still alive.

Aside from this number, the fate of a million Hungarian Jews who were also sent to Germany, is unknown.
The Association of Free Hungarians in Great Britain, issued a
statement welcoming the formation of the Hungarian Provisional govern-
ment. The statement read in part, "Thanks to the victorious Red Army
which has liberated the greater part of our country, it becomes possible
to elect a Provisional National Assembly and form a Provisional
Government in Hungary."

In conformity with the will of the Hungarian people, the new
government considered its first duty to be the declaration of war on
Germany, and that, while negotiations were going on with the Soviet
Union for an armistice, the Provisional Government was preparing
for the complete mobilization of the military and material resources
of Hungary, to fight Hitlerism.

After mentioning the principles which guided its work, the Associa-
tion's statement continued, "The Provisional Government has succeeded
in uniting, on a broad basis, the representatives of all the democratic
Hungarian forces in liberated Hungary. Thus a new and hopeful chapter
in Hungarian history has begun."

On January 7th, the statement was broadcast in Hungarian by the
London and Moscow radio, and was widely quoted in the Russian press.

The Association of Free Hungarians was founded by the late
Zsilinsky, who was one of the first diplomats in Hungary to renounce
Horthy. Zsilinsky was one of the leading members of the Hungarian
Embassy in London. He collaborated for some time with Eckhardt, and
later with Karolyi. It was through Zsilinsky's efforts that the
Association became part of the Hungarian Council in Great Britain.

HUNGARIANS IN GREAT BRITAIN SEND MONEY FOR ST. LINHRED

The War Effort Committee of Hungarians, in Great Britain, sponsored
a large rally on January 5th, for the purpose of raising funds to help
rebuild the Stalingrad Telephone Exchange, destroyed in the battle of
Stalingrad in which some 40,000 Hungarians participated.

Among other speakers were W. Horbin, Liberal member of Parliament
in England, and Councillor Baker from Islington.

A message from Mr. Tanner, president of the Engineers Trade Union
in England, was read to the audience.

Victor Szeklovich, in the name of the Hungarian Council of Great
Britain said, "Your action speaks for the Hungarian people — the
peasants, the workers, and intellectuals, whose soil and homes are now
being subjected to all the atrocities of Hitlerite warfare."

A resolution was passed, pledging that all of the Hungarian right-
ing resources would be concentrated on helping the allies. The reso-
lation also expressed confidence in the provisional government of
Hungary, and paid tribute to the heroic Stalingrad soldiers.

Bain Kennedy chaired the meeting.
This decree is a flagrant violation of the rules of the Geneva
Convention.

4. GASTY AND WIFE MURDERED

Col. General Gasty, former Defence Minister of the Kalley, Sztory,
and Larktos governments, was murdered in an Hungarian jail. Gasty
had sentenced General Feketehaly-Szacydner to prison for giving the
order to kill the Jews and Serbs in Ujvidak. Gasty had also demanded that Hitler send back to Hungary, the
Hungarian troops which were fighting with the Germans against the Red
Army, in German occupied territory outside of Hungary.

For those reasons, Gasty and his wife were arrested and killed.

After the murder, fascist General Feketehaly-Szacydner delivered a speech insulting the memory of Gasty.

Hungarian newspapers were forbidden to mention the deaths.

6. BAJOSY-ZSILENSKY'S PUNISHMENT IMMUNITY CANCELLED

The fate of Bajosy-Zsilinsky is as yet unknown. After a long
silence, his name became known again during the last days of the
Arrow-Cross Parliament in Hungary. After speaking a speech, the Parliament
suspected Bajosy-Zsilinsky's immunity from punishment.

He was arrested a long time ago, and it was generally believed
that he was dead. However, the reports of the suspension of his
immunity from punishment, now belie those rumors.

1. JEWISH REMEMBERED IN CHICAGO

The Board of Directors of the Hungarian American Council for
Democracy held a special meeting at the Hamilton Hotel in Chicago,
on January 6th and 7th. Various resolutions were adopted during the
two day conference, expressing the desire of Hungarian Americans to
wholeheartedly support the efforts of our Commander-in-Chief to achieve
Victory.

Besides the members of the Board of Directors, there were guests
from local and various other organizations present; particularly at
the banquet reception held after the conference, and at the mass
meeting.

The delegates enthusiastically discussed the now Constitutional
Assembly in Debrecen, symbol of a new period in the history of the
long suffering Magyars. It is generally expected that the Hungarian
Provisional Government, composed of all the anti-fascist elements of
that country, will in a short time have a new army which will fight
against the German enemy, and will to some extent, make up for
all the infamous crimes committed by the Hungarian traitors.

The Hungarian Council in Great Britain received news of the national provisional government of Hungary, with much enthusiasm. Many prominent Hungarians in London greeted Count Michael Karolyi on the occasion of this event. Professor Bela Ivanyi Gruenwald, one of the leaders of the London Council, compared Karolyi with Kossuth. Professor Ivanyi said that the "main difference between the two great patriots is that Kossuth saw his ideals compromised, and Karolyi is seeing them materialize. It must be a great satisfaction to Karolyi," continued Ivanyi, "to have his hopes realized, in the form of the new anti-fascist provisional government of Hungary. "There have been no differences of opinion between Count Karolyi and the people --- only between him and those upsurpers of power in Hungary. In the new Hungary, Karolyi will stand out as a great national figure."

Zoltan Rado, president of the Hungarian Club in London, also hailed Karolyi on this occasion, as a great Hungarian patriot.

2. KAROLYI'S ANSWER TO GREETINGS

Count Karolyi, in answering the greetings from many prominent Hungarians in London, said that the end of the year of 1944, was the "end of the millenium for the Magyar ruling classes, and the beginning of the millenium for the Hungarian people. "The constitutional problem was a grave one for Hungary," he continued, "A regency is unpopular, and to elect a King is impossible. The Hapsburgs must not be recalled, for they represent the Saint Stephen idea (Honorist rule) which must be given up for all time. Therefore, a Republic is the only form of government to which the people can turn."

"Now that Budapest is being destroyed, the people realize that it would have been far better to resist the Germans, instead of falling prey to them."

