It is stated in Swiss note of July 1, pursuant first paragraph notice number one summarized in Legation's cable of July 3, no. 4225, that Swiss Legation in Berlin confirms answer from German Foreign Office that no internment camp exists bearing names Bostorost in Silesia and Dergau near Dresden. It is suggested by Swiss Legation in Berlin that Dergau camp may be Bergen-Belsen near Gelle, Hanover, which is a special camp for assembling exchangeable persons (especially Jews) who do not possess nationality of states which Switzerland represents. The second camp might well concern former internment camp for British men at Tostin Silesia.

With a view to undertaking inquiry concerning deported persons, a representative of the Swiss Legation in Berlin will visit Vittel camp early in July.

Foregoing has reference to American Interests, Germany.

Following for McGlelland and Minister Harrison

Reference to your 8105 of May 6.

Department and War Refugee Board consider that Pfifferling case should be dealt with in the light of Department's 1181 of April 7, 1221 of April 10, and paragraph two of 1921 of June 6. In view of Pfifferling's claim of Honduran nationality, Department's 1632 of May 10 is also applicable, and you should proceed at once to take all appropriate action necessary to safeguard Pfifferling's life as a Honduran national.

In view of Department's 1632 as well as of the other messages under reference it is not necessary to await affirmative word from Honduras. The messages under reference were intended to avoid just such delays as might be incident to awaiting confirmation of claims by the Latin American governments. The same is true as to claimants to United States citizenship pursuant to Department's 1269 of April 13.

Reference to your 3579 of June 5. List is not to be used for the present for purpose of investigating nationality claims. Main value of names is in eventually enabling you to take more effective protective action along lines of Department's 1270.

Kindly keep the Department advised.

Department and Board would appreciate having a list of names of deportees from Vittel, but main value of names is in eventually enabling you to take more effective protective action along lines of Department's 1270. List is not (repeat not) to be used for the present for purpose of investigating nationality claims.

In this connection, please press Swiss authorities for action regarding request to return Vittel deportees as set out in Department's 1270. Judging by your reports, the Swiss have not (repeat not) yet actually requested such return. You will also note that reports have reached Board that remaining Jews were removed from Vittel late April or May. Please make appropriate inquiry and request that Swiss protective steps under Department's 1270 be extended to cover any such additional removals.

Kindly keep the Department advised.

SECRETARY OF STATE, Washington

AMLEGATION, Bern

June 24, 1944, midnight

Hier air mail the Legation is being sent by the Department a copy and translation of the May 19, 1944 memorandum from Guatemala Foreign Office under cover of the despatch 1144, May 23, 1944 from the Embassy at Guatemala.

Below is the text of the translation of the memorandum in paraphrase.

Due note has been taken by the Secretariat for Foreign Honorable Affairs of the Republic of Guatemala of the US Embassy's courteous memorandum, dated yesterday, concerning the orders which the Department of State issued for the immediate protection of all individuals who have documentation as nationals of the US, or who claim such nationality, pending investigations results to be conducted in the case of each individual.

The understanding is that such protection is extended to such persons who find their lives endangered in enemy-occupied territory.

The honorable Embassy is courteously requested by the Government of Guatemala to lend its valuable intervention in
transmitting to the Swiss Government a like declaration on behalf of
the Government of Guatemala, in the sense that to all individuals
who find themselves in enemy-occupied territory and who own Guatemalan
papers or claim the right to Guatemalan nationality there be granted
the immunities, privileges, the rights, and the most complete protection
enjoyed by Guatemalans of duly proved nationality.

Prompted by lofty humanitarian sentiments the Guatemalan
Government asks this protection for claimed Guatemalans, but reserves
the right of investigation of each particular case and the right of
rejection at a later time/individuals whose nationality cannot be
proved conclusively.

No economic help of any kind is involved nor is the right
of the interested individuals to be admitted to the national territory
of Guatemala, until such time as their nationality shall have been
involved duly proved/in the protection which is herein requested in favor of
such individuals.

To the Honorable Embassy of the United States the
Secretariat for Foreign Affairs expresses its appreciation of the
cooperation of the former in the execution of this negotiation.

Will you advise the Foreign Office of the gist of
the above message.

The Department and the War Refugee Board are receiving reports indicating that there are held in camps situated in Germany and German-controlled territory, to which the protecting Powers and the International Red Cross have been granted no access or else such strictly limited forms of access that they have been unable effectively to assist the individuals in question, a number of unquestioned nationals and persons claiming the nationality of the United States and other American Republics. Belsen-Bergen near Hanover, Borgau near Dresden, Drancy near Paris and Theresienstadt are sites of such camps. Since late in 1943 the camp at Tost in Silesia appears to have been placed in this category. Possibly other camps of the same character exist.

The Swiss Government should be asked as protecting Power of the United States to investigate this situation. Please request it to endeavor to have its representatives visit the camps referred to for the purpose of investigating the claims of individuals held in these camps to citizenship of the United States or of other American Republics. Please make similar efforts regarding camps and other establishments which may exist in Romania, Hungary and Bulgaria or any other areas under control of German occupation.
of German-dominated authorities.

Article 66 of the Geneva Prisoners of War Convention as applied to interned civilians by mutual agreement of the belligerents should be the basis of the request to visit such camps. The extraordinary restrictions placed by the German authorities upon communications with these camps have deprived the persons detained there and the protecting Power of normal means of dealing with their claims to the protection of foreign states—hence in order to protect the vital interests of such detainees it is essential that visits be made to these camps. In this connection, reference is made to the case of Franz Kahn (Department's A-199, April 24 and previous) in which the extraordinary regulations attendant upon correspondence between him and the protecting Power have unjustifiably impeded the verification of his claim to American citizenship.

The International Red Cross Committee, despite extended efforts to visit the camps in question, has been unsuccessful in its exertions so far. Appreciation of the Department and the War Refugee Board for these efforts should be expressed. Also please express the hope that there will be no abatement of these efforts.

WRB CABLE NO. 36 TO BERN

HULL
CABLE TO MINISTER HARRISON AND MACLELLAND, BERNE, SWITZERLAND

1. Reports reaching the Department and War Refugees Board indicate that a number of nationals and persons claiming the nationality of the United States and of other American republics may be held in camps situated in Germany and controlled territory to which they are held in German-controlled territory in which the protecting powers and International Red Cross have either no (repeat no) or the most restricted access. Included in this category are the camps of Belsen-Bergen near Hanover, Bergau near Dresden, Post or Tost in Silesia, and Drancy near Paris. There may be others.

Please draw the attention of the Swiss government, as the protecting power of the United States, to this situation and request it to take steps to insure supervision by it of any and all camps and other establishments in German and German-controlled territory in which persons holding or claiming United States citizenship are held. This request extends to camps and other establishments which are or may be established in Hungary, Bulgaria, Romania and any other area under the control of authorities allied with Germany.

You may, if you deem it advisable, draw the attention of the Swiss government to this Government's stand on persons in danger of enemy persecution who claim American citizenship, as expressed in Department's 1269 of April 13, 1944.

2. A similar request to exert efforts to extend its humanitarian activities to such camps and establishments is to be addressed to Intercross.

REGARD TO AMERICAN MISSIONS TO BOLIVIA, BRAZIL, CHILE, COLOMBIA, COSTA RICA, CUBA, DOMINICAN REPUBLIC, ECUADOR, EL SALVADOR, GREAT BRITAIN, GUATEMALA, HAITI, HONDURAS, MEXICO, PANAMA, PARAGUAY, PERU, URUGUAY, AND VENEZUELA, WITH THE FOLLOWING NOTE:

The foregoing is reported to you for your information. Please call this matter to the attention of appropriate authorities, so that they may be in a position to take parallel action.

McClelland sends the following for WGB:

In connection with the request outlined in Department's
message of April 10, number 1221, the Legation wishes to be informed
whether or not Haiti has acquiesced and plans to advise the Swiss
Government that Haitian passports held by Jews in German occupied
countries and Germany are recognized by Haiti. Recently the Haitian
Legation was contacted in Bern by an interested Jewish organization
in connection with four persons holding passports of this description,
who are among the 163 persons listed as removed from Vittel and the
Haitian Legation in Bern informed this Jewish delegation that such
documents were fraudulent and of no value, as far as they were concerned.

