To The Grotto to Peace - Henry Van Dyke

To be glad of life, because it gives you the
 chance to love & to work & to play & to look up at
 the stars, & to be satisfied with your possessions,
 but not oriented with greed until you have
 made the best of them; & despise nothing in the world
 except falsehood & meanness, & to feel nothing except
 cowardice; & to be governed by your admiration
 rather than by your disgusts, to trust nothing
 that is your neighbor except his kindness of
 heart & gentleness of manners; & to hate
 seldom & by your enemies, after your friends &
 every day of Christ; & to spend as much time

Truly
 Yours

EXECUTIVE MANSION
ALBANY, NEW YORK

Dear Miss Tully:

Will you please file and answer the enclosed things?

I had a telegram from the Governor saying that they had all arrived safely and his mother had a wire also and is going down on Sunday night to be with him for a week. None of us have had any letters as yet.

I would like you to forward my mail just the same next week as I shall be back on Sunday night from Washington and can do it on Monday with Miss Thompson, whereas if I wait until I get to Albany Thursday night, *the* accumulation will be something terrible.

I understood from the Governor that Mr. Bell was not going to do any movies for us after the first of May but that Mr. Mahoney said he could get a special operator anytime we wished. Perhaps Mr. Bell is doing it on this basis. If so that is quite alright but be sure to speak to Mr. Mahoney about it as I do not want to ask any favors of Mr. Bell or in any way disturb the Governor's plans.

Mr. Howe will be up next week, probably on Wednesday though I will let you know definitely later. I think his daughter, Mrs. Baker and her baby may come to the Mansion on Thursday the second of May, and stay a week or two. I will let you know this definitely later also but if they come I want them to be put in the nursery. She will not have a nurse with her so I will write to Mary to ask her to help in any way she can.

EXECUTIVE MANSION

ALBANY, NEW YORK

Mrs. Leach and Miss Ely and eight girls will arrive Friday the 3rd and I will wire you on what train they are coming and William is going up on the second and I want him to meet them at the station. I have asked Mrs. Herbert Lehman to be hostess at tea on the afternoon of the 4th and I have asked Mrs. Leach to get in touch with Mrs. Lehman when she arrives. Please be there that afternoon and see if you can help Mrs. Leach or Miss Ely in any way in getting numbers for them or making any arrangements.

Could you send me the names of some capable business and professional women in the Women's City Club in Albany? I have an idea that there is no business and professional women's club there in Albany and the Altrusa Club is anxious to find some one who would like to start a branch. If you can get these names I shall be very grateful.

Will you ask the executive office to send two or three of the Governor's photos to Mr. W. A. Wolff, 119 East 57th Street, New York, N.Y. He wishes to do a miniature and as he seems very anxious will you ask them to send the pictures as soon as possible?

Dear Tully:

I hope you will understand all the notes which I am sending you. I am enclosing my milage ticket. If you want to come down on Friday the 5th, do so but be at the house on the 7th. You can call up and find out what time my train arrives so that if there is anything of the Governor's or my own, you can take it before you go back to Albany. If you prefer you can come down with Snyder that morning and use my milage ticket to go back, ^{on Tuesday or Wed -} and this would save the fare one way which probably would be wise. However, do whichever you think best.

✓ I want the frames for the pictures to be close around them - no mats. \$2.50 is enough to pay or even less - I want a very simple wood frame - merely an edge.

✓ Has a little box come with two marionette figures? If so, please send it to Warm Springs. I want to show them to Mrs. Carpenter.

✓ Write straight to Betsy in Cambridge for the clippings.

✓ Also please send the Governor the Poughkeepsie papers and anything which you think I would like to read while I am away.

✓ Please get from Whitehead a list of all the people belonging to the Mansion who will come to the Christmas Party - that is, wives and children so I shall have a general idea of how many presents to have for the children and grown ups. Also how many of the staff do I give Christmas presents to - that is how many are there ^{their names?}

✓ Will you call the mill and find out how much I shall send you a check for? Will you send to Miss Thompson the full name and address of Mr. Reisley?

✓ Also will you go to one of the furniture shops or hardware shops and price the baby sleeping things - they are made of fine screening and have a top and are on wheels - I think they are called Kiddie Kooos. Do not order it until I hear from you about the price.

Please ask Mary to send Franklin, Junior's skates and boots to school.

This seems like a tremendous lot of work but it is all necessary.

Affectionately,

E.P.

Dear Tully, Put this memo in with the other similar
ones' Look in the 2^d left hand drawer of my desk & you
will find a brown envelope with some letters all prepared
for Polky & send them - He said he was ready for
Miss White -

It is a nice day & everyone is busy typing, writing,
card playing etc. I am in bed & coughing & sneezing
& I've just finished the article for Miss Mrs. Pennington
I'm sending it to Miss Thompson as I want to go
back on Sunday & get it off -

Be sure the heat set & Monday Snyder has
enough business lunch for everyone & if you want
to go along either time & take your weather there would
be work for though I told him he could take her home
the other baby can sit in front with him -
My love to you,

ETP