Karolyi went on to praise the constitution of the new national Assembly, which is the highest authority in the land. "Governments may change, but with this freely and democratically elected constitutional Assembly in Debrecen, a people's democracy has been established," Karolyi said.

"Now, all strong and healthy Hungarians must go home and fight with the Red Army; they must help rebuild Budapest out of its ruins," he urged.

After speaking about Slav orientation, and stressing the importance of land reform which will be a prime factor in breaking the backbone of the power of the Hungarian ruling class, Count Karolyi, almost in tears, spoke about the dreadful fate of Budapest."

This New Year's Day, Count Karolyi received more messages of greeting than ever before. All of them expressing hope for a better future and for the realization of the goal towards which Karolyi has worked most of his life --- the establishment of a truly democratic Hungary.

Circles in London which are close to the Hungarian Council in Great Britain, have stated that the Council received the news of the formation of a new government in Hungary, with great joy. Confusion reigns in Budapest. The population is divided into two opposing groups; the Nazis and Arrow Cross people, against the workers, peasants, and the Hungarian middle class. The latter groups are migrating eastwards to the Soviet lines. Whereas the fascists are fleeing towards Germany, Members of the Hungarian Resistance Movements are...
doing their utmost to prevent the Nazis and Hungarian traitors from reaching their destination of temporary safety. Street fighting between the two groups is not an uncommon sight.

It has been officially admitted, in Hungary, that the number of deserters in Budapest alone, so far, is one hundred twenty-eight thousand. Executions are being carried out en masse.

2. HUNGARIAN MAJORS ARRESTED

Major Istvan Pilipsin, was arrested and given a sentence of life imprisonment; Major Lajos Goueres, was sentenced to "fifteen years penal servitude". Both were arrested because of their activity in an Hungarian left-wing organization, aimed at overthrowing the Szalasi government and ending the war.

3. ARROW-CROSS MEN CONTINUE TO PLUNDER

Thieves, wearing the Arrow-Cross badges, loot Budapest stores and homes nightly. Many Germans were arrested for plundering the stores in the city, but were freed after intervention by German authorities.

4. HUNGARIANS DRIVEN ONWARD TOWARDS GERMANY

Students, workers, and almost all of the male population of Hungary...almost 300,000 people, are being forced to go to Germany. Some are being taken by train or motor car, and many of them must go on foot.

5. FEW JEWS LEFT IN HUNGARY

The plight of the Hungarian Jews is a desperate one. Formerly, there were about 800,000 Jews in Hungary. Now there are only 100,000 left, in Budapest. Famine is now rampant throughout Budapest.

1. KOROLYI'S COUNCIL ON UNITY OF HUNGARIANS ABROAD

The Hungarian Council in London, in its latest edition, published an editorial by one of its new members, George Kellner. Mr. Kellner, pointed out in the editorial, that the responsibility for tolerating Arrow-Cross activities in Hungary during the last decade, rests with Horthy, whose armistice attempt was a last act of desperation - but it came too late. Those Hungarians who followed him, hoping that he would lead them out of the chaos, now understand that all is lost, that Horthy was nothing but a tyrant and an opportunist.

Kellner's article stated further that unity among all Hungarians, against the Germans and Hungarian fascists, is of immense importance. "There must be no friction between any of the Hungarian anti-German forces. Hungarians abroad should set an example of unity for the Hungarians at home," the article urged.

2. HUNGARIAN YOUTH IN LONDON FOR TITO'S HUNGARIAN FIGHTERS

A report from the London Hungarian Council's Information Bulletin disclosed that an Hungarian youth in London, collected 100 pounds, clothing, and medical supplies for the Hungarians fighting in Tito's army. These things are already on their way to Jugoslavia.
I.

It is generally believed in British circles, that a new Hungarian government, which would sign an armistice with the Allies, will be formed immediately after the liberation of Budapest. The new government will most likely be composed of Social Democrats, Communists, Smallholders, the Progressive Bourgeoisie, and the democratic military elements.

2.

HUNGARIANS IN BULGARIA ACCEPT PROGRAM OF KAROLYI'S COUNCIL

In answer to the "Appeal to Hungarians Abroad," issued by the Hungarian Council in London recently, the Association of Free Hungarians in Sofia, declared that it wholeheartedly supports all the aims of the Council, and is eager to cooperate.

The Association of Free Hungarians, was formed by Boleslav Tachuer, former press attache of the Hungarian Legation. (Bela Linder was president of the organization at first, but resigned shortly afterwards)

The acceptance of the London Council's program by the Association is not without significance, since it is a known fact that Hungarians in Sofia are collaborating closely with Soviet authorities.

Other messages of endorsement were received by the London Council from Hungarians in Canada, Argentina, Mexico, and Palestine. Thus, the broadening of the Council's sphere is proceeding satisfactorily.

3.

1. HUNGARIAN ARMY CHIEF ARRESTED

Second Commander of the Hungarian Army, Colonel-General Veress, was arrested just as he was about to go over to the Russian side. His fate is not definitely known. It is generally believed however, that he was either killed or deported to Germany.

Lt. Col. Gyorgy Gyurffy, was hanged.

2. HUNGARIAN ARMY DESERTIONS CONTINUE

Daily desertions numbering into the thousands still continue. There are tens of thousands of Hungarian soldiers hidden in the Bakony forest, waiting to join the approaching Red Army.

3. BUDAPEST JEWS DRIVEN TOWARD GERMANY

All the Jews who were in Budapest were driven from there and forced to march on foot, to Germany. Although hundreds die on the way, long columns of women, children, and old people are driven on by the Gestapo and Arrow Cross men. Gazdaszertara, Szekszard's fascist newspaper, in an editorial states, "Hungary is finally free of Jews. No one should pity them."

4. HUNGARIAN SOLDIER EXECUTED FOR RELIQUARY TALE

A Hungarian soldier, Istvan Kottner, declared loud in a tram car Szekszard, that resistance against the Allies was of no use, and that the Russians were behaving correctly in liberated territory. Kottner was immediately executed.