DECLASSIFIED
State Dept. Letter, 14-11-72
By R. H. Parks Date SEP 20 1972
Reference is made herewith to your cables of April 7, April 10, April 22, May 27, and June 5 1944 numbers 1181, 1221, 1420, 1546, and 1971 and my telegram of April 13, 1944 No. 2297.

The following is the substance of material part of the June 17 memoire from the Foreign Office.

1. Passports of countries of Latin America (Costa Rica, Ecuador, El Salvador, Guatemala, Haiti, Honduras, Nicaragua, Paraguay, Venezuela) have circulated since the outbreak of the war among Jews living in German occupied territories, Poland especially, Consulates of various countries mentioned in Japan, Switzerland, Portugal, New York, Sweden and perhaps Poland issued those passports.

Instructions were requested of interested governments when such passports of countries whose interests Switzerland protects in Germany expired and when bearer asked the Swiss Legation in Berlin to renew them. The interested governments in general refused to authorize the extension of those passports which were not recognized by them. This fact was not brought to the attention of German authorities but the Swiss Legation in Berlin was deriv'd henceforth of the possibility

DECLASSIFIED
State Dept. Letter, 1-11-72
By R. E. Parks Date SEP 20 1972
possibility of giving these people protection.

2. Of these passports a rather large number are Paraguayan. Since Spain represents Paraguay in Germany, it seems that a list of a limited number of persons who alone should benefit from Spain's protection was given to the Spanish Embassy in Berlin by the government of Paraguay. It is not known by the Federal Political Department whether the Spanish Government received subsequently instructions correcting this situation in conformity with Paraguayan Government's statement mentioned in the second paragraph of the American Legation's memorandum of April 10 (your 1181).

3. Admission to American civilian internment camps controlled by the Ministry of Foreign Affairs in Berlin, by analogy such camps being administered/pursuant to POW Convention, was secured by a certain number of bearers of Latin American passports, generally Eastern European origin. Thus these persons virtually became candidates for an exchange of civilians between American countries and Germany. Those remaining in Poland, on the other hand, remained under regulations governing other eastern Jews. A census of internees at Comriege and Vittel was taken recently and there was removed from these camps a group of Jews. In certain cases this seems to have involved bearers of Latin American passports whose validity was questioned.

4. Jews
4. Jews who had not been able to establish American nationality had already been removed from Compiègne and Vittel by the German police at the time the contents of the American Legation's notice of April 14 (your 1221) were delivered to the German Government. It appeared from verbal statements made to the Swiss Legation in Berlin by a German Foreign Office official that the latter welcomed an opportunity while there was still time to support recognition by the United States of any one claiming ties with a country of Latin America as exchangeable. In the future German Foreign Office would be ready to consider as eligible for exchange against Germans in the United States desiring to be resettled all Jews interned in these camps who bear Latin American identity documents as well as those elsewhere known to the German Foreign Office.

6. Consequently it would seem logical to admit that the German Foreign Office, desiring to establish as large a basis as possible for foreseen exchanges, will do everything possible to exempt Jews bearing Latin American passports from deportation provided that an exchange agreement will effectively cover these Jews.

6. It is reported that there are still in Poland persons holding Latin American passports who until now have neither been interned nor considered for exchange, according to the Swiss
Swiss Legation in Berlin. It appears that the best protection that could be given to them would be for the interested Governments to recognize officially all Latin American passports which Jews in Germany or other German occupied territories are holding and to make a formal declaration through protecting power to this effect. Of countries whose interests Switzerland protects in Germany until El Salvador and Venezuela have recently made such declarations through intermediary of Federal Political Department. As yet, Nicaragua, Guatemala, Honduras, Ecuador and Costa Rica have not individually confirmed this attitude which should result from steps which the Department of State has taken with various countries of Latin America, mentioned in paragraph two of the April 10 memorandum of the American Legation.

7. Although not implying any guarantee, the foregoing permits the hope that the German Foreign Office concurs with the State Department's view. The concrete proposal leading to the exchange of lists contained in a recent communication with the government of Germany and submitted to the Federal Political Department by the American Legation on May 21 (See Department's cable of May 27, 1944 No. 1846) should constitute a basis for a practical talk in this matter.

8. However, the following must be submitted to the Legation's attention by the Federal Political Department:
the arrangements being considered will be effective only to
the extent that the number of German citizens whose repatriation
may be considered corresponds to the number of persons holding
passports and other identity documents issued in the names of
Latin American Republics. However, it has come to the
Federal Political Department's attention that documents of this
type are said to have been issued by the hundreds recently
again.

9. Finally, any publicity whatsoever given to the action
now being taken could compromise the essentially precarious
status which one hopes to assure Jewish bearers of passports
from Latin American countries.

We would appreciate information relative to success of
steps referred to in paragraph two of above note which the
American Embassy in Madrid undertook with the Spanish
Government.

FROM: American Legation, Bern
TO: Secretary of State, Washington
DATED: June 5, 1944
NUMBER: 3579

Reference is made herewith to the ultimate paragraph of Legation’s cable of May 18, No. 3172.

From the Swiss Foreign Office the Legation has received a list of 162 persons removed from Vittel for unknown destination of whom 3 allegedly claim Chilean citizenship, 8 Costa Rican, 6 Equadorian, 3 Haitian, 9 Honduran, 5 Nicaraguan, 87 Paraguayan, 3 Venezuelan, 7 Peruvian, and 29 unknown.

Since the list contains error in numbering, Legation is requesting Swiss to confirm whether 162 or 163 persons involved.

You are asked to please instruct whether the Department wishes nominal list sent telegraphically which includes date and place of birth.

There were born in Poland a large proportion of the persons concerned.

Foregoing refer to Latin American interests—Germany and France.

Following is from Sternbuch for Union of Orthodox Rabbis:

The Vittel situation is not clear and for some time there has been no direct news. It is not known how many internees remain at Vittel and who are among those at the Dachau concentration camp near Paris. Necessary steps to bring internees back to Vittel have been taken by the American Legation at Bern.

In connection with Bergen-Belsen and York Camp Bergau near Dresden we wish to refer to last explanations by us. Unfortunately, there has been no change in the situation there. No authorization to contact or visit this camp or to send parcels of food is held by IRC. Your intervention is expected by us.

We urgently ask you to find a solution to the problem of proposed passports without regard to the Vittel situation. Those papers are received by us only from a consulate up to the present time. This is absolutely insufficient for rescue work carried on by us. At various places such papers are useful means and they have so far helped in Slovakia and Hungary. Jews in Hungary are requesting them urgently to be emitted by different states.

We are quite desperate regarding the increasingly terrible Hungarian situation. There are already on deportation lists 5,000 Jews. It is urgently requested by Rabbi of Neutra and others that airship be sent to the towns of Mukacze, Echau and elsewhere. 15,000 Jews per day are deported to Poland over this route since May 10. The people are in despair that nothing has been done until the present. It is requested that you intervene and not miss another hour in this matter as this is one means of rescue.

As yet our courier from Lithuania has not returned. Chief Rabbi Eger of Wysoka and family have been saved and arrived yesterday in Bucharest.

Negotiations with Slovakia for the purpose of opening further labor camps for refugees from Hungary have been started by us with the Vatican's aid. The cost of setting up these camps has been underwritten by us provided there is no restriction on admission of new refugees.

From the Rabbi of Nitra we have received a message wherein he bitterly reproaches us for not having enough money for the rescue work. He says: "At present about 200 people from Hungary who are saved daily besides those saved from Poland. Moreover, all Jews in hiding as well as in numerous labor camps must be fed. The Hibbes are all without livelihood. A further 200,000 francs have been placed at our disposal and he urges that for the vast rescue project this sum is ridiculous. At least 61,000,000 are expected by him and he calls heaven and earth as witnesses that if he had had more money he could have saved the Jews of Techersher and others.

