Programs with Respect to Relief and Rescue of Refugees: Cooperation with Other Agencies: Private Organizations

Measures Proposed to Board
I. A & B. Direct Appeal to Germany—A memo has been prepared on this question. More detailed suggestions by-passed pending decision on major issues.

C. Swedish request for 20,000 children—Our ambassador in Stockholm has been requested to bring this matter once more. (April 12) No reply has been received.

D. Sealed trains—Memo has been prepared with assistance of HIAS.—No further action.

E. Exchanges—Considered particularly with reference to holders of Latin American passports; also Palestine certificates.
   (1) An administrative suggestion only.
   (2) Special measures for exchange of rabbis, etc.—No action.
   (3) Consent of Latin American countries is being obtained for exchange on hemispheric basis.
   (4) This is being demanded specifically on behalf of those holding passports, as in (3) supra.
   (5) Dutch and Belgian—No specific action.
   (6) Shanghai—No Japanese exchanges now being planned.

II. Warnings to Germans and satellites.

A & B. President's statement of March 24, issued in spite of objections of British, coupled with propaganda pursuant to OWI directive, complies with this request.

B. (1) No action re trial of war criminals
(2) Memo from Pehle to State points out and regrets omission of Jews from Moscow declaration but a republishing of that declaration in amended form is not likely in view of probable British opposition and is probably not necessary in view of President's statement, supra.
(3) No list of war criminals has been published although requests have been beamed at Axis territory that records be kept of names of such persons, mostly for post-war use.

C. Propaganda methods 1-4, have been developed to varying degrees. 5-6 have not been specifically treated by OWI.

III. A. Satellite countries have been approached by various means re clemency to refugees and relaxing border controls.
   (1) Bulgaria has been contacted for this.
(2) Pressure is presently being exerted on Russia in this respect.
(3) Aid of Holy See solicited, but no approach made to
archbishops. (It is presumed that this refers to
the head of the Bulgarian church.)
(4) Some progress was made on this prior to Russian
invasion—present conditions unknown.
(5) In addition to the package program which antedates
formation of the Board and the $100,000 license
program, board and Red Cross have cooperated in
evacuation efforts in the Black Sea area but Red
Cross has declined to intervene in Hungary as
requested by Board, or to endeavor to procure
treatment for Jews equivalent to that accorded
prisoners of war.
(6) No formal negotiations have been attempted.

2. (1) This aspect has been stressed in all propaganda
efforts.
(2) Nothing directly on this.

V. No special representative for Hungary.

IV. As a general proposition, this has been a basic principle
in all neutral countries.

(1) Inquiry has been made to Switzerland on this
specific point.
(2) Considerable effort has been devoted to this
with marked success.

V. Temporary Refuge

(1) Sweden and Switzerland furnish their own camps,
while neither Spain nor Turkey are interested
in permitting the establishment of camps.
(2) 500 more Spanish Republicans are to be taken to
Mexico if board can procure transit visas from
State Department. There is some doubt that Cuba
would be a satisfactory refuge even if it were
willing to take refugees in. In response to
requests made to Canada that gov't has asked
the United States to admit 1000 Refugees now
in Canada.
(3) Cooperation of Britain and colonies has been
sought.
(4) Iran and Iraq have not been considered good
prospects, and program of evacuating Greeks,
Yugoslavs and others to Egypt appears to be
functioning well without our aid.
(5) Cooperation of Russia in receiving refugees has been requested through Herriman.
(6) Cooperation of armies in Italy is being urged, and Board's attaches have investigated possibilities, as has I.C.C., with which Board has consulted.
(7) Efforts have been made through the army in Italy and through I.C.C. to evacuate people in Yugoslavia generally, and Rab particularly; financial arrangements have been made tentatively. Russia is also being approached re evacuation of Jews found in territory taken over by it. It is understood, of course, that persons found in the Italian war zone are given care and shelter as Army advances. A similar problem may arise with the opening of western front, but this situation will be largely, if not entirely, in the hands of the military, perhaps followed up by UNRRA.

(8) The Hungarian program has been interrupted by recent developments, but the situation is being treated by all available means.

V. Permanent Settlement

a. Board has not and will not take a position re Palestine.

(1) Britain has agreed to issue all unused certificates.
(2) Hirschmann cut up much or red tape delaying issuance of certificates and no serious problem now exists here.
(2) Cooperation of United Nations has been requested, but not to this extent.

(3) United States immigration laws have been studied with eye to means of permitting entry to more refugees within limits of existing statutes, plus possibility of "free-ports". No serious consideration has been given to proposing a change in laws themselves; and no definite request along these lines has been made to other countries.
(4) Mexican visas have been obtained for 5000 Mexican Republicans. United States transit visas now needed.
(5) United States is committed definitely to grant 5000 such visas and other governments all over the world have been approached; some have already replied, affirmatively or otherwise.
VI. Underground Movements

A. This has been brought to the attention of French authorities on several occasions but not greatly stressed since primary emphasis was put on entry into Spain. The same can be said in a lesser way of other governments-in-exile. Yugoslavia appears to offer the greatest opportunities and more work along this line is being done there.

B. Foreign Attachés

1. None

2. None appointed specifically for Hungary.
(3) Done, except for Spain.

(4) Done in case of Switzerland, and being acted on in Spain.

C. Rescue of children

(1) This has been called to attention of Johnson, but no reply has been received.

(a) The board has committed itself fully.

(2) Done

(3) Vicary has been approached without success though many of the United Nations countries are still willing to perform.

(a) See supra.

