NEW YORK

Dear Lucy

I think you may be interested to know of my latest venture — I have bought Georgia Warm Springs, on the "restaurant plan"! And am busily engaged in its development — The chief feature is of course the spring itself which I am convinced has great possibilities for the treatment of infantile paralysis — They have never had any doctors there in the past, & need the orthopedic instruction will experience an experimental period there this summer with about thirty patients — If

the report is favorable we shall get
facilities to take care of a lot more
cases — and as there are over 100,000
children & others who ~~not~~ need treat-
ment it might be very much need-
ed. My own legs continued to pain
there this year & on June 16 I go
to Marion Ills to take further
exercises, though I will be back
in N.Y. once or twice to go to the
office. Between now & the 16th I
am in N.Y. trying to catch up
for lost time.

Disappointed by the negotiations of
the Boy Scout Committee with the

Kittredges is still going on — I
Enclose the latest reports of the
Committee —, but have not had
Time since getting back last week
To see any of the Court people.

It was so nice to hear
about you all at Hotel from
Lily Davis — how as you know
is the married pair — present
preparations are in progress — I wish
You knew the child — she is really
a dear fine fellow. I am hoping
To be in Curtis Hall the new son-
in-law — Doesn't that sound
Ancient! —— I suppose you

like back at Albuquerque for the
Democrats —

Very sincerely yours

Dear Lucy –

I don't know Mr. Kittredge's address and hope you will be able to get him a message – The Bay Scout purchase is definitely off – we couldn't afford his price! But I am also chairman of the Taconic State Park Commission which is to build a parkway north through Putnam County. Our engineer has worked two or three different lines, one of which would pass through the Kittredge place. We expect to get most of the land for the right

of may by gift in a very low figure because the Parkway will greatly increase the accessibility & value of the adjoining land. I have asked Vanderbilt Webb & Mrs. Gittings about the whole matter.

I am just off for Warm Springs for seven days - it will be a hot hot, but I think on hot it also helps the legs, & I hope to find the 30 patients, mostly children making great progress down there. The faithful L. Howe goes with me.

I hope all goes well with you.

Very sincerely yours,

Franklin D Roosevelt

P.S. Did that terrible explosion reach as far as Allamuchy?

Dear Lucy -

Thank you ever so much for the information about Mr. Swaney - it is as I found in regard to the quality of his food & his ability to get on with people - He must be somewhat out of my friend's picture -

I am making a very strenuous ten days with the President & other officers of the Fidelity & Deposit Co. - Toledo, Detroit, Milwaukee, Chicago & St Louis - one & two days in each place to look over our branch offices & encourage business - I date it is out of them - with

luncheons + dinners + receptions - but
I had to do it as I have done
with the three past few years &
earn my salary - and I need
the latter! I got back to
N.Y. on Monday + will be there
(except week ends at H.P.) till I
leave for the Hawaiian convention
on June 19th - I am stopping
off at Warm Springs on the way
there for a couple of days +
again on the way back, just
to see how everything is going +
to start plans for our next
winter swimming pool -

The convention will be a

Terrific work (not longer I hope) & I fear I am in for the nominating speech again - but after it is all over I hope for a comparatively quiet summer - Smith will almost certainly be nominated & will make a strong run. Though of course the country is normally strongly Republican -

Did you have a cold wet spring at Bitter? With us at N.S. it poured most of the time & the building operations were much delayed - I will send you some print-shots of the new cottages when I go back there - They are very

small + simple - cost only about
$4,000 each - + I am thinking of
becoming an architect + contractor
+ house furnisher - it's great fun -
even in Georgia where Lacryma is
highly insufficient -
I do hope all of you are well

Sincerely yours.

Dear Lucy –

What a shame that you have had such a very hospitality summer – and I am only glad that your invalids are all mending I had never even heard of La Bauer Health but perhaps it is the thing to do & make a "health resort" A panacea for every variety of ailment & that Warm Springs would more quickly become notorious if I were to adopt the idea – You can take comfort though in the fact that we over here have also had a thoroughly wet summer – indeed only ten days ago in Dutchess County all the Creeks overflowed as never before in history & carried away bridges & houses.

We have been at Hyde Park all the time, except for my mid-week visits to N.Y. to save my salary and the children's trips to Campobello etc — Next week Elsie & I go to Warm Springs, & return to N.Y. Oct 9th to give a welcoming party to Tom Lea Black who returns with his two Dutch aviators after flying from Holland to Java & back.

Then about Oct 20th I return to Warm Springs for a month or six weeks as I suppose it is worth while to go on with the thing that is more than any other treatment bringing back the leg muscles. The greater part of the Country is in the midst of another epidemic of infantile paralysis I am sorry to say - a great many

cases in N.Y. & N.J. though not
I think out near Allaunchy – Ind
Ohio & Kentucky & Texas all have bad
outbreaks – We have 40 patients
at Warm Springs & many more applications
than we have money to take care of –
The "campaign" for funds progresses
slowly, but it seems to take weeks
to beg even a few thousand dollars,
& I loathe the thought of this begging
& will never succeed as a professional
money raiser – If in the next
few years I can put the Warm
Springs treatment on a permanent &
satisfactory basis I shall never again

let my enthusiasm run away with me – but shall settle down into a life of leisure! But by that time it will probably be the Poor House –

I do hope that by this time your invalids are well again – that your past few weeks will be free from worries – and too that you will have a good trip home – Give any thought of yourself – It means I hope that you have been well – really well –

Sincerely yours
Franklin D Roosevelt

P. S. Thanks so much for the grand little dentist's name – I can't go there till I come back from W.S. as I have only two days in N.Y. before I go Sunth