In Galanta, according to the latest information, 300,000 or more are being killed off daily and every day not only by the gas chamber but in the east, as well as by the horrible methods of Germany and other areas. The routes of the ghettos which are quite as brutal as in the east. The situation is an absolutely closed ghettos and many circumstances are unknown. Jews of Galanta are now in the hands of the German army. They have been sent in the direction, 20,000 are living in brick factories. They are in houses in Nagyvarad but approximately 15,000 are in a few army trains which are milled off with boards. Jews in the camps in Munkacs. It is declared by Bramowitz Horvath that this is the technique used to break down the resistance of masses psychologically to prepare them for the worst which has come true. The Jewish deportation has become the swift and immediate method of mass extermination in many places. Today in Munkacs, 5,000 Hungarians etc., other transports are to follow tomorrow. About 310,000 of our brethren, orthodox, are now being subjected to these measures. "Avoiding further misfortune is solely dependent on your grasping this situation and your coming to our aid. We are absolutely dependent on you for life. We can perhaps be partially or totally saved if you can and will keep us, but we are lost if not. Do not sit still and do not think about it long. Take action at once and make those who can aid us as long as there is yet time to do so.

A million Swiss francs were promised at once by wire but a million dollars are requested by them. We wish to know what action should be taken.

MAY 23 1944

Gentlemen:

The following very confidential message for you from Isaac Sternbuch was received from the American Legation, Bern, under date of May 16, 1944:

You are advised that Perlberger has been transferred to Bergen from Westerborg but we are not aware whether this means the rescue of Perlberger. Until now all further attempts have been in vain. Passport and certificate are possessed by him. With respect to Rabbi Lewin, it was only your conjecture that he might be at Bergen and this does not seem to be the case. The news from that camp is most unfavorable in part. Attempts have been made by the Chilean Legation in Bern to obtain information from protecting Polish but have not been successful.

Rabbi Kaplan, Lyon, has been contacted by us and his suggestions regarding help are awaited.

It is very pleasing to us to learn that the American Embassy in Madrid is also energetically intervening apparently with some success. It is hoped that the people will be returned to Vittel and we await news with new courier.

(1) It is necessary for every passport to be filled in normally with name and year the person was born. Every one has asked in accompanying letter to have a photo added in place of residence. Only if we have passports here do they have some worth to us. It would be best to get permission giving the Consulates of respective countries in Switzerland power to promptly hand over to us the passports.

(2) Return of courier from Vittel bringing us recent news is expected by us.
"(3) No disturbances known at Titmoning. Situation is still uncertain at Bergen Belsen near Hannover although we receive good news. Galla is province where Bergen Belsen is located and is not a camp. It is estimated by us that about 150 to 200 persons with South American papers are interned at these camps. About 1400 internees holding South American papers, for whom Spain and Switzerland are the protecting powers, are held in a large camp at Bergen near Dresden. Deportations are taking place and the situation of these two camps is very bad.

"On April 5 last we transmitted to Griffel 25,000 francs. Please let us know whether further 25,000 can be transmitted by us. It is requested that you state the amount of Swiss francs if such can be done."

I am sure you will appreciate the extremely confidential nature of the foregoing message.

Very truly yours,

PARAPHRASE OF TELEGRAM RECEIVED

FROM: AMBASSADOR, BERN
TO: Secretary of State, Washington
DATED: May 18, 1944

Following is for War Refugee Board’s attention.

Reference is made herewith to the Legation’s telegram of May 9, 1944, No. 2937 and Department’s telegram of April 13, 1944, No. 1270.

It is stated in a Swiss note dated May 12 that the question of internees allegedly removed from Vittel was discussed by the Swiss Legation in Berlin during the recent visit to the German Foreign Office.

Police authorities actually are proceeding with a most careful examination of the identity papers of citizens of American Republics held in internment camps, according to information received by Feldscher. These internees are not disturbed when they are able to furnish satisfactory proof of nationality. However, there are removed from the camps those persons who are not able to establish without any possible doubt that they are citizens of an American Republic. Such action applies to both Compiègne and Vittel.

It was added by Feldscher, in communicating the foregoing by letter dated May 5, that he knows that without having the right to make claims for such nationalities, a large number of citizens of Poland, and citizens of other Eastern European countries have obtained Nicaraguan, Honduran, Paraguayan, etc. passports. It is extremely difficult to verify, however, whether these...
there are among the deported persons citizens of countries whose interests are protected by the Swiss. A report that 163 persons have been removed from Vittel has been made by the Swiss Consulate at Paris which had been instructed to make a first-hand investigation of the matter. A list of these persons is possessed by the Consulate and thus the Swiss Legation in Berlin will be able to determine whether there are among the former internees of Vittel citizens of Latin American countries whose interests are protected by Switzerland.

Attention is also called by Feldscher to the fact that the authorities in Germany are also proceeding by degrees to apply stricter measures to persons claiming to be nationals of the U.S. On the basis of files at the Swiss Legation in Berlin, some internees held in the camps up to the present don't possess United States nationality or are still considered as "alien relatives" of citizens of the United States. It appears that general regulations will be applied by the German authorities to all persons who are refused protection by the United States Government. The substance of Swiss note ends here.

The Swiss Foreign Office was requested by the Legation to try to furnish a list of 163 civilians deported with an indication of their alleged claims of citizenship, also a list of persons at Vittel whose documentation status is such as to lead to the belief that they may be treated in a similar way. A request to have a representative of the Swiss Consulate in Paris proceed to Compiegne to conduct an investigation similar to that carried out at Vittel was also made by the Foreign Office.
Following is for WRH from McClelland for Agudas Israel World Organization from Starobush.

You are advised that Perlberger has been transferred to Bergen from Wetzberg, but we are not aware whether this means the release of Perlberger. Until now all further attempts have been in vain. Passport and certificates are possessed by him. With respect to Rabbi Levin, it was only your conjecture that he might be at Bergen and this does not seem to be the case. The move from that camp is most unwise in part. Attempts have been made by the Chilean Legation in Bern to obtain information from protecting字第4, but have not been successful.

Rabbi Kavlan, Lyon, has been contacted by us and his suggestions regarding the case are awaited.

It is very pleasing to us to learn that the American Embassy in Madrid is also energetically intervening apparently with some success. It is hoped that the people will be returned to Vittel and we await news with new courier.

(1) It is necessary for every passport to be filled in normally with name and year the person was born. Every one of the accompanying letter to have a photo added in place of residence. Only if we have passports here do they have some worth to us. It would be best to get permission given.

permission given the Consulates of respective countries in Switzerland
power to promptly hand over to us the passports.

(2) Return of courier from Vittel bringing us recent news is expected
by us.

(3) No disturbances known at Treviso. Situation is still uncertain
at Bergen Belsen near Hanover although we received good news. Galle is
province where Bergen Belsen is located and is not a camp. It is estimated
by us that about 150 to 200 persons with South American papers are interned
at these camps. About 1400 internes holding South American papers, for whom
Spain and Switzerland are the protecting powers, were held in a large
camp at Bergen near Dresden. Deportations are taking place and the
situation of these two camps is very bad.

On May 5 last we transmitted to Grivel 25,000 francs. Please
let me know whether further 25,000 can be made by us. It is requested
that you state the amount of Swiss francs if such can be done.
Since March of 1943 there has been a camp at Bergen near Hannover. Bergen-Belsen is located in the province of Lower Saxony. Between 150 and 200 people in this camp possess South American papers at present time. Many have been deported we fear. Near Bremen is a camp of the American legation.

There is another larger camp with at least 1,400 internees whose protective powers are Switzerland and Spain. It is understood that in these two camps the situation is worse than at Theresienstadt camp. To our surprise the Red Cross has not been admitted to them thus far. It is said that internees there are actually starving and do not receive any Red Cross parcels. Apparently they are not permitted to receive mail or to dispatch it. Camp is isolated from outer world and news is very rare.

According to reports deportations have been made.

It is urgent that steps be taken by protecting powers for both camps similar to other camps elsewhere.

Department's April 22 telegram to legation at Bern.

indicated. Red Cross parcels and free post should be accorded internes of these two camps. It might be that transfer could be promoted to Vittel or other safer places.

It is very difficult to get assistance to those in Hungary. Various trans are being tried but to date with no evident success. For the situation is not clear. A courier with eighty South American papers has been sent by us once again. If Turkish transit permits were given many families would like to try to emigrate illegally. However, until now this has not been the case. For people who escape through or from Hungary such transit possibilities are urgent. The family of Hombow-Halberstadt has arrived in Bucharest now.