D. (1) Attempts to procure such documentation have been made and Steinhardt has recently been asked to bring a test case before Turkish officials. (Cable No. 272 to Ankara, 3/28/44), but such documents have not proved necessary in bulk of cases.

(2) Very general suggestion—much work has been done along these general lines.

E. Transportation

(1) Major program under Steinhardt and Hirschmann—still in operation—most successful of board's projects.

(2) Considered in connection with (1) supra—negotiations now pending

(3) Attempts have been or are being made in each of the three countries.

(4) Nothing on first part of this, but negotiations for Swedish ship now nearing critical stage.

(5) Attempts have been made, particularly in Italy, but with poor results. Camp Lyon also involves some cooperation and use of facilities.

(6) Nothing—highly doubtful if feasible.

(7) Matter of aid to United States citizens stranded abroad has been referred to State Department—no other cases brought to attention of Board.
VII. Diplomatic Aid

A. (1) Major project still under way.
   (2) Another major project, but with most emphasis on first part.
   (3) The Board has discussed this with Emerson of IRC and urged action by that organization.
   (4) See (3). supra. Clowenstaff, as Friends representative in Spain, is recognized in a semi-official way, as Ambassador for the "Stateless" and as such issues a locally valid certificate supposed to be recognized also in North Africa.
   (5) This has been pressed with IRC, but that organization has refused, to date, to cooperate.
   (6) This is essentially the Latin American situation, and a similar approach has been urged in the case of alleged Turks in France and Sephardic Jews in Greece and elsewhere.
   (7) See (5) supra.
   (8) We have not directly attacked the blockade policy, although many of the relief measures sponsored by the Board have breached it to a certain extent, in some cases over objections of the Board. Recent cable to London (3953, 5/18) proposes a specific relief program involving lifting blockade on stated terms in case of each of five neutrals.
   (9) See (5) supra
   (10) " " "

B. Mass Feeding, etc.
   (1) The matter has been taken over by the Board
   (2) Some progress has been made along this line through granting of licenses to various agencies.
   (3) Nothing done--dependent on a recognition of Jews as prisoners of war.
   (4) The Board has investigated this problem and considered possible sources.
(5) Numerous licenses have been granted for this purpose at request of Board.

(6) This is a matter for private agencies.

(7) Same as (6) supra.

(9) Propaganda beamed to satellite and enemy countries has urged similar action.

(10) Matter for private agencies.

(11) For attention of Army, Amcot or UNRAA. Board has taken no action.

(12) Such requests have been made.

(13) Swiss are willing to expand this program, but enemy will not permit children to take advantage of offer.

(14) No action.

(15) License granted permitting authority to be called to Shanghai to borrow this amount.

VIII. Implementing Activities.

A. (1) No action.

(2) Requested on several occasions.

(3) The rehabilitated IGO, after the Bermuda Conference, was supposed to meet this request.

(4) Burden largely on United States and Great Britain.

(5) Done.

(6) No specific action.

B. (1)-(5) No action—Financing program adequate to date.

(6) This is being done.

C. (1) Suggestions requested and received: Dexter in Portugal has requested reports from field agents, and close collaboration by principle American organizations is encouraged by the Board in this country.
(3) Done, except for latter point; Whose funds are dispensed directly, when private funds insufficient or lacking.

(4) Work in a supervisory capacity, coordinating efforts

(5) No action.

D. (1) Done under license.

(2) Expedited in several instances.

(3) No action.

(4) See (2) supra

(5) State Department facilities made available; policy barring sending of names has now been relaxed. (A-30 to Istanbul, 5/23)

(6) Leases expedited by use of government facilities. Censorship apparently prefers clearance by Board.

(7) No action.
Measures Proposed by Various Private Organizations for Assisting the Work of the War Refugee Board.

(Supplement to outline of suggestions)

For the most part the private organizations contacted by the Board's circular letter and who replied thereto offered to collaborate with the Board in the most general terms, and expressed a desire to have the Board call upon them in any matters in which they could be of service. Others have programs which more or less extensively parallel that of the Board itself and the suggestions they submitted do not as a rule distinguish between what they themselves plan to do, what they are suggesting for the Board, and what fields, if any, are specifically designated for joint operation.

The following suggestions were more specific, and indicate the special fields in which the particular organizations operate principally:

1) Refugee Economic Corporation offers full advice on the subject of the location and suitability of havens, either temporary or permanent, including reports on political, geographical, and transportation difficulties.

2) United Palestine Appeal is particularly active in promoting enterprises designed to increase the capacity of Palestine.

3) The National Council of Jewish Women would concentrate on caring for refugees reaching this country.

4) The American Friends Service Committee proposes to represent stateless refugees and to supervise Civilian Public Service personnel in the administration of refugee camps.

5) Fauke Zion organization has extensive underground connections, and is actively engaged in that field.

6) The Coordinating Council of French Relief Society, Inc. is engaged in aiding French refugees and has been sending supplies to Spain for such persons.

7) National American Denmark Association raises funds and collects clothing for needy Danish refugees in Sweden and in Denmark itself.

8) The Greek War Relief Association, Inc. is interested exclusively in the welfare of Greeks who have fled from Greece and are located in camps in the Middle East.
While most of the larger organizations offered in general terms the cooperation of their personnel abroad, a few specifically designated either persons or fields of operation. Those countries in which the Board has its own representation are not included in this outline, although most of the larger organizations are also well represented there.

Among other places, J.D.C. has representatives in Palestine, Iran, Cairo, and Central and South America.

Vaad Hahatsala is represented in Palestine, Iran, and South Africa.

HIAS and OSE have underground contacts through their recognized European agencies, in Rumania, Yugoslavia, France, Poland, and German-occupied Italy.