1. ORGANIZATIONS Respond TO CALL OF KAROLYI'S COUNCIL

After the London Hungarian Council published its appeal to Hungarians abroad, printed in Nov. 10th edition of this bulletin, messages of endorsement from many different countries were received.

The Canadian Council of Free Hungarians, in Toronto, sent the London Council a message expressing their allegiance to the Council's aims, and declaring that they are with them in their fight to attain the goal of creating a new democratic Hungary.

Aladar Tamas, secretary of the Hungary Libre de Mexico, announced repeatedly that his organization supports the program of the Hungarian Council in London.

Further statements from various other organizations are forthcoming. All these declarations are considered to be successful first steps in the broadening of the London Council's sphere.

2. HUNGARIANS IN PALESTINE ESTABLISHES CONTACT WITH KAROLYI

The "Magyarorszag Baratai Kozloeny", organ of the Friends of Democratic Hungary, in Palestine, writes that they have established contact with Count Michael Karolyi's Hungarian Council in London.

The paper states further, "We proudly declare that we are followers of Count Michael Karolyi, because we are enemies of Hungarian fascism, barbarism, mediaeval spirit, yellow star ghetto, deportation, and massacre of Jews."

3. HUNGARIANS IN PARIS PUBLISH PAPER

The Hungarians in Paris have started the publication of a newspaper, "Magyar Szemle", which stands for the "same democratic ideals and principles which all patriotic Hungarians abroad are fighting for."

The paper contains many interesting articles describing the various experiences of the underground movement in France, in which the Hungarians have participated.

4. HUNGARIAN PAPER IN SWITZERLAND ON HUNG.-HUNGARIAN RELATIONS

The members of the Hungarian Independent Front, in Switzerland, have started the publication of a periodical there.

Joseph Szocnyi, in a recent article printed in the periodical, denies that Horthy's so-called move was prompted by his feeling of repentance. Szocnyi's article states that "Horthy feared reprisals for his past misdeeds, from the armies of Liberation and from the Hungarian people themselves. He hoped that by switching to the winning side he would be spared the consequences of his criminal past. He feared about his past however, was very clear...he always opposed the democratic forces in Hungary, while at the same time he gave complete freedom to the Hungarian Nazis. His 'change of character' occurred only at the last minute, after much territory had been lost to the Allies and when he had begun to fear the hate of his own people."

In another article, Szocnyi says that all anti-fascist Hungarian forces in liberated territories of Hungary, are working together for a more democratic future.

In the same article, Szocnyi comments on the "absolutely correct and encouraging behavior" of the Soviet army of Liberation. "The excellent behavior of the Soviet army," Szocnyi observes, "is doing a lot to change the false impressions obtained by Hungarians during the past twenty-five years of anti-Soviet propaganda."

HUNGARIANS IN PALESTINE ANXIOUS TO FIGHT U.N.218

In Palestine, with Tel-Aviv as its center, there was for a long
time been in existence, a functioning organization called Friends of Democratic Hungary. This organization, mostly composed of Hungarian descendants, has maintained close contact with the Hungarian Council in London.

Several months ago, the Friends of Democratic Hungary, sent a letter to Count Michael Károlyi, in the name of the Hungarian living in Palestine, asking him if he could possibly make the necessary arrangements with the British government for them to obtain permission to fight in Hungarian combat groups, against the Nazis.

**HOW MANY JWS REMAIN LIVE IN HUNGARY**

A number of Jews are now repatriating in the liberated areas of Hungary. They are coming out of the forests and other hiding places into which they fled for their very lives, from the murderous Nazis. Unfortunately, only a small number of the former Jewish population of Hungary is expected to still be alive after the liberation. The Szalki followers continue to slaughter all Jews in the territories they occupy.

The Jewish Joint Distribution Committee, is of the opinion that after Naziism in Europe is liquidated, the total number of Jews left in Poland, Czecho-Slovakia, Rumania, and Hungary, will be about 1½ million. It is hardly expected that any more than 300,000 Jews will be left alive within Hungary. In addition to this number, there are about 20,000 Hungarian Jews fighting with the various guerilla forces, and approximately 150,000 more Jews have been sent to the Eastern Front in Jewish Labor Battalions. Of this 150,000, about half have survived starvation and other hazards, to find asylum in the Soviet Union.

**3. NEW LIFE IN THE HUNGARIAN ADMINISTRATION AND SCHOOLS AT WORK**

According to reliable sources of information from the liberated areas of Czernay, a new free life is in full swing. The administration is led by F. Numag, the new government of the Czecho-Slovakian government. He travelled via Moscow, from London, to arrive in Czernay. His appointed advisor is Ivan Tarijnik, who was a prominent political figure before the war, in spite of the fact that he is the son of a poor Ruthenian peasant. Tarijnik has already reorganized the entire administration, in the villages and towns, councils elected by the people are working hand in hand with the elected district councils.

The food shortage, brought on by the plundering of the Nazis before they evacuated the area, was solved by the large quantities of food sent by the Soviet government from Russia.

Most of the schools are opened again, and there is much activity in the courts of justice because the local councils are sending all traitors there to be tried.

**III. GEnBLS KILLED**

1. **HUNGARIAN GENERALS KILLED**

General Szilard Boly, Garrison commander in Budapest; General Lejos Boldy, chief of General staff's operational department; General Lauer, commander of Horváth's body-guard; and Colonel Pest, Horvath's aide-de-camp, have all been killed. Generals Somogyi and Lantos have been arrested.

2. **SZALASI TAKES MEASURES AGAINST HUNGARIAN PATRIOTS**

Because of the recent mass desertions, the Hungarian government has issued two new decrees: the first declaring that deserters will be sentenced to death, their property confiscated, and their relatives likewise punished. The second decree extends the jurisdiction of Article 19 to the Hungarian soldiers and civilians alike, in cases concerning desertion, planning desertion, self-mutilation, and mutilation of others.

3. **NAZIS APPEAL TO HUNGARIAN COMMUNISTS TO JOIN WITH THEM**

Szalasi's official paper published an appeal to the Hungarian communists there, to join with the Millenium hero-guards. This absurd appeal proves how weak and desperate the Szalasi regime is.