Although we are in contact with Griffl he cannot render great assistance as long as transit through Turkey is not allowed. Our recommendation is that no larger amounts be sent to that place. If he can do something positive he can get us such money as he needs from us.

Only Salvador papers are available for this rescue work. It is requested that whatever steps are necessary be taken by you in order that such papers can be granted by some other Consulates in Switzerland also. In order to save his family of twenty-seven persons, the Sanitator Rabbi Magor of Gross Hardein has asked for help. Twenty thousand Swiss Francs have been sent
sent via courier to him.

Our telegraphic requests for certification which Jip Lewin places on are being handled very slowly by Jewish agency at Jerusalem. In our opinion it would be most helpful if we intervened by wire.

With various good results our rescuing of men from Italy and France to Switzerland has been begun.

Pressing calls for help are coming to us from Theresienstadt Krakow and other towns for clothing and food parcels to save the lives of people hiding in vicinity. Calls are coming from working camps in Poland also. Kindly inform us if we may participate in this matter.

Their parents having been deported approximately one hundred children have crossed the border into Switzerland illegally and these children are from our best families in Belgium and Holland. Part of them we were able to place with families but as there were not sufficient private places available, part had necessarily to go to Klostere. Permission from Swiss, supported by Polish Legation, has been received to supervise their education and to place them in children's homes. For 100 to 150 children it costs 150 francs monthly per child at present moment in a home. However, only half
only half of this sum can be raised by us. Permission
is hereby requested by us to help in this work also.

The confidential information contained in the Department’s cable of April 29, 1944, No. 1502, second paragraph was communicated to me by the Papal Nuncio in Bern, and I informed him that the Department has expressed the warm appreciation of the American Government for the Holy See’s activities.

An acknowledgment dated May 4 expressing appreciation was received by me from Monsignor Vernardini and a copy of a cable which Nuncio at Madrid addressed to Cardinal Maglione on April 28 regarding the Spanish Government’s attitude was enclosed in the acknowledgment. The matter has been taken up with the Spanish Government by the Papal Nuncio at Madrid. The following is the substance of the cable:

Several times this Government has concerned itself with the fate of the Jews because of their situation, terribly dominated by the German authorities, but the Berlin Government has made known that intervention is not favored by it. Spanish Jews but no others can be looked after by Spain. With regards to Jews at Vittel, however, expedient efforts will be made by this government with the view to exchanges of Jews and civilian internees in America.

We refer herewith to Department's telegram of April 10, 1944, No. 1231 and Legation's cable of April 24, 1944, No. 2937.

Given below is the substance of a note from the Swiss Government dated May 3:

The Swiss Legation in Berlin received instructions from the Foreign Office to obtain all information concerning the alleged transfer to an unknown prison of 238 persons previously at Vittel looking toward their immediate return there. It is reported by the Swiss Legation in the letter dated April 20 that German Foreign Office representative stated that there is no information concerning this alleged transfer to the prison from Vittel. Therefore, the Swiss Consulate in Paris was instructed by the Swiss Legation in Berlin to proceed to Vittel to make an inquiry in person. They will promptly report the results.

Bisang told Felix during an informal discussion at the Foreign Office on May 5 that according to a preliminary report from Felitsch, the latter had been told the following by an unnamed person in the German Foreign Office:

It was anticipated by the Swiss that a complete report from Feldschur will be received shortly and the note will then be transmitted.

Arrest of Kurt Pifferling.

The American Minister at Bern has the honor to enclose, for possible submission to the Honduran Government, a translation of a note dated May 2, 1944, from the Swiss Foreign Office together with a translation of its attached letter addressed on March 14, 1944, to the Swiss Consulate at Stuttgart, which is now located at Northeim, Germany, by the Wurtemberg Ministry of the Interior. Both these communications concern Kurt PFIFERLING, who claims to be a Honduran citizen and who has been arrested by the Gestapo.

It may be observed that the Swiss Foreign Office states that Kurt Pifferling has requested that the International Committee of the Red Cross be informed of his present address. However, as the Legation has no record of Pifferling, it is taking no action with regard to this request pending the receipt of a statement from the Honduran Government regarding his alleged nationality.

The Federal Political Department would be grateful to the Legation of the United States if it might be advised, for the information of the Swiss Legation at Berlin, whether Mr. Pifferling may be considered as a Honduran citizen.

Furthermore Mr. Pifferling requested that his present address be communicated to the International Red Cross.

Kurt Werner Pifferling and his parents are Jews and lived in Amsterdam at the beginning of the current war. One and a half or two years ago, the Pifferling family acquired Honduran citizenship which was not recognized by the security police detachment of The Hague. The son, Kurt Werner, was dispatched by train to the East, together with other Jews living in the Netherlands. Some of these Jews, among them Pifferling, managed to saw the side-wall of the freight car and to escape from the moving train. Pifferling first went to Berlin and was able from there to reach the Netherlands again by secret means. There he was arrested by the state secret police and temporarily transferred to the police prison at Welsheim. The Stuttgart office of the state secret police was recently requested by the Berlin office to transfer Pifferling to Berlin, which will be done in the near future. It is not known whether criminal proceedings have been instituted against Pifferling or whether he has requested legal counsel.

FOLLOWING FOR HARRISON'S ATTENTION

Please transmit the substance of the following message to Harold H. Tittman, Jr., American Representative, Vatican City.

The following telegram has been received from Minister Harrison at Bern, dated April 13:

QUOTE: Details of approaches which the Vatican made to various Governments of South American in an attempt to work out relief measures for Jews interned in Germany or German-occupied territory who hold documentation issued by those Governments were supplied to me on April 9 by the Papal Nuncio, Bern. Apparently the question of eventual immigration to respective countries in course of possible exchange was raised in addition to the question of recognition of documentation. The following is the substance of the replies.

1. Because
1. Because of laws forbidding admission, a negative reply was made by Panama with respect to Polish Jews.

2. Both Nicaragua and Costa Rica are disposed to recognize passports which their respective Consuls issued up to eight families which could remain in these Republics only during the war if the families are neither industrialists nor farmers.

3. They would be received in Bolivia.

4. A negative reply was made by Salvador and Guatemala.

5. Instructions to verify and recognize passports have been issued by Chile.

6. Each case would be considered individually by Uruguay.

7. No action could be taken by Haiti.

8. Passports could not be recognized by Peru.

9. Passports could be recognized by Cuba if no objection is made by Great Britain and the United States.

10. Passports of Polish Jews at Vittel have been recognized by Paraguay.

Bolivia
Bolivia and Paraguay are represented in Germany by Spain and the rest of the countries listed above are represented by Switzerland. We assume that they will inform their respective protective powers concerning any action which they take in the future following representations of the American Government.

It is stated by the Nuncio that in the present reportedly aggravated situation of certain victims the Holy See had requested its Madrid representative to ask the government of Spain to inform the Spanish Ambassador at Berlin of gravity of peril of Polish Jews who have Paraguayan documentation and to insist to him upon the urgency of effective protection for them.

Information had been received by the Nuncio that the cause of the trouble arose when the proposal was made to exchange these Jews for Germans located in South America. Jews who had Paraguayan passports were included in the list by Germany. A protest was made by Paraguay which stated that the passports had been illegally issued and Paraguay refused to recognize the passports. The Germans withdrew as a result of this and protection was suspended.
suspended by Spain. I have been further informed by Nuncio that this has been confirmed by International Red Cross which has promised its intervention if an exchange is objective conditioned on Holy See's action. UNQUOTE.

While grateful to the Holy See for its generous initiative, the Department regrets not to have been earlier informed thereof. It was clear to this Government that in most, if not in all, Latin American countries concerned neither consent to exchange nor even simple recognition of documents could be obtained unless it is understood that the governments concerned are not expected physically to admit these persons. The absence of such assurances in the Vatican approach has presumably caused the Latin American countries to reply as reported and Spain to suspend protection of persons involved. The result was the deportation of 238 such Jews from Civilian internees camp at Vittel and imminent danger to all of them, reported to number several thousands.
On April 10, the following cable was sent to
Minister Harrison:

Although the motives of the Germans in
according better treatment to Jews of Polish origin
holding passports and other documents issued in the
names of Latin American countries are not too clear,
it would appear that they include (1) some hope that
they might be considered exchange material against
Germans in the Western Hemisphere and (2) some fear
that their ill-treatment might afford the Latin
American countries a pretext for further limiting
the freedom and economic activities of Germans
resident in such countries.

