Distribution of Commercial Farms

Germany: 1939

The diagram illustrates the distribution of commercial farms in Germany. The size of the circles represents the number of farms in each region. Larger circles indicate a higher concentration of farms.

Legend:
- Green: Commercial Farms
- Orange: Other Agricultural Land

The table below provides the number of commercial farms by region in thousands:

### OCCUPATIONAL DISABILITY

Disability is a condition that limits what a person can do. It can be physical, mental, or both.

- **Physical** disabilities include conditions like paralysis, blindness, deafness, and arthritis.
- **Mental** disabilities include conditions like anxiety, depression, and schizophrenia.

Disabilities can affect a person's ability to work, and many people with disabilities are covered by the Americans with Disabilities Act (ADA).

The ADA protects people with disabilities from discrimination in employment, housing, public accommodations, and other areas.

In 2019, the ADA was amended to include a new category of disability, called "mental health disabilities." This expanded definition of disability is expected to benefit a large number of people with mental health conditions.

The change in the definition of disability is expected to have a significant impact on employment opportunities for people with mental health disabilities.

The new definition of disability is expected to make it easier for people with mental health disabilities to receive accommodations in the workplace.

In conclusion, the change in the definition of disability is expected to benefit a large number of people with mental health disabilities and make it easier for them to receive accommodations in the workplace.