4. **NEW DEMONSTRATIONS IN BUDAPEST**

Hungarian demonstrations have broken out in Jozsefvaros (similar to a borough of New York), in Budapest. Food stores have been looted.

Food prices have risen to enormous heights. One kilogram of apples...
5. **WHO "SELECTED" NATIONAL LEADER OF HUNGARY**

Although the Hungarian parliament in Hungary, officially has 379 members in the Lower House, and over 360 members in the Upper House, Premier Szalasi, was "elected" National Leader, at a conference attended by 51 Lower House, and 34 Upper House members.

6. **DISSENTERS IN HUNGARIAN PARLIAMENT ARRESTED**

So far, over 150 members of the Lower House, in the Hungarian parliament, and more than 100 from the Upper House, have been arrested by Szalasi government.

7. **INFLATION IN HUNGARY**

The National Bank in Hungary, has stopped issuing weekly returns. Twelve billion worth of banknotes have been circulated to date. In 1938, there were 450 million worth of banknotes in circulation. Inflation in Hungary is now so intense, that the new thousand pengo banknotes are being printed on an assembly line.

8. **MEMBERS OF HUNGARIAN PARTY IN CONTROL**

The entire economic and political life of Hungary is under the control of members of the Hungarist party. Szalasi's Hungarian Nazi party. A Hungarist political commissioner is attached to each ministerial office in the government. Arrow-Cross member of Parliament, Gábor Gori, is chief of all the political commissioners.

9. **HUNGARIAN MILITARY FORCES MIXED WITH GERMAN TROOPS**

All the Hungarian armed forces are being intermixed with the German. German control officers are being assigned to the regiments. The Hungarian brigades and divisions are being divided up among the German divisions. This breaking up of the Hungarian armed forces, is being done to prevent the possibility of any organized Hungarian resistance.

1. KAROLYI'S CALL TO HUNGARIANS ABROAD

The Hungarian Council in Great Britain, under the Presidency of Count Michael Karolyi, sends the following message to Hungarians abroad:

"It is the most vital duty of the Hungarian nation, to clear Hungary of the Germans and their Hungarian hirelings. Hungary must become free again, and the Hungarian people in this very last minute must take their destiny in their own hands. This is the only way of saving our country from the terrible fate which is being prepared for her by the Germans, the Hungarian Arrow Cross, and other Hungarian traitors. Hungary must become the scene of a huge national uprising, and she must fight side by side with the Allies, and help the liberating Red Army by every possible means.

"The expulsion of the Germans and their Hungarian collaborators and accomplices can be best expedited by the formation of a national government, based on the Social Democrats, the Smallholder Party, the Communist Party, the Peace Party, the Progressive Bourgeoisie, and other popular forces.

"It is our aim to help Hungarians at home to secure democratic rights; to eliminate all fascist and reactionary elements from all state and other public institutions; to release and rehabilitate all political prisoners who fought in the Vanguard against Fascism; to punish all war criminals and those responsible for the country's present plight; to distribute the big landed estates amongst the landless and the Smallholders, and to establish a new spirit of community with our neighbors hardened in the common fight against the German and fascist enemy.

"The Hungarian Council in Great Britain believes that the unification of all Hungarian forces abroad is imperative to the successful prosecution of the struggle.

"We appeal to all Hungarian organizations and other factors who live and work on free soil, that they should declare their willingness to the Hungarian Council in Great Britain, to accept the spirit of the above declaration, and support to the Hungarians at home, and to cooperate with us and carry on the coordinated fight against the German and fascist enemy and the Hungarian traitors."

The New Democratic Hungary Movement, in collaboration with the Hungarian Council in London, arranged a meeting to celebrate the anniversary of the 1918 Revolution in Hungary, and the establishment of the short-lived Hungarian republic.

Jaroslav Stranak, Czechoslovak minister of Justice, made an important announcement. He said, "Czechoslovakia looks forward to the establishment of a new democratic Hungary. I feel sure that friendly and fruitful collaboration between a democratic Hungary and Czechoslovakia will be possible."

Mr. Wustic, Director of the Information Department in the Yugoslav Government, and Dacso Hidtopen, former Hungarian diplomat, expressed similar sentiments concerning the possibilities of friendship between Czechoslovakia and Hungary.

Mr. Middleton, Political Secretary of the British Labor Party, concluded the "White Terror" and paid tribute to Lord Waddington and his commission. He criticized the Allies of 1918, and said that it was a matter of knowing that the Allies of 1914 were very different. He continued, "Russo-English-American collaboration is the only possible foundation of a future peace."

Victor Steenkovich, representing the Association of Free Hungarians, said that "the leaders of the October Revolution must be the spokesman of Hungary now. They must point out what resulted in 1918 because democratic Hungary received no support from the West. Paul Ignatius, well known Hungarian author and lecturer, said, "March fifteen and October thirty-first must be the leading ideas of the future Hungary."

László Buszincsák, who was persecuted for his part in the revolution, and József Páger, representing the Social Democrats of Hungary, also paid tribute to the Revolution, and to Károlyi's personal greatness.

AMERICAN HUNGARIAN RELIEF CONFERENCE IN NEW YORK

On Wednesday, October 25th, a truly representative group of the various social strata of the Hungarian American descendants, met in the Chinese Room of the Park Central Hotel in New York, and unanimously adopted the following resolutions:

Realizing the desperate plight of the oppressed and betrayed people of Hungary, all Hungarians of Hungarian origin are fully aware of their sacred duty to extend every possible help, aid and support to their stricken brethren who are the hapless victims of Nazi aggression and treachery. There be it resolved:

I. That we agree in principle to the launching without delay of the American Hungarian Relief on a united and nationwide basis for the benefit of the suffering people of Hungary, without distinction as to racial origin, religious denomination or political affiliation. In connection therewith we aim to help in the economic, moral and cultural rehabilitation and reconstitution of a democratic Hungary, the undertaking in its execution, as well as in its execution and administration, will be wholly and solely benevolent and humanitarian in conformity with American ideals and traditions.