The measure reported in your 1958 of March 30
may be an indication that Germany is beginning to
doubt whether such Jews are considered exchange
material and whether their treatment would affect
the treatment of Germans in Latin America. This
Government regards it as essential that these
doubts be promptly and effectively dispelled.

Accordingly, please request the good offices
of the Swiss Government in informing the Germans
that
that this Government is undertaking discussions with Latin American countries for a further exchange of Germans in the Western Hemisphere for persons in German-controlled territory and that in this connection, the United States considers that all persons in Vittel and elsewhere holding passports and other documents issued in the names of Latin American countries will be eligible for such exchange.

Simultaneously, please request the appropriate Swiss authorities to advise the Germans that in the meantime this Government expects that these persons will be accorded the same rights, privileges and immunities that the German government expects will be accorded to Germans in the Western Hemisphere. You may add that a considerable number of German civilians interned by various Latin American countries have been placed by such countries in the custody of the United States and are presently in such custody within continental United States.

UNQUOTE.

Simultaneously we cabled our missions in Latin American countries concerned:

QUOTE Minister Harrison at Bern has informed us
that the Swiss Foreign Interests Division has advised him informally that the Spanish government had been requested by the Germans to inquire into the bona fides of certain Latin American passports, held by internees in enemy-controlled territory and that the Latin American governments have denied responsibility as well as any claims of the persons holding such passports. Please approach appropriate officials of the government to which you are accredited and inquire whether it has received any such inquiries through the government of Spain or otherwise from the Germans with respect to the validity of passports held by such internees and if such inquiry has been made, please ascertain the nature of the response, if any.

In view of the perilous situation in which these internees find themselves, the conclusion has been reached that perhaps the only way of safeguarding the lives of these unfortunate victims of Nazi persecution is forthwith to initiate through proper channels negotiations for an exchange of nationals.
nationals for which these people will be eligible. In contemplating such exchange negotiations, it is
not expected that the government to which you are
accredited will physically admit any such persons
into its territory even on a temporary or tentative
basis. This Government is prepared to take full
responsibility for all arrangements necessary to
route these persons to places elsewhere.

Proceeding on this basis, please approach the
government to which you are accredited with the
request that it give its approval to the Government
of the United States approaching the German govern-
ment through appropriate channels with a view to
initiating such negotiations. Please also advise
appropriate officials of the government that similar
requests are being made of other Latin American
countries, it being the hope of this government that
it will be put in a position to initiate exchange
discussions on a hemispheric basis. Please also
advise such officials that in any exchange negoti-
ations that may be entered into, it is of course under-
stood that unquestioned citizens of the United States
and
and of the Latin American countries will be considered by this Government as being in a category entitled to priority over others.

Please also request the government to which you are accredited, on humanitarian grounds, affirmatively to approach the German Government through the protecting power with a demand that the lives of all persons holding passports issued in its name or claiming its citizenship on the basis of consular documents be safeguarded and that they be given all rights privileges and immunities accorded to civilian internees of enemy nationality to whom the Geneva Convention regarding the treatment of prisoners of war is currently applied by analogy.

UNQUOTE.

Furthermore, Ambassador Hayes at Madrid was asked to request Spanish support in this action.

In conveying the above information to the Holy See, please express to the appropriate officials this Government's warm appreciation of the Holy See's efforts to rescue persons involved, and our hope that the Holy See will cooperate with us.
use in this humanitarian task by urgently supporting in Latin America and Spain our steps now detailed.

Furthermore, please obtain confirmation of details reported in Harrison's telegram and clarification of apparent contradictions contained in two passages of said telegram referring to Paraguay.

In view of extreme urgency of issue involved, prompt action is necessary. Please keep Department advised of progress. Department will keep you informed of further steps undertaken in this matter.

Substance of this telegram is being communicated to Apostolic Delegate in Washington.

The following is the substance of the replies:

1. Because of laws forbidding admission, a negative reply was made by Panama with respect to Polish Jews.
2. Both Nicaragua and Costa Rica are disposed to recognize passports which their respective Consuls issued up to eight families which could remain in these Republics only during the war if the families are neither industrialists nor farmers.
3. They would be received in Bolivia.
4. A negative reply was made by Salvador and Guatemala.
5. Instructions to verify and recognize passports have been issued by Chile.
6. Each case would be considered individually by Uruguay.
7. No action could be taken by Haiti.
8. Passports could not be recognized by Peru.
9. Passports could be recognized by Cuba if no objection is made by Great Britain and the United States.
10. Passports of Polish Jews at Vittel have been recognized by Paraguay.

Bolivia and Paraguay are represented in Germany by Spain and the rest of the countries listed above are represented by Switzerland. We assume that they will inform their respective protective powers concerning any action which they take in the future following representations of the American Government.

It is stated by the Nuncio that in the present reported-by-aggravated situation of certain victims the Holy See has requested the Madrid representative to ask the government of Spain to inform the Spanish Ambassador at Berlin of gravity of peril of Polish Jews who have Paraguayan documentation and to insist to him upon the urgency of effective protection for them."
Information had been received by the Nuncio that the cause of the trouble arose when the proposal was made to exchange these Jews for Germans located in South America. Jews who had Paraguayan passports were included in the list by Germany. A protest was made by Paraguay which stated that the passports had been illegally issued and Paraguay refused to recognize the passports. The Germans withdrew as a result of this and protection was suspended by Spain. I have been further informed by Nuncio that this has been confirmed by International Red Cross which has promised its intervention if an exchange is objective conditioned on Holy See's action.\textit{\textsuperscript{UNQUOTE}}

While grateful to the Holy See for its generous initiative, the Department regrets not to have been earlier informed thereof. It was clear to this Government that in most, if not in all, Latin American countries concerned neither consent to exchange nor even simple recognition of documents could be obtained unless it is understood that the governments concerned are not expected physically to admit these persons. The absence of such assurances in the Vatican approach has presumably caused the Latin American countries to reply as reported and Spain to suspend protection for persons involved. The result was the deportation of 238 such Jews from Civilian Internment camp at Vittel and imminent danger to all of them, reported to number several thousands.

On April 10, the following cable was sent to Minister Harrison:

\textit{\textsuperscript{QUOTE}} Although the motives of the Germans in according better treatment to Jews of Polish origin holding passports and other documents issued in the names of Latin American countries are not too clear, it would appear that they include (1) some hope that they might be considered exchange material against Germans in the Western Hemisphere and (2) some fear that their ill-treatment might afford the Latin American countries a pretext for further limiting the freedom and economic activities of Germans resident in such countries.

The measure reported in your 1956 of March 30 may be an indication that Germany is beginning to doubt whether such Jews are considered exchange material and whether their treatment would affect the treatment of Germans in Latin America. This Government regards it as essential that these doubts be promptly and effectively dispelled.

Accordingly, please request the good offices of the Swiss Government in informing the Germans that this Government is undertaking discussions with Latin American countries for a further exchange of Germans in the Western Hemisphere for persons in German-controlled territory and
that in this connection, the United States considers that all persons in Wittel and elsewhere holding passports and other documents issued in the names of Latin American countries will be eligible for such exchange.

Simultaneously, please request the appropriate Swiss authorities to advise the Germans that in the meantime this Government expects that these persons will be accorded the same rights, privileges and immunities that the German government expects will be accorded to Germans in the Western Hemisphere. You may add that a considerable number of German civilians interned by various Latin American countries have been placed by such countries in the custody of the United States and are presently in such custody within continental United States. UNQUOTE

Simultaneously, we cabled our missions in Latin American countries concerned:

QUOTE Minister Baroni at Bern has informed us that the Swiss Foreign Interests Division has advised him informally that the Spanish government had been requested by the Germans to inquire into the bona fides of certain Latin American passports, held by internees in enemy-controlled territory and that the Latin American governments have denied responsibility as well as any claims of the persons holding such passports. Please approach appropriate officials of the government to which you are accredited and inquire whether it has received any such inquiries through the government of Spain or otherwise from the Germans with respect to the validity of passports held by such internees and if such inquiry has been made, please ascertain the nature of the response, if any.