II. That, pursuant to existing Executive Order and the rules and regulations issued thereunder, the entire project, from its inception to its conclusion is to be had and done, both at home and abroad, in
cooperation with others under the supervision and direction of the President's War Relief Control Board, the UNRRA and related agencies or instrumentalities having governmental approval.

III. That in furtherance of our objectives we propose to enlist the sympathy, as well as practical support of all our non-repressive fellow nations, even as we have ever readily responded to appeals in behalf of other racial groups.

IV. That to avoid all possible misunderstanding and even the appearance of conflict with presently functioning agencies for war refugees in the United States, our organization will not engage in that service, that field being already fully covered.

V. That many legal, technical and practical problems and issues must be met and solved in order to act the relief machinery in motion with speed and efficiency. For that purpose a committee of 10 is to be appointed to carry these resolutions into effect in the spirit manifested at this gathering: compassion, tolerance and understanding.

This new committee started working on plans immediately after the conference. Very good results are expected of this group, according to both official and private sources.

1. KAROLYI ON HUNGARY'S FUTURE POLITICS

At a lecture sponsored by the New Democratic Hungary organization, in London, Count Miklós Károlyi described the role of the Hungarian ruling classes during the last four centuries. He declared that the ill-sentiments of bygone days were much to blame for the reactionary Horthy rule, but he feels sure that our ill-sentiments today aren't part of the same mistake to recur. He said that collaboration, as called for in the recent agreement, was essential for a just and lasting peace. "Hungary must cooperate with her Slav neighbors, particularly with Russia and Czechoslovakia," Count Károlyi stated. "We Sciss Stephen idea and theory of racial superiority must go! The Pan-German foreign policy must be discontinued!"

He concluded his lecture with the warning that it is not enough to defeat Nazi Germany - but that fascism, in every sense of the word, must also be eradicated throughout the world.

2. MASS DESERTIONS OF GERMAN AND HUNGARIAN SOLDIERS

There are mass desertions daily of the Hungarian soldiers and also the Germans, particularly the Austrian soldiers. All motor vehicles have been requisitioned for Budapest's evacuation.

4. HUNGARIAN FORM ORGANIZATIONS IN FRANCE

Word has been received from George Besloco, who fought with the Hungarian legion in Paris, that there is an organization of 600 Hungarian legionaries in Paris, and many more in the neighboring provinces. These Free Hungarian organizations are composed of Hungarians who fought in Spain and were deported to France, escaped political prisoners from Hungary, and members of the Hungarian resistance movements. The Horthy representatives in Paris, for quite a while fought against these Hungarian patriots, particularly against the Jews. Preiszt Molnár, Hungarian fascist, gave a bitter enemy of those people and he has made many violent anti-Semitic speeches. However, since Paris has been freed, the pro-allied forces have been encouraged rather than suppressed. The Free Hungarian group have been invited to send a representative to London. Starting from Nov. 1, they will broadcast regularly, the Hungarian news, to the Hungarian people.

5. HUNGARIAN ARMED FORCES BREAKING WITH GERMANS

A leading article from the Oct. 31 issue of the London Times said, "It was mainly because of the desertion of the Hungarian First Army from the German cause, that the Allied armed forces have been able to assume control of the territory in the northeastern part of the Carpathians. To what extent the remainder of the Hungarian forces will break with the Germans cannot yet be determined. It's very likely that virtually all troops not directly under German power, will come fighting for Germany and join with the Russians."

1. KAROLYI ASKS FOR PEOPLE'S GOVERNMENT IN LIBERATED HUNGARY

The London newspaper, Evening Standard, published an interview which it had with Count Michael Karolyi, concerning the future of Hungary. The article read, "Karolyi wishes the establishment of a free Hungarian government in those parts of Hungary which are now occupied by the Red Army. He feels that this change will come about very soon and, as a result, the Hungarian army would turn against the Germans. Budapest would then fall very quickly to the Allies." Count Karolyi says further that this upheaval would do much to shorten the war.

2. LONDON NEWSPAPERS ON THE KAROLYI - BENES CONFERENCE

Among other London newspapers, the Daily Telegraph says that Count Michael Karolyi had a "long, intimate talk" with Edward Benes, President of Czechoslovakia, on international Hungarian affairs. 3. SZALASY'S RULE UNAUTHORIZED

The consensus of opinion in the British press concerning the authorization of pro-Nazi Premier Szalasy's rule, is that it is all a fake. It is not believed that Horthy has left Szalasy "in charge".

4. NO SYMPATHY FOR HORTHY QUISLING

Well informed circles in London believe that there is absolutely no sympathy in the British government for the traitor Horthy. It is a known fact, they say, that Horthy is responsible for the German occupation of Hungary and the Magyar nation's present plight. "Horthy and his stooges who dragged Hungary into war against the Allies, will be brought to justice to pay for their crimes," they state.

Concerning rumors of Hungarian anti-missile terms being prepared, the opinion of these well informed circles is that they are false. No anti-missile terms can be drafted because there is no one to receive them in Hungary. All officials are definitely pro-Nazi. It is believed, however, that the terrorist Nazi rule will be short lived because of the rapid advance of the Red Army.

5. BRITISH PRESS SEES FUTURE LEADER IN KAROLYI

The Daily Telegraph, the Yorkshire Post, the Evening Standard, the Daily Worker, as well as many other British and Swedish newspapers, published interviews which they had with Count Michael Karolyi and other representatives of the Hungarian Council in London. From all appearances, it seems as though Karolyi might be the future leader of Hungary.

6. EVENING STANDARD ATTACKS HORTHY

Victor Stanekovich, member of the Hungarian Council in London and a former member of the Small-Holders Party, said of the situation in Hungary, "The stronger the hold of the Nazis on the Hungarian people, the stronger must be the ties between the Council and all democracy"
Only through such unity can we be strengthened."

6. HUNGARIAN COUNCIL DRAWS ACTION TO REPLACE PASSIVE RESISTANCE

The Hungarian Council in London sent a new message to the Hungarian people through the BBC, urging them to clear Hungary of the Germans and the fascist Arrow Cross gangsters. The message admonished that passive resistance was no longer in order - that it was time for action. "Only a new, pro-ally and anti-fascist government will be able to give leadership to the people of Hungary who want to settle accounts with those responsible for Hungary's present situation.