In view of the perilous situation in which these internees find themselves, the conclusion has been reached that perhaps the only way of safeguarding the lives of these unfortunate victims of Nazi persecution is forthwith to initiate through proper channels negotiations for an exchange of nationals for which these people will be eligible. In contemplating such exchange negotiations, it is not expected that the government to which you are accredited will physically admit any such persons into its territory even on a temporary or tentative basis. This Government is prepared to take full responsibility for all arrangements necessary to route these persons to places elsewhere.

Proceeding on this basis, please approach the govern-
ment to which you are accredited with the request that it give its approval to the Government of the United States approaching the German government through appropriate channels with a view to initiating such negotiations. Please also advise appropriate officials of the government that similar requests are being made of other Latin American countries, it being the hope of this Government that it will be put in a position to initiate exchange discussions on a hemispheric basis. Please also advise such officials that in any exchange negotiations that may be entered into, it is of course understood that unquestioned citizens of the United States and of the Latin American countries will be considered by this Government as being in a category entitled to priority over others.

Please also request the government to which you are accredited, on humanitarian grounds, affirmatively to approach the German government through the protesting power with a demand that the lives of all persons holding passports issued in its name or claiming its citizenship on the basis of consular documents be safeguarded and that they be given all rights privileges and immunities accorded to civilian internees of enemy nationality to whom the Geneva Convention regarding the treatment of prisoners of war is currently applied by analogy.

Furthermore, Ambassador Hayes at Madrid was asked to request Spanish support in this action.

In conveying the above information to the Holy See, please express to the appropriate officials this Government's warm appreciation of the Holy See's efforts to rescue persons involved, and our hope that the Holy See will cooperate with us in this humanitarian task by urgently supporting in Latin American and Spain our steps now detailed to you.

Furthermore, please obtain confirmation of details reported in Harrison's telegram and clarification of apparent contradictions contained in two passages of said telegram referring to Paraguay.

In view of extreme urgency of issue involved, prompt action is necessary. Please keep Department advised of progress. Department will keep you informed of further steps undertaken in this matter.

Substance of this telegram is being communicated to Apostolic Delegate in Washington.

The following message refers to your number 1269 dated April 13, and to number 1270 also dated April 15, 1944.

The Government of Switzerland has been requested by the Legation to extend protection to Hager and Wachtel whose cases were mentioned in your number 1994 dated March 31 until specifically advised to the contrary and similar action will be taken on cases of this kind in the future. On April 16 we requested the immediate return to Vittel of two hundred and thirty-eight persons.

It is assumed by the Legation that the authority given in the telegram under reference to extend protection to documentation applicants who are awaiting the decision of the Department applies only to such refugee cases and does not alter the customary procedure of withholding protection to ordinary cases which are referred to the Department for decision such as cases of cooperation in the war effort of the enemy, doubtful loyalty, repatriation, first-time applicants, et cetera. In later cases the Legation will continue to request the Swiss representative to withhold protection until the decisions of the Department are received, unless instructed otherwise.

The following message is sent for the Agudas Israel World Organisation (see number 1185 dated April 5, 1944, from the Department) by Sternbuch.

Formerly such papers were issued by the following Consulates: Chile, Costa Rica, Ecuador, Haiti, Honduras, Paraguay, Peru, Venezuela, Bolivia, Nicaragua and Uruguay. Only from the San Salvador Consulate are these documents now available. In order to save people in Hungary it is of first importance that Consulates in Switzerland be authorized to confidentially issue to us passports or citizenship documents to be distributed to refugees free of charge. Traffic in false passports would be ended by this measure. The responsibility would be assumed by the Committee that passports would be used only for temporary protection and when the emergency is past they would be returned to the issuing states. Sternbuch signed the foregoing.

The following is for the Department:

According to his knowledge it is stated by Sternbuch that only the Consulates of Haiti, Honduras, Nicaragua, Paraguay, Peru and San Salvador have issued false passports in Switzerland although they have been issued elsewhere in Europe by Consulates of other countries named above.

FROM: The American Minister, Bern
TO: The Secretary of State, Washington
DATE: April 13, 1944
NUMBER: 2293

I have communicated to the Swiss Foreign Minister the substance of your message number 1181 dated April 7.

The Kullman report has not been seen by me as yet. Although your statement was the first official confirmation received, I had private intimations concerning the action of the Government of Paraguay.

An objective review of irregular documentation situation with special reference to Paraguayan and Dominican Consulate was given in my despatch number 5824 dated August 10, 1943, and first reports regarding difficulties of persons in German occupied territory who had been supplied with this irregular documentation was given in my number 6921 dated December 27.

Many cables on this subject with information of interest have been dispatched since the latter date. Since Kullman did not review the subject in detail with the Legation all of these should be consulted as possibly supplementing the report of Kullman.

As quoted by you the Kullman report appears to imply that the Government of Switzerland without consultation with the Central and South American Governments concerned, has acted unilaterally in these cases. In several cases of which the
Legation has knowledge this assumption does not seem to be borne out by the records. (Kindly refer to the following messages: (1) Number 6087 dated September 30, 1943 from Bern which reported the dismissal of Consul Hugli by the Government of Paraguay; (2) dated October 26, 1943, Department’s FFS number 76 which foretold positive action by Peru in renunciation of passports issued irregularly by the Peruvian Consul and instructed consular and diplomatic officers (Asociacion) to suspend action on all cases of all visa applicants who presented Peruvian passports; (3) number 2678 dated November 1, 1943 from the Department which reported the dismissal of Consul Bauer by the Dominican Republic.

That the Kulleg report is critical also of the authorities of Switzerland in measures they have formerly taken in attempts to suppress traffic in irregular documentation, is the impression conveyed.

Of this irregular documentation probably by far the greater part is in the hands of bona fide refugees from oppression by the Germans. That those who hold such documentation and who are now interned are not (repeat not) suspect may surely be assumed. While the names of persons to whom passports have been issued are, I suppose, usually 0th third identity has not been proved although the issue has been widespread without proper control which would appear impracticable in any event.

The authorities of Switzerland have found irregular passports possessed by suspect persons in Switzerland and in one known case at least irregular documentation has been issued by a foreign
foreign consular officer to an individual in Switzerland to illegally conceal identity. That extortionate fees were being collected was also discovered by the Swiss.

It would seem that the authorities of Switzerland have on the whole been motivated by considerations quite similar to those which occasioned several circular and special instructions from the Department. The dangers inherent in practice especially with reference to the possible involvement of agents of the enemy were pointed out in these instructions. Furthermore, cases were found which were thought to be of immediate concern to the national security of the Swiss. Consequently I do not believe that criticism of the authorities of Switzerland or of remedial action taken by them is justified and would not be appropriate at the present juncture if the Kullman report actually contained such.

Furthermore, among the Swiss there is no lack of understanding or sympathy with those victims who might find succor or means of escape from the oppression of the Nazis by the use of documentation under discussion and I have reason to believe that what it feels it consistently can to alleviate their condition will be done by the Government of Switzerland.

It is understood by the Department that the Swiss are required to guide their activities and relations with several belligerents so as not to impair their usefulness as the protecting power for many purposes both difficult and complicated.
Vatican activities in behalf of interned Jews were reported in my number 2803 dated April 13 - please refer to that message.

FROM WAR REFUGEE BOARD FOR THE MINISTER.

The War Refugee Board is informed that there are small groups of refugees from Poland interned at Vittel, France and Bergen, Germany, who claim American citizenship.

The War Refugee Board is further advised that the Germans may make inquiry of the Swiss Government as to the validity of such claims. You are instructed to advise appropriate officials of the Swiss Government at the proper time that all such inquiries are to be answered in substance as follows:

Upon the receipt from the Swiss Government of all pertinent information available to the Germans relating to any claim to United States citizenship asserted by any person within territory under enemy control, the Department will undertake fully to investigate the matter. While any particular claim to United States citizenship is under investigation by the Department and until the Swiss Government is specifically advised to the contrary by the Department, the claimant must be presumed to be a citizen of the United States and must be accorded all the rights, privileges and immunities to which such citizens are entitled with the exception that financial assistance may not (repeat not) be extended until the Department specifically authorizes such assistance.

The foregoing is in reference to the Department’s 1151, April 5, 1944.
March 25, 1944

To: Mr. Stettinius

From: J. W. Fehle

We have received information that there are small groups of persons, mostly refugees from Poland, interned at Vittel, France and Bergen-Belsen, Germany, because they claim to be United States citizens. Concededly, a number of these claims are rather tenuous, some being based on such things as the issuance of "first papers" while the refugee was in the United States, and others on the naturalization of a parent at a time when the refugee was an adult. On the other hand, some of these claims may be valid, particularly where the refugee claims derivative citizenship, or claims to be the foreign born child of a citizen. If these claims to citizenship are not recognized by the Germans, transportation to Poland and death will be the consequence.

We are further advised that it is not unlikely that the Germans will make inquiry of the Swiss concerning the status of the persons in question. I feel very strongly that the Swiss should be instructed, whenever such inquiry is made, to reply in such a way as not to put the lives of these persons in jeopardy. To that end, I recommend that the attached cable be sent to Minister Harrison at Bern with all possible haste.

Details of approaches which the Vatican made to various Governments of South America in an attempt to work out relief measures for Jews interned in Germany or German-occupied territory who hold documentation issued by those Governments were supplied to me on April 19 by the Papal Nuncio Bern.

Apparently the question of eventual immigration to respective countries in course of possible exchange was raised in addition to the question of recognition of documentation. The following is the substance of the replies:

1. Because of laws forbidding admission, a negative reply was made by Panama with respect to Polish Jews.

2. Both Nicaragua and Costa Rica are disposed to recognize passports which their respective Consuls issued up to eight families which could remain in these Republics only during the war if the families are neither industrialists nor farmers.

3. They would be received in Bolivia.

4. A negative reply was made by Salvador and Guatemala.

7. No action could be taken by Haiti.
6. Passports would not be recognized by Peru.

9. Passports could be recognized by Cuba if no objection is made by Great Britain and the United States.

10. Passports of Polish Jews at Vittel have been recognized by Paraguay.

Bolivia and Paraguay are represented in Germany by Spain and the rest of the countries listed above are represented by Switzerland. We assume that they will inform their respective protective powers concerning any action which they take in the future following representations of the American Government.

The Germans withdrew as a result of this and protection was suspended by Spain. I have been further informed by Nuncio that this has been confirmed by International Red Cross which has promised its intervention if an exchange is objective
objective conditioned on Holy See’s action. It is not known to me whether details of this proposal for exchange and its results are given in Kullmann’s report quoted in your telegram of April 7, 1944, no. 1181. I discussed with Kullmann the idea and urged him to foster it but I had not previously known that the idea had been taken up formally.

US URGENT

A summary of a message to the Union of Orthodox Rabbis from Sternbuch follows. Please refer to my number 1944 dated March 31, 1944.

1. To report on the situation a courier has been despatched by me to Hungary. It is my suggestion that the possibility of arranging an exchange of Jews in Hungary against German civilians from Africa or other Allied occupied territory be examined by you with the Government of America.

2. Aid us in obtaining Vatican certificates, number unlimited. Lists of thousands of families in Hungary could be telegraphed to Jerusalem by me. A certificate is useful in occupied countries for obtaining internment against exchange up to the present time.

3. Southern American passports for ten thousand families would be another possibility for rescue. Through the consulates of those countries in Switzerland, passports should be handed to us confidentially. Since the receivers would know that these passports are valid only during war time as a means of saving lives, they (passports) could not be misused. Only to well known Rabbis and other reliable persons would passports be given.
4. Regarding possibilities of rescue I am constantly in touch with Griffel by telegram.

5. To all occupied areas I have extended rescue activities. A courier is now en route with instructions to assist 150 Rabbis and prominent persons although since occupation contact with Lithuania has been interrupted.

The foregoing is signed Pines, Sternbuch, Rosenbaum and Rubinfeld.

The Department has received from London Kullmann’s report of his discussions with you, the Swiss authorities, the Polish Minister, the International Red Cross and representatives of voluntary agencies concerning the attitude of Switzerland towards those who assisted Poles, including Polish Jews, in France to obtain passports issued in the names of Latin-American countries, and the attitude of the German authorities with respect to the persons in enemy-controlled areas holding such passports. This Government is approaching the Latin-American Governments and is urging them on humanitarian grounds to take no action, at least until after the war, to revoke or cancel such passports or to indicate that they are or may be revoked or cancelled or may be considered ineffective or invalid. As you probably know, the Government of Paraguay has already advised this Government and the Intergovernmental Committee that it has not cancelled and is not considering cancelling such passports issued in its name.

There is some hope that Poles, including Polish Jews, holding such passports will continue to receive more favorable treatment than persons who do not. It is this Government’s view that any action that might result in endangering their lives or

Accordingly, you are requested to approach appropriate officials of the Swiss Government and advise them of this Government's views. You should request appropriate officials of the Swiss Government to approach the Germans in an effort to induce them to continue to recognize the validity of Latin-American passports held by persons in Vittel and elsewhere unless the Government in whose name the passport has been issued takes affirmative action to cancel or revoke it or deny its validity. In this connection, Kullmann and others report that the Swiss Government has taken legal action against the persons in Switzerland who were instrumental in securing these passports and that the Swiss Government has also undertaken an inquiry regarding the authority of some of the persons who have issued such passports. It is this Government's view, and appropriate Swiss authorities should be so advised, that the validity of the passports in question is not in issue and should not be put in issue by Swiss authorities in the absence of affirmative renunciation by the Latin-American Governments concerned. In any event, it would seem that such action and inquiry might, on humanitarian grounds, if no other, be postponed until after the war, and you should so inform the Swiss Government.

For your information, Kullmann has reported that the Swiss authorities

The Department and the War Refugee Board have reason to believe and are strongly of the view that it is of the utmost importance and can only help persons subject to enemy persecution that German authorities be kept continuously aware that the treatment of Jews and others in enemy-controlled areas is being followed with the closest attention.

Hereewith a proposed cable to Bern concerning the persons in France holding Latin-American passports. This is in substitution for the proposed cable attached to Mr. Fehl's memorandum to Mr. Stettinius dated February 21, 1944. As you know, this substitution is necessitated by the delay in transmitting the earlier message and the receipt in the interim of No. 1708, 2nd, from London, dated March 2, 1944. The latter was received by the War Refugee Board late in the afternoon of March 14, 1944. The urgency in connection with the attached cable, and the companion cable to various missions in Latin-America submitted by Mr. Fehl to Mr. Stettinius on March 11 is apparent.

US URGENT

The following message is for the Union of Orthodox Rabbis of Orthodox Rabbinical Alliance from Sternbuch:

Regarding interned at Vittel, substance was sent to you through the Department of State by the American Legion at Bern in my last report. It is urgently necessary that the Spanish Ambassador in Berlin, who either ignores the interests of Paraguayan citizens or is not watching them well enough, take energetic action. (See Legation's number 1994 dated March 31 for the Department.) Firmness by Spanish Ambassador is urgently necessitated because of the fact that the Geneva ruling against Jews, according to the Red Cross, has been particularly drastic for about three weeks. Kindly take immediate action and urge intervention with the Government of Spain at Madrid by the Paraguayan Government.

PARAPHRASE OF TELEGRAM RECEIVED

FROM: The American Legation, Bern
TO: The Secretary of State, Washington
DATE: March 31, 1944
NUMBER: 1994

With reference to the situation of the Jews who reportedly have been interned in Vittel, Isaac Sternbuch has approached the Legation. (Please refer also to my number 1968 dated March 30, 1944.) A total of two hundred and thirty-eight persons comprised of children and adults, most of whom have obtained documentation of ten Latin American Governments - Peru, Paraguay, Costa Rica, Honduras and others, are involved.

According to Sternbuch interested persons are attempting some kind of remedial action with Government whose officials abroad have issued the false documents which these persons possess. The statement has been made repeatedly that the State Department has interested itself and is urging the Governments concerned to find some means of alleviation either by assuming complete recognition of nationality or by assuming responsibility in some other way for the victimized persons.