The National Committee of Hungarian Americans for Roosevelt, issued the following call:

TO THE HUNGARIAN AMERICANS:

At the greatest crisis of our country, the United States, of all free humanity, our nation is getting ready for the presidential election. Upon victory over Hitler, Germany, and Japan, as well as upon a secure peace, depends the future of not only the United States but the whole world. This is what the people of America will have to decide on November 7th. "Never has it owed greater responsibility to its country than on this election. And never has greater responsibility awaited an American president, government and Congress than the one which awaits our next president, government and Congress.

With deep conviction and responsibility in the eternal progress of its country and humanity, Americans of Hungarian descent assert that

THE RE-ELECTION OF FRANKLIN D. ROOSEVELT

as president of the United States is the guarantee of quick victory, lasting peace and prosperity.

It was President Roosevelt who lifted the country from its deep economic crisis in 1933; created prosperity and secured the existence of American democracy. President Roosevelt is leading now the greatest war of liberation of America and all mankind, together with other leaders of our allies. We believe, with unshakable confidence that his continued foresighted direction is the guarantee of lasting peace and security. It is our faith and conviction that one of the guarantees of the liberation and independence -on the basis of the Atlantic Charter- of the peoples of the world, and of Hungary, is the re-election of President Roosevelt.

Only thus can we guard the unity of the Allies and of lasting peace. This is no more a party or group question. This is the paramount interest of America. It is far above all factional party or group considerations.

Therefore we hereby call upon all American citizens of Hungarian descent to rally one and all behind

PRESIDENT FRANKLIN D. ROOSEVELT

AND VOTE FOR HIS RE-ELECTION

We shall fulfill a great and sacred historic mission thereby, one that we owe to our country, to the cause of victory and lasting peace. Follow Hungarian! Rally behind our Commander in Chief! Vote for President Roosevelt. For Victory, for a happier America, for a happier world! In the name of the National Committee of HUNGARIAN AMERICANS FOR ROOSEVELT

"The present regime seems to be unable to extricate Hungary from this terrible plight. A new government composed of the forces of the people must be formed to oust the Germans and give all possible aid to the Red Army and other liberation forces cooperating with the United Nations. The Hungarian army must have only one aim—that of contributing to the utter defeat of the Germans. No territorial considerations should in any way alter this goal." **Peace Literature Spread Throughout Hungary**

A great number of leaflets have been circulated daily throughout Hungary by the Underground, giving details of the Allied victories, the Finnish armistice, and Romania’s liberation by the Red Army. The leaflets call for the immediate breach in relations with Germany and demands a Hungarian government consisting of the now underground anti-fascist leaders. Because of the vehemently hostile feeling of the Magyars against the Nazi regime, the government has prohibited political discussions in cafes, restaurants, and in parks. Several thousand people were arrested for being "defeatists and panic mongers".

According to press reports in London, many Hungarian workers and peasants were sentenced to long term imprisonment for spreading anti-Nazi propaganda.

II. **Korolyi’s Council Sends Radio Messages to Honveds**

The Hungarian Council in London sends radio messages twice daily to the Hungarian honveds (soldiers), urging them to cease fighting against the Slovak patriots. "People must not fall into traps by believing that the territorial problem is the only important issue about Hungary. Our future depends on how we act in these crucial days," the message stated.

Referring to one of the first speeches which General Lakatos made after replacing Sztojay, in which he stated that the rate of Finland and Hungary would be bound together (Finland had not yet ceased hostilities at the time), the message urged the Hungarians to follow the Finnish example. It stated, "The Finnish example proves that we must also turn against the Germans. Expel the Nazis from Hungary! Close the door on the Nazis who are retreating from Romania, and open the passages to the Red Army. Don’t be afraid—the weakened Germans cannot do much."

Another message sent by the Hungarian Council in London advocates general strikes, especially by the munition and transport workers. All appeals from the Council repeatedly call for revolt against Horthy and his accomplices, and for the forming of a people’s government consisting of the now underground anti-fascist elements in Hungary.

The Council warns, "Horthy will not and cannot lead Hungary out of the mess which his criminal policy has dragged us into."

III. **London Club for People’s Resistance Movement**

At the general meeting of the London Hungarian Club last Sunday, its president, Zolton Rado, said, "Only a people’s resistance movement can save Hungary from a great catastrophe. The peoples of the Danube must fight together because the common enemy can create real friendship and comradeship."

IV. **Korolyi Says Hungarians Have Little Time to Save Honor**

Count Michael Károlyi, in a recent speech said, "The Hungarian ruling classes have lost the war—that’s no matter, but the people still have a chance. There are still another three weeks left. If the Hungarian people lose this last chance to turn against the enemy, then a new Trianon awaits us, and a new Mohaes (place where centuries ago, the Hungarians were defeated and enslaved by the Turks)."

The Hungarians in Chile elected a committee to help the persecuted Jews in Hungary. Almost all parties joined in this movement. On August 15th, a meeting took place in the capital of Chile. The meeting was opened by Senator Leonardo Guzman, who is a honorary member of the Free Hungarian Movement of Chile (Karolyi group). Among the speakers were, Alexander Lipshutz, university professor, the Czechoslovak and Polish ambassador, and several congressmen. Some of the guest were representatives from the United States.

The president of Chile received three members of the committee, among them the leader of the Karolyi movement, Alexander Havas. Department's telegram 9220, November 3, midnight, and Embassy's 9726, November 5, 8 p.m.

More is quoted below a reply from the Foreign Office setting forth British reaction and desire to the rescue of some of the doomed Jews in Budapest:

"Thank you for your letter of the 7th November, detailing, with a report from the Jewish Agency representative in Budapest regarding the possible departure of 2,000 Jews from Hungary stated to be holders of certificates giving them the right to admission to Palestine.