Kindly inform me if this report is authentic. We have now clandestinely received information that largely because of some alleged action by the Spanish Embassy in Berlin as the protesting power of the Paraguayan, these persons are about to be or already have been removed elsewhere by the German authorities.

authorities. The Swiss Foreign Interests Division has told me informally that the Government of Spain had been requested by the Germans to inquire into the bonafides not only of the Paraguayans but of all suspected claims and that other Governments denied responsibility and claims. However there is not available to me a complete picture of the affair.

The following four persons who claim U.S. nationality are contained in the list of interned concerned: Nettie and Lieba Wachtel, Malka Hagar and Hirsch. According to the records of the Legation, applications for documentation of Nettie and Lieba Wachtel and Hirsch as American citizens were submitted to the Department. In a list received from the Swiss authorities and transmitted to the Department as Legation's dispatch 6097 dated September 3, Malka Hager was reported as an American citizen. We have not yet received the Department's decision concerning citizenship claim of these persons.

Interested Jewish circles in Switzerland and Sternbush are fearful of the fate awaiting the above described group and believe that it may be possible to arrange with authorities of Germany an exchange of Germans who may at present be in North and South America for members of this group. Such arrangements it is realized would require time for negotiations and meantime pending submission of such proposal to German authorities it is Sternbush's hope that the German authorities might be prevailed upon to postpone any summary action.
action by which the group would be affected. The possibility that the Department might be willing to telegraph the American Embassy at Madrid asking it to communicate with the Spanish Foreign Office with a view to appropriately communicating with the Spanish Ambassador in Berlin in the premises, was therefore suggested to the Legation by Sternbuch. Sternbuch further suggested that in such an arrangement the Spanish Ambassador in Berlin might be asked to request the authorities of Germany to withhold any action until there could be an investigation of the possibility of arrangements for exchange against the Germans.

Accordingly Sternbuch's proposal is being submitted to the Department by me. Urgency is stressed by Sternbuch. That representations may also have been made in London to the International Committee and possibly in Washington too, I have reason to believe.

Until the status of the Hager and Bachtel cases is definitely determined I am requesting the authorities of Switzerland to ask the Germans to take no action.

My despatch number 6921 dated December 29, sent to the Department in microfilm number 38 reported the developments reported in the foregoing.

There follows a summary of a message to the Union of Orthodox Rabbis from Sternbuch - refers to Department's message dated March 25, number 1012.

From two hundred and thirty eight Jews interned in the American camp in Vittel, an urgent appeal has been received. Distinguished Rabbis who were saved a year ago by receiving various South American passports are included in this group. Paraguay and some states, but not others, recognized these passports. On the grounds that they possess merely accommodation passports and are not eligible for exchange these people on March 20 were isolated for deportation.

That most of the persons in this group were included in the U. S. War Department's exchange list was written by Schabes Frenkel of 115 Wilson Street in Brooklyn to his parents in Vittel. For a protecting power to officially inform the Germans that an exchange is being prepared for these people, is the only chance of saving them. Since all of these persons have veteran certificates and could go to Palestine from Lisbon they will be no burden to the United States in case the exchange is effected.

Consideration.
Consideration should also be given to the rescue of another few thousand (besides the Vittel group) of distinguished persons who are interned at Tittmoning and other camps. We have little news of them and have received no appeal.

A means of preventing deportation would be a few hundred Germans in Texas and their wives in Cuba who are awaiting exchange. The foregoing is number 5666 and it was signed by the following: Sternbuch, Vanda Hattala, Pines, Rubenfeld and Rosenbaum.

We have been advised that the representatives of the Jewish agency and the Agudath Israel in Switzerland might have such information as well as that regarding the holders of South American passports. ECONOMIC ADVISORY COMMITTEE FOR:

POLITICAL DEFENSE,

MONTEVIDEO, URUGUAY.

I have the honor to acknowledge Your Excellency's communication of May 31, transmitting to us a copy of the resolution adopted by the Committee on that date.

I note that this resolution proposes that the American Republics consider and intensify their efforts to rescue from Germany hundreds of thousands of oppressed minorities holding non-European documentation; that this be done by joint proposals to exchange German nationals from the American Republics for those persecuted groups, and that such exchanges can be achieved consistently with security considerations surrounding exchanges previously formulated by your Committee in the interest of hemisphere defense.

My Government will be most happy to participate actively in such an inter-American program. In company with some of its sister republics and other governments it has been giving intensive consideration to this problem. The direction and stimulus the Committee's resolution provides for the development of a joint program of large proportions is most welcome and is in line with those great humanitarian concepts for which the American Republics stand.

I extend to you and your distinguished colleagues the assurances of my highest consideration.

Department's secret/circular airgram May 21, 7:30 p.m.

In conversation at Foreign Office this morning Acting

Foreign Minister reiterated Venezuela's desire to be as
helpful as possible in matter of assisting in protection
of refugees in territory under German domination and
referred to information previously furnished by Foreign
Office and communicated to Department in my secret despatch
No. 5881, of May 9, 1944. I then informed the Ministry of
the urgency of representations in Madrid by his Government
supporting representations made by our own Embassy there on
the various aspects of the problem as previously explained
to the Venezuelan Foreign Office. The acting Foreign Minister
expressed his more sympathetic interest and
promised to give this matter urgent attention. I shall
continue to report developments.

Sir:

With reference to the Department’s secret airgram No. A-245 of May 2, 3:25 p.m., and to my secret airgram No. A-381, May 2, 3:13 p.m., I have the honor to enclose a copy and translation of a strictly confidential memorandum of May 8, 1944, which was just received from the Acting Minister for Foreign Affairs, confirming the information previously submitted by me regarding the favorable attitude of the Venezuelan Government in protecting the bearers of its passports in certain European areas. The enclosed copy of the memorandum cited reveals that the matter has been taken up through the Swiss Government which has been requested to make a telegraphic reply of the result, and adds certain information given by the Foreign Office to the Interdepartmental Committee for Refugees and to the Belgian Legation here. Further developments will be reported promptly to the Department.

No. 1358

Memorandum

The acting minister for foreign affairs has the honor to refer to the oral representation on April 15 last by his excellency the ambassador of the United States of America, concerning the bearers of Venezuelan passports resident in territory occupied by the Axis in Europe. Reference is also made to the strictly confidential memorandum addressed subsequently to the Chancery.

The ministry for foreign affairs has requested the Federal Political Department at Bern to express to the Foreign Government the firm hope that the passports of Venezuelan citizens will be respected, and any others issued by officials of the Venezuelan Government, whatever the religious beliefs of the bearers might be, when they reside in Germany or in territory occupied by the Axis. It was likewise communicated to it that the greatest importance is attributed to this statement and that it would be appreciated if the result of the representations would be communicated by cable.

Recently the Inter-Governmental Committee for Refugees presented to the Government of Venezuela a petition in favor of the Poles and other Europeans exposed to persecution of the Nazi authorities. The Committee was informed in reply that the competent Venezuelan authorities would not issue, during the war, certificates addressed to annual Venezuelan passports obtained exceptionally by persons in these circumstances.

Analogous assurances were given by the Chancery to the Belgian Legation in Caracas, in reply to an appeal for protection of Belgian citizens who might find themselves in the same situation.

Having memorized the contents of Department's airgram
of April 11, I took advantage of the first opportunity to
discuss these matters orally with the Venezuelan Foreign
Minister. I found him to be quite conversant with the situation
and in entire sympathy with our aims. Dr. Pire-Perez informed
me that he had already been approached on this subject by
representatives of the Refugee Committee in London and the
Belgium Government. He expressed approval of our desire to
initiate negotiations for exchange on the basis indicated and
promised full Venezuelan cooperation.

He said that he had received no inquiries through either
Spanish or Swiss channels as to the validity of Venezuelan
passports held by internees in occupied countries. He assured
me that his Government would not "invalidate" any such pass-
ports even though under the strict letter of Venezuelan law

He also promised me that his government would affirmatively approach the German Government through the protecting power with a demand that the rights of individuals holding Venezuelan passports or claiming citizenship on the basis of consular documents be respected.