"You are already aware of the information which reached us through His Majesty's Legation at Berlin at the end of October, regarding the reported willingness of the Germans, as the result of clandestine negotiations with the Jewish Agency, to allow 5,000 Hungarian Jews to leave Hungary for Switzerland. You will remember the assurance, given several months ago and repeated on that present occasion in response to a specific inquiry from His Majesty's Legation, by Mr. Pitts-Johns that, if those 5,000 Jews succeeded in reaching Switzerland, they would be received. You will also recall that His Majesty's Chargé d'Affaires at Berlin was instructed to take note with pleasure of this assurance and to inquire whether the Swiss Government would

feel disposed to make contact with the German authorities, either through the Swiss Legation in Budapest or through some other channel, with a view to arranging for these 6,000 Jews to leave Hungary for Switzerland. In, I am told that no one was most anxious that every opportunity should be taken to turn to advantage this reported German willingness to let these Jews go.

When you called upon me on the 7th November for the purpose of handing in your letter not under reply, I suggested to you that there was a likelihood that the party of 6,000 Hungarian Jews referred to in your letter might form part, perhaps to the extent of an advance party, of the 6,000 Jews referred to above. I said that I would arrange to try to get this point cleared up at once by His Majesty's Legation at Budapest. I now hear from His Majesty's Legation that the Swiss government, who had recently instructed the Swiss Legation at Berlin to make pressing representations to the German government concerning Jewish deportations and to make it clear that Jewish subjects could find temporary refuge in Switzerland, have again requested their Legation in Berlin to consider the expediency of a further step on behalf of the 6,000 Hungarian Jews to whom I have referred. I am told reports state that the Swiss government telegraphed to their Legation at Budapest on the 26th October, and have telegraphed again today, with a view to clarifying the position as regards the party of 2,000 nationals in the first paragraph of your letter. They have apparently had no reply to their telegrams to Budapest, and assure that the position in Budapest is to such an extent that it is being impossible to furnish a clear picture of the position. I understand the United States Ambassador and the local representative of the War Refugees Board agree.
"While, therefore, I am not in a position to write specifically with regard to the party of 2,000 to which your letter
refers, it will be clear from the above that we have taken every possible step to bring
about the departure of the Jews. Whatever
their exact number any prove to be regarding
where release the Budapest representa-
tive of the Jewish Agency has been negoti-
tating, and it is also clear that the Swiss
government have repudiated as readily as
would have been expected to the approaches
which we have made to them in this connection.
For the moment, in view of the characteristics
obtaining in Hungary at the present time, it
is difficult to see that more we can do, but
we share the view of the United States
authorities quoted in your letter that this
is not an opportunity to be lost if it is
humanly possible to carry it into effect.

"The Swiss Government, in agreeing, as
stated above, to give asylum to these Hungarian
Jews if they cross the frontier, have expressed
the hope that the British and United States
authorities will lend their collaboration to
ensure that the onward journey, temporarily
begun in Switzerland, of the party of 2,000
Jewish Jews and also of a party of Hungarian
Jews holding Swiss protective passports if
their journey also lie through Switzerland, is
resumed as soon as possible. We are in full
sympathy with this expression of view by the
Swiss Government and shall be glad, in the
event of the escape of the persons in question
to Switzerland boarding an accomplished steamer
in consultation with the appropriate
authorities, to be in full collaboration with your
authorities, the matter of their onward transit."

FOR PEHLE FROM MANN

Brown and I saw Mason, Chief Refugee Section, Foreign Office, and informed him of contents of WRB 19. 9.14

He would not give definite commitments concerning steps which British would take. British Minister in Bern had been advised by Jewish agency on October 31 that negotiations conducted directly with Germans had assured exit of 8,000 Jews and Mason believes that the 2,000 reported by Katsi are a part of that group. He has cabled Bern to determine facts and instructed Minister to do everything possible to obtain entry of these persons into Switzerland. As soon as a reply has been received or it is learned that some or all of these persons are in Switzerland, Mason has said that he will be in a position to advise the steps which British will take. He agrees with boards view that there is an unexpected chance to rescue some of the Jews in Budapest if report is true and that this opportunity must not be allowed to end in failure. 9.15

Mason, as you know, is very cautious and hesitates to commit himself on anything. Also when we discussed subject matter with him he had not discussed it with other interested persons in the British Government. I feel that if Retall's report is confirmed, we will be able to get a commitment from the British Government to take parallel action to that outlined in board's telegram. I shall report developments learned through British Foreign Office.

Those who were present were: Mr. Walker of the Foreign Office and Lady Cheatham of the Foreign Office, Sir Herbert Emerson and Mr. Malin of the Intergovernmental Committee, a representative of the Ministry of War Transport, a representative of the British Treasury, Mr. Sidney Brown of the American Embassy, and myself as observer. Sir Herbert Emerson presented the enclosed report which was accepted by the committee. My own impression of the meeting was that Emerson was a man of great ability who intended to get things done whenever possible. I think that it would be useful to work through him and the Intergovernmental Committee. I was much less impressed with Walker. I had lunch on Friday, August 25th, with Neville Butler (now Assistant Under-Secretary at the Foreign Office). I understood from him that they had granted leave of absence to Walker and that it was highly probable that someone else would be appointed to deal with these matters. The difficulty has been that the Foreign Office is exceedingly shorthanded and overworked but they realize how important it is to see that this matter is properly handled. As you realize the Foreign Office has to consider in all these matters the problem of Palestine so that the Colonial Office must always be consulted. Butler assured me that they were anxious to help not only in the matter of Hungarian Refugees but in all questions dealing with Post War Rehabilitation.

As you know the chief purpose of my visit here is to collect information for the British Company Law Revision Committee, of which I am a member. I shall be going to Philadelphia to see the Securities and Exchange Commission and I shall also be coming to Washington later. My tentative plans are to return to England about October 1st.

Cordially,

1. The relevant part of the Draft Declaration of the American and British Governments is as follows:-

"The two Governments are informing the Government of Hungary through the International Red Cross, that despite the heavy difficulties and responsibilities involved, they have accepted the offer of the Hungarian Government for the release of Jews and will make arrangements for the care of such Jews leaving Hungary who reach neutral or United Nations territory, and also that they will find temporary havens of refuge where such people may live in safety. Notification of these arrangements is being given to the Governments of neutral countries who are being requested to permit the entry of Jews who leave their frontiers from Hungary."

It is suggested that the following further arrangements will be necessary:-

To seek the International Red Cross,

(a) To carry on what discussions are necessary with the Hungarian Government.

(b) To use its influence to see that Jews in Hungary are well treated, and that, in particular, deportation cease.

(c) To keep the American and British Governments and the Intergovernmental Committee fully informed of developments and, in particular, of any renewal of deportations.

(d) To select persons to be included in the early contingents of Jews leaving Hungary.

(e) To give relief inside Hungary.

(f) To report as early as possible on the practical routes by which persons can be got out of Hungary.

(g) To act in close co-operation with the special representatives of the Swedish Government in Hungary concerned with this matter.

2. As regards the persons who should be included in the early contingents, it is suggested that these should be,
(a) children and, (b) those for whom certificates for Palestine are available. It is understood that the United States of America Government is willing to make 3,000 visas, formerly available for children in France, available for children in Hungary. Canada should be approached to do similarly in regard to a thousand visas. Portugal would probably give temporary refuge to 3,000 children, but the difficulty would be to get them there.

3. The following seem the possible routes:-
(a) to Switzerland, (b) to Romania and thence by sea from Constanza to Palestine, (c) overland through Bulgaria and thence to Palestine, (d) overland to Sweden. Of these (a) and (b) seem the most feasible, unless a safe conduct can be obtained for the sea voyage for (b) from the German authorities. The International Red Cross should be asked to report.

4. As regards maintenance in Hungary, the International Red Cross should be encouraged to press the Hungarian Government to allow the Jews to use their own resources and otherwise to become self-supporting. Where maintenance inside Hungary is necessary, this can be given through the International Red Cross, (a) from private funds made available to it, and (b) if necessary, from funds made available by the Intergovernmental Committee. It is understood that private funds are at present available through licences issued by the United States Treasury to the Joint Distribution Committee. These enable Hungarian currency to be bought in Switzerland and do not, for the moment, involve either dollars or Swiss Francs going into Hungary. This position may, however, change. If currency cannot be bought in Switzerland, then it may be necessary to send American or Swiss currency into Hungary, if so, this should be done.

It is suggested that so long as private funds are
are available for inside relief, those should be used, but if they do not suffice, then the Intergovernmental Committee should make the necessary approach to the American and British Governments in the first place under the arrangements relating to operational expenditure.

5. As regards approaches to neutral Governments, the two principally concerned are Switzerland and Sweden. It is not known how far approaches have already been made. If the Intergovernmental Committee is to be responsible for maintenance inside those countries, then it should certainly be associated with the approaches, even if it is not responsible for making them.

If maintenance has to be found for refugees inside neutral countries, then it is suggested that it should be done through the Intergovernmental Committee, which would make the necessary proposals to the American and British Governments in the first place. Both Switzerland and Sweden may, however, refuse to accept maintenance, but in any case, they will want guarantees regarding additional supplies. This would seem merely to involve the affirmation of guarantees already given by the two Governments.

6. The arrangements for exit through the Balkans can probably best be carried out by the International Red Cross in cooperation with the American and British Ambassadors at Ankara, or acting closely with the War Refugee Board and in consultation with the Jewish Agency for Palestine when the destination is Palestine.

7. The above proposals would provide for the first stages of the movement. It is essential to get those started as soon as possible. It is especially desirable to look ahead, apart from Sweden, Switzerland, Palestine and possibly Portugal, temporary refuge could be given in Tripoli. The camp at Fedala could also
accommodate a thousand, if the French authorities agreed. Looking beyond this, other countries could be approached, e.g., Brazil and Mexico, but there is unlikely to be a response of such value unless the American and British Governments are themselves prepared to take considerable numbers into their own territories. In fact, since the neutral countries of Europe have made their contribution and Mediterranean resources have been exhausted, practical measures in the way of giving asylum will be required from the American and British Governments.

PRESS RELEASE
The Hungarian March of Death

The War Refugee Board has received reports through one of its representatives overseas, indicating that approximately 40,000 helpless Hungarian Jews ranging in age from 10 to 80 years, the majority of them women, were forced recently by the Germans and their Hungarian associates to march on foot from Budapest to the Austrian frontier, a distance of approximately 115 miles, under conditions so inhumane that 15 to 20 percent of those who started out died en route.

The Hungarian march of death parallels in many of its gruesome details the description of the march from Bataan which shocked the civilized world when released by the War Department more than a year ago.

The victims of the Nazi "supermen" were sent out on foot from Budapest along the main highway in groups of 2,000 to 3,000 and were expected to cover from 12 to 19 miles daily. For three days prior to their departure while they were being assembled in Budapest, the marchers received no food other than the very little they had been permitted to bring with them and what had been distributed by the International Red Cross. Once on the road they received one small bowl of thin soup daily. Later even this was denied them, as the Hungarian Minister of War had refused to
authorize expenditures for this purpose. As a result of such treatment, many of the marchers, particularly the old and the sick, faltered and fell by the wayside. These were promptly shot.

Although the Jews who took part in the march of death were ostensibly being sent to the Austrian frontier to perform labor on fortifications there, the manner in which the movement was carried out, particularly by the members of the Hungarian Fascist Arrow Cross Party, made their departure little more than mass murder.

During the period that the death marches were going on, the weather had been cold and rainy. The more fortunate among the marchers slept under crude rain covers. The rest simply slept in the open. It was not long before all had become completely apathetic to the elements and what was taking place about them. Young women relieved themselves without shame in the middle of the highway. At one point the marchers trudged on in the midst of an air raid, completely indifferent to falling bombs and machine gunning. The highway was strewn with the corpses of the marchers, which in some cases lay in ditches along side the carcasses of horses. The bodies were half or entirely naked, the clothing having been removed. In the town of Genyu four of the dead were buried in a common grave along with the carcass of a horse. Among the dead was a Frau Bertha Stieglitz, aged 71 years, who was shot on November 14 because she clutched at the arm of an Arrow Cross guard.

The War Refugee Board is happy to report that a few members of the local Hungarian population attempted insofar as possible to relieve the suffering of the marching victims of Nazi inhumanity. H.Marks.de 1-9-45.
